Albuquerque Remembered:

Buried Treasures Richard Melzer, 2007 Melzer offers an impressive new book about famous New Mexico gravesites usually the only monuments left to honor the human treasures who helped shape state national and often international history *Good Time Girls of Arizona and New Mexico* Jan MacKell Collins, 2019-08-21 As settlements and civilization moved West to follow the lure of mineral wealth and the trade of the Santa Fe Trail prostitution grew and flourished within the mining camps small towns and cities of the nineteenth century Southwest Whether escaping a bad home life lured by false advertising or seeking to subsidize their income thousands of women chose or were forced to enter an industry where they faced segregation and persecution fines and jailing and battled the other hazards of their profession Some dreamed of escape through marriage or retirement and some became infamous and even successful but more often found relief only in death An integral part of western history the stories of these women continue to fascinate readers and captivate the minds of historians today Arizona and New Mexico each had their share of working girls and madams like Sara Bowman and Dona Tules who remain notorious celebrities in the annals of history but Collins also includes the stories of lesser known women whose roles in this illicit trade help shape our understanding of the American West **Albuquerque's Huning Castle Neighborhoods** Jane Mahoney, 2013 As a 21 year old German immigrant Franz Huning could not have envisioned his future in New Mexico when in 1849 he signed on as a bull whacker for a wagon train heading down the Santa Fe Trail From his beginnings as a clerk in Albuquerque s Old Town Huning s entrepreneurial talents flourished over the next half century He took on the roles of merchant flour mill operator and land speculator helping to secure Albuquerque as a division point with a depot offices and major repair shops for the Atchison Topeka Santa Fe Railway Huning s 700 acre estate home to the once legendary but now demolished Castle Huning fronted Albuquerque s main thoroughfare midway between Old Town and the bustling new downtown one mile east It was a front row seat to the city s development after the flood prone Rio Grande was stabilized Huning s former estate is now home to fine diverse homes near the Albuquerque Country Club as well as historic Route 66 Tingley Beach the zoo the Little Theatre and a Christmas Eve luminaria tradition **Red Light Women of the Rocky Mountains** Jan MacKell Collins, 2009 These profiles of the soiled doves who plied the oldest trade in the Rocky Mountains explain many of the facts of life in the nineteenth and twentieth century West **Borders of Violence and Justice** Brian D. Behnken, 2022-10-07 Brian Behnken offers a sweeping examination of the interactions between Mexican origin people and law enforcement both legally codified police agencies and extralegal justice across the U S Southwest especially Arizona California New Mexico and Texas from the 1830s to the 1930s Representing a broad colonial regime police agencies and extralegal groups policed and controlled Mexican origin people to maintain state and racial power in the region treating Mexicans and Mexican Americans as a foreign population that they deemed suspect and undesirable White Americans justified these perceptions and the acts of violence that they spawned with racist assumptions about the

criminality of Mexican origin people but Behnken details the many ways Mexicans and Mexican Americans responded to violence including the formation of self defense groups and advocacy organizations Others became police officers vowing to protect Mexican origin people from within the ranks of law enforcement Mexican Americans also pushed state and territorial governments to professionalize law enforcement to halt abuse The long history of the border region between the United States and Mexico has been one marked by periodic violence but Behnken shows us in unsparing detail how Mexicans and Mexican Americans refused to stand idly by in the face of relentless assault

Congress. House. Committee on Interior and Insular Affairs, 1960 *Hearings* United States. Congress. House, 1960 **Remembering Conquest** Omar Valerio-Jiménez, 2024-04-10 This book analyzes the ways collective memories of the US Mexico War have shaped Mexican Americans civil rights struggles over several generations As the first Latinx people incorporated into the nation Mexican Americans were offered US citizenship by the Treaty of Guadalupe Hidalgo which ended the war Because the 1790 Naturalization Act declared whites solely eligible for citizenship the treaty pronounced Mexican Americans to be legally

white While their incorporation as citizens appeared as progress towards racial justice and the electorate's diversification their second class citizenship demonstrated a retrenchment in racial progress Over several generations civil rights activists summoned conquest memories to link Mexican Americans poverty electoral disenfranchisement low educational attainment and health disparities to structural and institutional inequalities resulting from racial retrenchments Activists also recalled the treaty's citizenship guarantees to push for property rights protection from vigilante attacks and educational reform Omar Valerio Jimenez addresses the politics of memory by exploring how succeeding generations reinforced or modified earlier memories of conquest according to their contemporary social and political contexts The book also examines collective memories in the US and Mexico to illustrate transnational influences on Mexican Americans and to demonstrate how community and national memories can be used strategically to advance political agendas
