Alcoholism A Treatment Manual

Wayne Poley, Gary Lea, Gail Vibe

Alcoholism A Treatment Manual:

Alcoholism, a Treatment Manual Wayne Poley, Gary Lea, Gail Vibe, 1979 This book provides a general introduction to and description of North America's major drug of abuse alcohol. Multidisciplinary in approach, the Manual addresses itself to the variety of methods. The reader is given observable behavioural and here and now techniques for treatment as well as answers to such fundamental questions as: What effects does alcohol have on the individual? How do we treat the alcoholic? How successful are we in our efforts? The Manual was written as a guide for frontline workers, those who need practical answers to questions that are beyond the scope of the alcohol clinic pamphlet but are too general for the highly technical or specialized reference work. It should appeal to counselors, therapists, educators, physicians, nurses, law enforcement officers, administrators and social workers. It will also be of interest to lay readers interested in the field of alcoholism and its treatment. *Alcoholism* Wayne Poley, Gary Lea, Gail Vibe, 1979

Clinical Handbook of Psychological Disorders, Fourth Edition David H. Barlow, 2007-11-15 With over 75 000 copies sold, this clinical guide and widely adopted text presents authoritative guidelines for treating frequently encountered adult disorders. The Handbook is unique in its focus on evidence-based practice and its attention to the most pressing question asked by students and practitioners: How do I do it? Leading clinical researchers provide essential background knowledge on each problem, describe the conceptual and empirical bases of their respective approaches, and illustrate the nuts and bolts of evidence-based assessment and intervention.

Motivational Enhancement Therapy Manual William R. Miller, 1994 Will permit replication of the treatment procedures employed in a multisite clinical trial of patient treatment matching. Covers clinical considerations and practical strategies. Appendices: assessment, feedback procedures, MET in the aftercare setting, and therapist selection, training, and supervision in the clinical trial. Reading and additional resources. **The Essential Handbook of Treatment and**

Prevention of Alcohol Problems Nick Heather, Tim Stockwell, 2004-02-06 The last three decades have seen an explosion of social psychological and clinical research to identify effective strategies to prevent and treat alcohol-related problems. This Essential Handbook contains an updated selection of reviews of what works, drawn from the critically acclaimed International Handbook of Alcohol Dependence and Problems. Selected specifically for health and other professionals who need to provide effective responses in their work, these authoritative science-based reviews are a distillation of the more practical elements designed to save time for the busy practitioner. *Cognitive-behavioral Coping Skills Therapy Manual*, 1995

Cognitive-behavioral Coping Skills Therapy Manual Ronald Kadden, 1995 This study is the first national multi-site trial of patient treatment matching. Describes cognitive behavioral coping skills therapy (CBT), one type of treatment approach. Core Sessions include coping with cravings and urges to drink, problem solving, drink refusal skills, and more. Elective Sessions include starting conversations, introduction to assertiveness, anger management, job seeking skills, and much more. Handbook of Primary Care Psychology Leonard J. Haas, 2004-08-19 This handbook is designed to provide authoritative information to the psychologist working in primary care settings and to those seeking to learn about clinical issues in such settings. Scholarly and at the same time practical, this volume offers both the clinician and the researcher a wide ranging look at the contexts in which psychological services become of paramount importance to the health of the patient. The handbook will cover the prevalent psychological conditions in the primary care setting: depression, anxiety, somatization, eating disorders, and alcoholism; illnesses in which psychological disorders play a major role such as heart disease, diabetes, cancer, pain management, headache, asthma, low back pain, sleep disorders, among others; and issues of concern to psychologists treating children: ADHD, disciplinary problems, etc. Treating women: abuse, infertility, menopause, sexual dysfunction; treating men: workaholicism, alcoholism, sexual dysfunction; and treating the older patient: death and dying, cognitive impairment, late life depression. Other important topics include psychological side effects of common medications, resistance to treatment, spiritual concerns in the treatment of patients, cultural differences in healing, suicide, AIDS, prevention of disease, and many others. Leonard Haas is a noted authority in the area of primary care psychology and has recruited expert contributors for the 41 chapters and two appendices that make up this definitive handbook for a growing and important subspecialty in clinical psychology. The work may also be used in graduate courses in health psychology.

Handbook of Child and Adolescent Treatment Manuals Craig W. LeCroy, 1994 In the field of child and adolescent therapy there are numerous books describing theories and techniques of treatment. Until now there has been no clear presentation of how such theories translate into day to day practice. Craig LeCroy offers specific treatment manuals for carrying out particular programs including group treatment for children of divorce, for social skills training, and for the prevention of drug use, as well as treatment of childhood anxiety and depression, of academic problems, of conduct disorders, and for anger management among others. Each treatment manual is based on extensive field testing by the author. The Handbook of Child and Adolescent Treatment Manuals provides practitioners, students, and researchers with specific methods and procedures used with children and adolescents. Each chapter is a specific treatment guide that has been tested and carefully refined through use, presenting concrete step by step instructions for effectively treating various child and adolescent behavior problems. The book covers the major clinical disorders and social problems facing children and adolescents as well as new developments and refinements in the treatment of these problems. Experts in the field provide descriptions of treatment approaches for rational emotive therapy with children, social skills training, anger control training, adolescent relapse prevention, divorce adjustment groups, parent adolescent conflict, and more. The Handbook of Child and Adolescent Treatment Manuals is designed to be an important reference handbook for practitioners in various child and adolescent settings including schools, mental health clinics, residential treatment centers, group homes, family service agencies, and juvenile correction centers.
