the discipline of Art History one can in fact change the established view of cultural developments in the crucial Classic Age 5th Century CE One of his major aims is to prove that it was the Vakatakas under the emperor Harisena and not the Guptas that brought Indian culture to its apogee in the late 470s and to show that by analyzing and organizing Ajanta's defining feature in revealing developmental sequences one can support with specifics the revolutionary but now increasingly accepted short chronology for which the author is well known These defining features range from the changing types of Buddha images and living arrangements for the monks to the precise analysis of the evolution of pillars doorways and excavation techniques The volume also includes at the start a discussion of the transforming effect of competition and finally war as a key to Ajanta's highly driven development its florescence and finally its sad demise *The Rock-cut Temples of Ajanta* James Burgess, 1868 **Ajanta & Ellora** Ranjana Sengupta, 1991 **Ajanta** Walter M. Spink, 2005 Annotation Volume Two begins with the contentious yet challenging views of Hans Bakker and Richard Cohen both of whom are involved with an overview of Ajanta s development This is explored further in shorter essays by Karl Khandalavala Arvind Jamkhedkar and Brahmanand Deshpande At the same time the author presents a detailed analysis of the form and development of Cave 26 as a model upon which his other arguments are built *The Buddhist Caves at Aurangabad: Transformations in Art and Religion* Pia Brancaccio, 2010-12-17 This is a study that focuses on the art and architecture of a group of Buddhist rock cut monuments excavated on the western edge of the Deccan Plateau in India It analyses the various cultural historical and religious phenomena that shaped the caves at Aurangabad through the first seven centuries of the Common Era and it comments on the Buddhist tradition of the western Deccan as a whole The result is a comprehensive work that does not address exclusively iconography and chronology but looks beyond Aurangabad to the larger artistic and religious traditions of the Indian Subcontinent , **Ajanta: History and Development, Volume 4 Painting, Sculpture, Architecture - Year by Year** Walter Spink, 2008-11-15 Ajanta Year by Year is planned as a biography of this remarkable site starting with the earliest caves dating from some two thousand years to its startling renaissance in the brief period between approximately 462 and 480 Concentrating on the excavations of the later period during the reign of the Vakataka emperor Harisena it attempts to show how after a surprising gap of some three hundred years Ajanta s proud and pious courtly patrons and its increasingly committed workmen created not only the greatest but the latest monument of India s Golden Age Nearly three hundred illustrations in color and black and white reveal the exuberant flowering of Ajanta and related Vakataka monuments as well as the manner of their sudden demise
