Naef, J. Paul Getty Museum, 2004 Celebrating 20 years of collecting photographs at the Getty Museum Photographers of Genius at the Getty spotlights the genius of 38 seminal photographers selected from the hundreds of artists represented in the collection The Academy of Fisticuffs Sophus A. Reinert, 2018-12-28 The terms capitalism and socialism continue to haunt our political and economic imaginations but we rarely consider their interconnected early history Even the eighteenth century had its socialists but unlike those of the nineteenth they paradoxically sought to make the world safe for capitalists The word socialists was first used in Northern Italy as a term of contempt for the political economists and legal reformers Pietro Verri and Cesare Beccaria author of the epochal *On Crimes and Punishments* Yet the views and concerns of these first socialists developed inside a pugnacious intellectual coterie dubbed the Academy of Fisticuffs differ dramatically from those of the socialists that followed Sophus Reinert turns to Milan in the late 1700s to recover the Academy's ideas and the policies they informed At the core of their preoccupations lay the often lethal tension among states markets and human welfare in an era when the three were becoming increasingly intertwined What distinguished these thinkers was their articulation of a secular basis for social organization rooted in commerce and their insistence that political economy trumped theology as the underpinning for peace and prosperity within and among nations Reinert argues that the Italian Enlightenment no less than the Scottish was central to the emergence of political economy and the project of creating market societies By reconstructing ideas in their historical contexts he addresses motivations and contingencies at the very foundations of modernity The Essay Film After Fact and Fiction Nora M. Alter, 2018-01-02 Nora M Alter reveals the essay film to be a hybrid genre that fuses the categories of feature art and documentary film Like its literary predecessor the essay film draws on a variety of forms and approaches in the process it fundamentally alters the shape of cinema The Essay Film After Fact and Fiction locates the genre's origins in early silent cinema and follows its transformation with the advent of sound its legitimation in the postwar period and its multifaceted development at the turn of the millennium In addition to exploring the broader history of the essay film Alter addresses the innovative ways contemporary artists such as Martha Rosler Isaac Julien Harun Farocki John Akomfrah and Hito Steyerl have taken up the essay film in their work **Encyclopedia of Twentieth-Century Photography, 3-Volume Set** Lynne Warren, 2005-11-15 The Encyclopedia of Twentieth Century Photography explores the vast international scope of twentieth century photography and explains that history with a wide ranging interdisciplinary manner This unique approach covers the aesthetic history of photography as an evolving art and documentary form while also recognizing it as a developing technology and cultural force This Encyclopedia presents the important developments movements photographers photographic institutions and theoretical aspects of the field along with information about equipment techniques and practical applications of photography To bring this history alive for the reader the set is illustrated in black and white

existing literature      Photography Theory James Elkins, 2013-10-18 Photography Theory presents forty of the world's most active art historians and theorists including Victor Burgin Joel Snyder Rosalind Krauss Alan Trachtenberg Geoffrey Batchen Carol Squiers Margaret Iversen and Abigail Solomon Godeau in animated debate on the nature of photography Photography has been around for nearly two centuries but we are no closer to understanding what it is For some people a photograph is an optically accurate impression of the world for others it is mainly a way of remembering people and places Some view it as a sign of bourgeois life a kind of addiction of the middle class whilst others see it as a troublesome interloper that has confused people's ideas of reality and fine art to the point that they have difficulty even defining what a photograph is For some the whole question of finding photography's nature is itself misguided from the beginning This provocative second volume in the Routledge The Art Seminar series presents not one but many answers to the question what makes a photograph a photograph      **The J. Paul Getty Museum Journal** The J. Paul Getty Museum, 1995-04-27 The J Paul Getty Museum Journal has been published annually since 1974 It contains scholarly articles and shorter notes pertaining to objects in the Museum's seven curatorial departments Antiquities Decorative Arts Drawings Manuscripts Paintings Photographs and Sculpture and Works of Art The Journal includes an illustrated checklist of the Museum's acquisitions for the previous year a staff listing and a statement by the Museum's director outlining the year's most important activities Volume 22 of the J Paul Getty Museum Journal includes articles by John Walsh Peter Humfrey Charissa Bremer David Carl Grimmer And Peggy Fogelman      **Neue Sachlichkeit 1918-33** Steve Plumb, 2006 Neue Sachlichkeit is thought by many to have too many diverse elements to be a unified movement Originally divided by G F Hartlaub into two wings Neue Sachlichkeit has since been broken down by critics into more groups sometimes with opposing styles or regional influences However the importance of these divisions has rarely been explored in depth Unlike previous surveys which accept Neue Sachlichkeit as a divided entity this book shows for the first time that in spite of its divisions it may still be regarded as a unified coherent movement While different artists may have sought to express different specific concerns what they all had in common was that they were uncomfortable with the world as it stood and it is the way that this was expressed making use of the object that gave Neue Sachlichkeit its unity This was just as true of the literature and photography of Neue Sachlichkeit where the same themes as those found in the painting were frequently used The fact that these are shared themes across different cultural media demonstrates that Neue Sachlichkeit reflected a mood of its time and this book explores the ways in which this mood was expressed      Wittgenstein and Modernism Michael LeMahieu, Karen Zumhagen-Yekplé, 2017 Wittgenstein and Modernism is the first collection to address the rich vexed and often contradictory relationship between modernism the 20th century's predominant cultural and artistic movement and Wittgenstein the most preeminent and enduring philosopher of the period Although Wittgenstein famously declared that philosophy ought really to be written only as a form of poetry we have yet to fully consider how Wittgenstein's philosophy relates to the poetic literary and artistic production that exemplifies

the modernist era in which he lived and worked Featuring contributions from scholars of philosophy and literature the contributors put Wittgenstein s writing in dialogue with work by poets and novelists James Woolf Kafka Musil Rilke Hofmannsthal Beckett Bellow and Robinson as well as philosophers and theorists Karl Kraus John Stuart Mill Walter Benjamin Michael Fried Stanley Cavell The volume illuminates two important aspects of Wittgenstein s work related to modernism and postmodernism form and medium Each of Wittgenstein s two major works not only advanced a revolutionary conception of philosophy but also developed a revolutionary philosophical form to engage his readers in a mode of philosophical practice As a whole this volume comprises an overarching argument about the importance of Wittgenstein for understanding modernism and the importance of modernism for understanding Wittgenstein **Inselmenschen** ,2000

The Dada Cyborg Matthew Biro,2009 In an era when technology biology culture are becoming ever more closely connected The Dada Cyborg explains how the cyborg as we know it today developed between 1918 1933 as German artists gave visual form to their utopian hopes fantasies in a fearful response to World War I Photography Art Gallery of New South Wales,Judy Annear,2007 A handbook presenting a selection of photographs in the collection of the Art Gallery of New South Wales Bernd & Hilla Becher Jeff L.
