Alcoholism Treatment A Social Work Perspective

Sarah Gehlert, Teri Browne

Alcoholism Treatment A Social Work Perspective:

Theory & Practice in Clinical Social Work Jerrold R. Brandell, 2010-02-16 Today's clinical social workers face a spectrum of social issues and problems of a scope and severity hardly imagined just a few years ago and an ever widening domain of responsibility to overcome them. Theory and Practice in Clinical Social Work is the authoritative handbook for social work clinicians and graduate social work students that keeps pace with rapid social changes and presents carefully devised methods, models, and techniques for responding to the needs of an increasingly diverse clientele. Following an overview of the principal frameworks for clinical practice including systems theory, behavioral and cognitive theories, psychoanalytic theory, and neurobiological theory, the book goes on to present the major social crises, problems, and new populations the social work clinician confronts each day. Theory and Practice in Clinical Social Work includes 29 original chapters, many with carefully crafted and detailed clinical illustrations by leading social work scholars and master clinicians who represent the widest variety of clinical orientations and specializations. Collectively, these leading authors have treated nearly every conceivable clinical population in virtually every practice context using a full array of treatment approaches and modalities. Included in this volume are chapters on practice with adults and children, clinical social work with adolescents, family therapy, and children's treatment groups. Other chapters focus on social work with communities affected by disasters and terrorism, clinical case management, cross-cultural clinical practice, psychopharmacology, practice with older adults, and mourning and loss. The extraordinary breadth of coverage will make this book an essential source of information for students in advanced practice courses and practicing social workers alike.

Addiction, Assessment, and Treatment with Adolescents, Adults, and Families M. Carolyn Hilarski, 2013-04-15 Time-effective intervention and prevention tools for dealing with addiction. Addiction, Assessment, and Treatment with Adolescents, Adults, and Families examines addiction concerns ranging from prevention to relapse, offering effective intervention techniques and assessment tools to ensure delivery of the best possible service to clients who represent a variety of populations and mental health issues. Leading addiction researchers address new developments in theory, methodology, treatment, and assessment on counselor beliefs, contingency management, group treatment, rapid assessment instruments, behavioral couples therapy, BCT, family-based intervention, motivational interviewing, and 12-step programs, and faith-based recovery. This essential professional and academic resource presents case studies, reviews, research findings, and empirical papers that offer unique perspectives on a variety of topics including evidenced-based practice, theory of reasoned action, harm reduction, juvenile justice, and treatment outcomes. Addiction, Assessment, and Treatment with Adolescents, Adults, and Families presents sophisticated, cutting-edge theory and practice concepts that provide professionals, practitioners, and educators with a more varied focus than most current available books on addiction. Counselors working in mental health settings and EAP programs, psychiatric nurses working in hospitals and outpatient settings, social workers, and students pursuing degrees in social work, nursing, psychology, and criminal justice will benefit.

from the book's wide range of appropriate addiction treatment and prevention methodologies Topics addressed in *Addiction Assessment and Treatment with Adolescents Adults and Families* include understanding the gap between research and practice in substance abuse counseling prevalence and patterns of illicit drug use among juvenile offenders the relationship between the reported substance abuse of African American and Hispanic youth and their perceived attachments with their primary caregivers using a harm reduction approach to the evaluation of treatment outcomes using a nonconfrontational approach to substance abuse counseling when addressing client denial why contingency management interventions are underutilized especially in community settings how to determine if and when Motivational Interviewing MI and Adapted Motivational Interviewing AMI are effective how to use nonabstinence based prevention services in working with adolescents how to use and score the K6 scale to screen serious mental illnesses how to use Receiver Operating Characteristics analysis to evaluate rapid assessment instruments *Addiction Assessment and Treatment with Adolescents Adults and Families* is a vital professional resource and an invaluable aid to adults adolescents and families of anyone suffering with some level of addiction

International Aspects of Social Work Practice in the Addictions Shulamith L A Straussner, Larry Harrison, 2014-06-03 Examine the worldwide phenomenon of substance abuse and addiction *International Aspects of Social Work Practice in the Addictions* examines current social work practice in the addictions around the world Researchers and practitioners address the abuse of and addiction to alcohol and other drugs and the current policies impacting the treatment of these substances in different countries The book looks at the substances abused the scope of the problems the social reactions the treatment approaches and the role of professionals in addressing issues unique to each country providing a more critical understanding of the socioeconomic and cultural influences on treatment systems *International Aspects of Social Work Practice in the Addictions* presents cross cultural perspectives on the effects of substance abuse and addiction on social policies institutional practices sources of funding and social work methods The book examines the rapid social changes that go hand in hand with increased rates of psychoactive substance problems and recognizes addiction as a complex biopsychosocial phenomenon that responds to intervention The countries represented by the book's contributors include Israel Ireland Germany Australia Singapore the Netherlands the United Kingdom the former Soviet Union and the United States *International Aspects of Social Work Practice in the Addictions* also includes book reviews related to cultural issues and a roundtable discussion concerning the legalization of drugs with perspectives from Australia the United Kingdom and the United States This unique book is a vital resource for clinicians academics and researchers

[Encyclopedia of Social Work](#), 1965

[Social Work in Health Settings](#) Judith L.M. McCoyd, Jessica Euna Lee, Toba Schwaber Kerson, 2022-12-27 This fully revised and expanded fifth edition of *Social Work in Health Settings Practice in Context* maintains its use of the Practice in Context PiC decision making framework to explore a wide range of social work services in healthcare settings The PiC is updated in this edition to attend to social determinants of health and structural conditions The

PiC framework is applied in over 30 case chapters to reflect varied health and social care settings with multiple populations Fully updated to reflect the landscape of healthcare provision in the US since the Affordable Care Act was reaffirmed in 2020 the cases are grounded by primer chapters to illustrate the necessary decisional and foundational skills for best practices in social work in health settings The cases cover micro through macro level work with individuals families groups and communities across the life course The PiC framework helps maintain focus on each of the practice decisions a social worker must make when working with a variety of clients including military veterans refugees LGBTQ clients The ideal textbook for social work in healthcare and clinical social work classes this thought provoking volume thoroughly integrates social work theory and practice and provides an excellent opportunity for understanding particular techniques and interventions

ELDERLY ALCOHOLISM Michael Beechem, 2002-01-01 This text is the first of its kind to substantively integrate alcoholism aging and grief theories into an easy to understand format for interdisciplinary undergraduate and graduate students in the behavioral and physical sciences Written to prepare students in working with an elderly clientele the reader is provided with elder specific practice methodology derived from experiential and theoretical content Chapters 1 through 4 alert the readers to the nature of elderly alcoholism and accompanying aging theories Chapter 5 underscores the challenges faced by professionals in identifying elderly alcoholism because the symptoms often mimic other diseases namely acute dementia Chapter 6 is a comprehensive study of elder specific populations including people of color lesbians gays and the homeless Chapters 7 through 13 are essentially practice intervention chapters that include in depth discussions of such issues as strategies to encourage elderly alcoholics to enter treatment practice values and attitudes intervention strategies spirituality relapse and suicide prevention strategies Also provided are on site interviews with professional counselors at elder specific alcoholism treatment programs and summaries of these interviews appear in Chapter 13 as well as actual case studies Each chapter includes study questions the glossary of terms and a comprehensive bibliography of research specific to the issues This book will also be useful to professionals who provide services to an elderly population including nurses physicians social workers and alcoholism counselors

Alcoholism in Perspective Marcus Grant, Paul Gwinner, 2023-12-01 In the 1970s an important change of emphasis had occurred in the field of alcoholism Instead of seeing alcoholism as an all or none phenomenon it was now recognised that a continuum of alcohol problems existed so that individual cases could show different degrees of dependence and different degrees of harm Originally published in 1979 this book examines the implications of this change of emphasis It looks at definitional aetiological epidemiological and socio cultural questions and contains contributions from acknowledged experts in all of these areas The scientific evidence in each area is fully reviewed and made comprehensible to the non specialist reader and similarities between trends in thinking in different fields are emphasised In addition the book analyses the implications of the modern view of alcohol problems in terms of their theoretical basis and their practical application A rational and pragmatic approach to the problems of working with

alcoholics is analysed in some detail so that the links between new ideas and their manifestation in clinical practice are made clear At the time this book represented a multi disciplinary approach to a complex problem where previous thinking had been clouded by too ready acceptance of untested hypotheses **Alcoholism Treatment** Katherine S. van Wormer,1995

Provides a comprehensive discussion of the context of social work practice in alcoholism treatment aspects of addiction from biology to psychology and social work practice with the alcoholic client Each of the 11 chapters provides a summary or conclusion and review questions Annotation copyright by Book News Inc Portland OR *Adult Psychopathology* Francis Joseph Turner,1984 *Handbook of Clinical Sociology* Howard M. Rebach,John G. Bruhn,2012-12-06 Clinical sociology is an

action oriented field that seeks to prevent reduce or resolve the seemingly overwhelming number of social problems confronting modern society In an extensive revision of the first edition of this classic text and reference published by Plenum in 1990 the editors have assembled a distinguished roster of contributors to address such topics as theory and practice intervention at various levels of social organization specific kinds of sociological practice social problems and the process of becoming a clinical sociologist **Alcohol Problems: Practice Interventions: Oxford Bibliographies Online Research Guide** Oxford University Press,2010-05-01 This ebook is a selective guide designed to help scholars and students of social

work find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related A reader will discover for instance the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic In social work as in other disciplines researchers at all levels are drowning in potentially useful scholarly information and this guide has been created as a tool for cutting through that material to find the exact source you need This ebook is a static version of an article from Oxford Bibliographies Online Social Work a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study and practice of social work Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit www.aboutobo.com

Human Behavior and the Social Environment, Macro Level Katherine van Wormer,Fred H. Besthorn,2010-10-11 A timely revision in this global age Human Behavior and the Social Environment Macro Level develops a sophisticated and original view of the cultural global spiritual and natural worlds that people inhabit and the impact of these worlds on human behavior Its major new theme sustainability emerges as a key characteristic of contemporary practice What is sustainable social work What are the characteristics of a sustainable community How is the present exploitation of environmental resources unsustainable for future generations Following the greatest economic upheaval since the Great Depression how

can we envision a sustainable economy that will benefit all the people not only the wealthy few Human behavior results from biological psychological socio economic and cultural forces but the mental health field has placed the most emphasis on intrapsychic factors to the near exclusion of socio economic and cultural considerations This significant collaboration seeks to correct this omission by helping students recognize patterns in the family culture and value systems in order to create safe and sustainable environments for their future clients The emphasis on sustainable and unsustainable social welfare programs is geared to helping readers engage in advocacy for social justice Integrates up to date research findings models and government statistics Enhanced discussions of theory group dynamics family community and the environment Theoretical concepts and practice implications in each chapter Highlights the importance of the natural environment and ecology the community of the earth to human and group behavior Sets forth a refined understanding of the role of spirituality the community of faith in people s lives Focuses on evidence based theory and research Teaches from a global cross cultural perspective highlighting themes of empowerment and social justice Features dynamic readings personal narratives and photographs that highlight each chapter s topic Accompanied by an online instructor s manual with lecture presentations chapter summaries key terms suggested classroom activities and a test bank with essay and multiple choice questions at www.oup.com/us/HBSE Don t miss the companion volume Human Behavior and the Social Environment Micro Level Second Edition which offers an eye opening view of how biological psychological and cultural forces influence individuals behavior

Social Work Treatment Francis J. Turner, 2011-03-15 First published in 1974 *Social Work Treatment* remains the most popular and trusted compendium of theories available to social work students and practitioners It explores the full range of theoretical approaches that drive social work treatment and knowledge development from psychoanalysis to crisis intervention This treasure trove of practice knowledge equips professionals with a broad array of theoretical approaches each of which shine a spotlight on a different aspect of the human condition Emphasizing the importance of a broad based theoretical approach to practice it helps the reader avoid the pitfalls of becoming overly identified with a narrow focus that limits their understanding of clients and their contexts This sweeping overview of the field untangles the increasingly complex problems ideologies and value sets that define contemporary social work practice The result is an essential A to Z reference that charts the full range of theoretical approaches available to social workers regardless of their setting or specialty

International Perspectives on Disability Services Francis K. O. Yuen, 2003 Learn how to include multiculturalism in disability related social work *International Perspectives on Disability Services* The Same but Different presents different cultural and societal contexts on services for people with disabilities This book covers a range of topics on disabilities related to physical status emotional conditions and community settings This useful introductory reference will help you develop culturally sensitive disability services both locally and overseas and it will promote better understanding of people with disabilities This book is a unique examination of services for people with disabilities as they exist in several countries Until

recently cultural context was used to describe race or ethnicity but this innovative text recognizes people with disabilities as a worldwide community that is advocating for equality and respect International Perspectives on Disability Services focuses on the need for human and social services that endorse capability and empowerment promoting the person rather than the disability In International Perspectives on Disability Services you ll learn about using the term culture to describe the community of people with disabilities how cultural sensitivity and competency can be applied to the disability culture the dynamics of a transcultural relationship between psychotherapist and deaf or hard of hearing individuals the recent development in aphasia treatment Life Participation Approach to Aphasia LPAA and the international perspective of communication therapy a comparison of attitudes among social work students in the United States and Japan toward people with disabilities people with disabilities are not yet integrated into Japanese society but both groups showed room for needed improvement a comparison of disability related services and experiences in the United States and in Germany child raising leave child raising money and Kindergeld child money helps support parents financially for the first few years but the United States has more options for integrated schooling later in life Hong Kong s 25 year old objective to encourage community integration and normalization for people with disabilities to live in the community the primary support network of family community leaders and shaman for people with disabilities among Hmong Americans in Northern California The informative reports research findings case studies and international comparisons offer new directions for human service professionals and students to help them better meet the social psychological and cultural needs of people with disabilities International Perspectives on Disability Services provides clear cut evidence that disability oriented social workers need to improve their perspectives as the disability culture gains momentum as a social entity This book is a must read for anyone who works or provides disability related services as well as for people with disabilities who need more information on other countries services

Clinical Work with Substance-Abusing Clients, Second Edition Shulamith Lala Ashenberg

Straussner,2004-08-31 This widely adopted text offers practical guidance for working with substance abusers and their families in a variety of clinical contexts Expert contributors present major assessment and treatment approaches together with detailed recommendations for intervening with specific substances and meeting the needs of different populations Throughout helpful case vignettes illustrate how to translate the ideas presented into practice and overcome common stumbling blocks Practitioners and students will find all the information needed to stay current in the field in this authoritative comprehensive and highly accessible work

Ethnocultural Factors in Substance Abuse Treatment

Shulamith Lala Ashenberg Straussner,2012-04-23 This book presents a culturally informed framework for understanding and treating substance abuse problems From expert contributors chapters cover specific ethnocultural groups in the United States including Americans of African Native American Latino European Middle Eastern and Asian descent Authors examine how ethnocultural factors may affect a person s attitudes toward alcohol and other drugs patterns of substance use reasons

for seeking treatment and responsiveness to various interventions Themes addressed include the impact of migration and acculturation issues spiritual values and traditions family structures gender roles and experiences of prejudice and discrimination Featuring a wealth of illustrative clinical material the book makes concrete recommendations for more competent effective assessment and intervention It also guides clinicians toward greater awareness of the ways their own ethnocultural backgrounds may affect their interactions with clients An Entrepreneurial Approach to Funding Social Services ,1992 **The Empowerment Approach to Social Work Practice** Judith A. B. Lee,2001-03-07 First published in 1994 this book was hailed as a cutting edge theory driven report from the front line trenches in the battle for social justice Both clinical and community oriented and written from a global perspective it presents clients speaking for themselves alongside reports of prominent social work educators This new edition puts greater emphasis on how to skills in working with people toward their own empowerment and stresses multiculturalism A new chapter identifies worldwide issues of oppression such as abuse of women and children and neglect of the mentally ill Handbook of Health Social Work Sarah Gehlert,Teri Browne,2011-11-08 Praise for HANDBOOK of HEALTH SOCIAL WORK SECOND EDITION Handbook of Health Social Work Second Edition is a crucial addition for seasoned practitioners libraries as well as an essential foundation for fledgling social workers ready to enter health as a practice and research area From the Foreword by Suzanne Heurtin Roberts U S Department of Health and Human Services The book s strengths include the high quality of writing and the expertise of its contributors It covers the field of health social work in significant depth and is sure to leave readers well informed Mary Sormanti PhD MSW Associate Professor of Professional Practice Columbia University School of Social Work Quite simply this is the definitive volume for health and social work In this second edition Gehlert and Browne and their expert contributors have confidently managed to keep pace with current theory and empirical research across a wide range of subject matter that will be of interest to practitioners educators and researchers Michael Vaughn PhD Assistant Professor School of Social Work School of Public Health and Department of Public Policy Studies Saint Louis University Thoroughly revised and updated the only comprehensive handbook of its kind covering the diverse field of health social work Now in its Second Edition Handbook of Health Social Work provides a comprehensive and evidence based overview of contemporary social work practice in health care Written from a wellness perspective the chapters cover practice and research areas ranging from chronic disorders to infectious disease from physical to mental disorders and all areas in between An excellent resource preparing social workers for the present and future challenges of practice in the field of health care the Handbook of Health Social Work Second Edition features discussion on New trends in social work and health care including genetics transdisciplinary care as well as national and state changes in policy Health social work and children The wide array of roles performed by social workers in health care settings Ethical issues and decision making in a variety of arenas Understanding of community factors in health social work Edited by two respected leaders in the field of health social work this second

edition includes contributions from a diverse team of notable experts researchers and scholars addressing multiple theoretical foundations models issues and dilemmas for the social worker in health care The resulting resource offers both a foundation for social work practice in health care and a guide for strategy policy and program development in proactive and actionable terms **Human Behavior and the Social Environment, Micro Level** Katherine Van Wormer,2017 Unique to Human Behavior and the Social Environment Micro Level is the focus on trauma and resilience in its exploration of human behavior across the life span Illustrations are drawn from the arts as well as recent brain research from recent biological research
