Is Atheism Dead? Eric Metaxas, 2021-10-19 In a literary showdown with the Four Horsemen of the New revolte The Rebel Atheism Christopher Hitchens Richard Dawkins Daniel Dennett and Sam Harris Metaxas neatly skewers them with their own swords Along the way he presents breathtaking evidence from the fields of archaeology nanoscience and quantum physics that overwhelmingly confirms the accounts of creation in the ancient Hebrew scriptures He also spotlights the stories of some of the best scientists of the last century and former leading atheists whose scholarship and intellectual honesty eventually led them to faith in the very creator they once assured the world did not exist Camus at Combat Albert Camus, 2023-11-14 Paris is firing all its ammunition into the August night Against a vast backdrop of water and stone on both sides of a river awash with history freedom s barricades are once again being erected Once again justice must be redeemed with men's blood Albert Camus 1913 1960 wrote these words in August 1944 as Paris was being liberated from German occupation Although best known for his novels including The Stranger and The Plague it was his vivid descriptions of the horrors of the occupation and his passionate defense of freedom that in fact launched his public fame Now for the first time in English Camus at Combat presents all of Camus World War II resistance and early postwar writings published in Combat the resistance newspaper where he served as editor in chief and editorial writer between 1944 and 1947 These 165 articles and editorials show how Camus thinking evolved from support of a revolutionary transformation of postwar society to a wariness of the radical left alongside his longstanding strident opposition to the reactionary right These are poignant depictions of issues ranging from the liberation deportation justice for collaborators the return of POWs and food and housing shortages to the postwar role of international institutions colonial injustices and the situation of a free press in democracies The ideas that shaped the vision of this Nobel prize winning novelist and essayist are on abundant display More than half a century after the publication of these writings they have lost none of their force They still speak to us about freedom justice truth and democracy The Development of Albert Camus's Concern for Social and Political Justice Mark Orme, 2007 Chronological in character the book seeks to evaluate the evolution of Camus's lifelong preoccupation with sociopolitical justice as expressed in a range of nonfictional genres essays journalism articles speeches notebooks and personal correspondence where the writer s own concerns come directly to the fore How to be a Minister and a Human Being Harold C. Warlick, 1982 **Revering God** Thaddeus J. Williams, 2024-09-10 Discover profound insight into God's attributes and learn practical ways to live a God centered life that bridges the gap between abstract theology and awe inspiring devotion The chief reason we exist is to glorify and enjoy God But for many God remains a vague cloud of cosmic kindness a super sized projection of ourselves into the sky or an impossible to please killjoy Who is God really Who is this being we should thank for our next breath Written in the great tradition of classic discipleship works like A W Tozer's The Pursuit of God I I Packer's Knowing God and R C Sproul's The Holiness of God this discipleship guide stands out as our generation's invitation to good theology that yields profound reverent God centered living Bestselling author of Confronting

Injustice without Compromising Truth invites you to live a more theologically robust and biblical life as you learn how art cinema music philosophy psychology apologetics church history and most importantly Scripture can deepen your understanding and enjoyment of God This book is perfect for those who Are looking to deepen their faith and understanding of theology Feel that their grasp of theology has weakened their pure enjoyment of God Want to rise to the call of selfless discipleship amid the moral chaos of our world Throughout the book you ll find stories from brilliant living theologians and leaders including Joni Eareckson Tada Michael Horton John Perkins Fred Sanders each sharing how a particular divine attribute has impacted their personal lives Albert Camus's "The New Mediterranean Culture" Neil Foxlee, 2010 This book was shortlisted for the R H Gapper prize 2011 On 8 February 1937 the 23 year old Albert Camus gave an inaugural lecture for a new Maison de la culture or community arts centre in Algiers Entitled La nouvelle culture m diterran enne The New Mediterranean Culture Camus s lecture has been interpreted in radically different ways while some critics have dismissed it as an incoherent piece of juvenilia others see it as key to understanding his future development as a thinker whether as the first expression of his so called Mediterranean humanism or as an early indication of what is seen as his essentially colonial mentality These various interpretations are based on reading the text of The New Mediterranean Culture in a single context whether that of Camus s life and work as a whole of French discourses on the Mediterranean or of colonial Algeria and French discourses on that country By contrast this study argues that Camus s lecture and in principle any historical text needs to be seen in a multiplicity of contexts discursive and otherwise if readers are to understand properly what its author was doing in writing it Using Camus s lecture as a case study the book provides a detailed theoretical and practical justification of this multi contextualist approach Twenty Years After, Or Cardinal Mazarin.
