1649 75 The third was the Friends migration the Quakers from the North Midlands and Wales to the Delaware Valley ca 1675
1725 The fourth was a great flight from the borderlands of North Britain and northern Ireland to the American backcountry
ca 1717 75 Fischer argues that these folkways have dominated national politics from 1789 to the present and that they still
control attitudes towards education government gender violence and much more **Journal of the Franklin Institute**
