A Game of Chance Andrea Kirkpatrick, 2023-08-11 It's almost impossible to imagine spending eight months at sea without once putting foot on land But that's exactly what whalers experienced when playing the dangerous game of chance hunting down leviathans for oil and bone all for a lay or share of the vessel's spoils *A Game of Chance* is the first comprehensive in depth study of British North American South Seas whaling Author Andrea Kirkpatrick takes readers on a series of fascinating and sometimes fantastical journeys as she chronicles in great detail the story of a largely forgotten industry that operated out of Nova Scotia and New Brunswick ports from the 1760s to 1850 Kirkpatrick plumbed the depths of myriad logbooks and journals to piece together the often murky tales of an astonishing number of ships In this treatise covering a century of whaling she shares details such as ownership tonnage voyages captains pedigrees and names of crewmen including nascent whaler Herman Melville author of *Moby Dick* Hoping for greasy luck the men who manned these ships found both camaraderie and competition as they hunted the world's whaling grounds from Cape Horn to Kamchatka many circumnavigating the globe during their careers They battled squalls and high seas scurvy and venereal disease heartbreak and homesickness and sometimes each other Many never returned home their bodies committed to the deep or buried on foreign land Written in two parts landward and seaward Kirkpatrick's clear prose and adoption of whaling *lingua franca* brings this high risk venture to the fore with authenticity newly revealed facts and remarkable stories of adventure

[The Edwin Fox](#) Boyd Cothran, Adrian Shubert, 2023-10-17 It began as a small slow and unadorned sailing vessel in a word ordinary Later it was a weary workhorse in the age of steam But the story of the Edwin Fox reveals how an everyday merchant ship drew together a changing world and its people in an extraordinary age of rising empires sweeping economic transformation and social change This fascinating work of global history offers a vividly detailed and engaging narrative of globalization writ small viewed from the decks and holds of a single vessel The Edwin Fox connected the lives and histories of millions though most never even saw it Built in Calcutta in 1853 the Edwin Fox was chartered by the British navy as a troop transport during the Crimean War In the following decades it was sold recommissioned and refitted by an increasingly far flung constellation of militaries and merchants It sailed to exotic ports
