Al Smith Matthew Josephson, Hannah Josephson, 1969 *Al Smith: Hero of the Cities (A Political Portrait Drawing on the Papers of Frances Perkins)* Matthew Josephson, Hannah Josephson, 2019-10-28

Al Smith 1873 1944 was born and grew up in New York's Lower East Side slums and got his start in politics under Tammany Hall sponsorship Frances Perkins was a New Englander a trained social worker who became a public figure when Smith appointed her to the New York State Industrial Commission They shared a concern for working people and a love for the Empire State which Smith served as governor for four precedent breaking terms between 1919 and 1928 after serving in the New York State Assembly between 1904 and 1915 as a member and later as Speaker Smith considered himself an Assemblyman His record as governor is based on the solid understanding of politics he acquired in those years It was also fostered by his encounter at a decisive stage with a group of reformers and social workers including Belle Moskowitz who became his chief political strategist Smith's own great contribution was to show how reform could be made practicable As governor Smith fought a running battle with an obstructive legislature he was able to reorganize New York State's sprawling executive departments protect women and children in industry strengthen workmen's compensation laws and shorten their working hours stop the handouts of state resources to private companies and expand recreational areas for the benefit of the public He cut taxes while building hospitals schools and low cost housing developments When the legislature balked he appealed to the people on radio and they responded with avalanches of letters and telegrams to their representatives The dauntless spirit with which he battled his adversaries earned him the title The fighting Governor After his defeat for the Presidency in 1928 Smith was able to hand on to his successor a comparatively inexperienced politician named Franklin D Roosevelt a working state government and a blueprint for social reform which Roosevelt would put to good use At the time of her death in 1965 Frances Perkins was working on a book about Al Smith as she knew him Her notes the few chapters she had written and the oral history she recorded for Columbia University were turned over to Matthew and Hannah Josephson who used them and their own exhaustive research to write this biography The Josephsons both authors in their own right were invited to complete the unfinished biography of Smith that Frances Perkins left behind at her death in 1965 Finding only a rather bare start they ended up writing it 90% themselves The sections on Smith's early years provide a delightful picture of the Old East Side and a thriving Tammany Hall A happily executed portrait of an eminent and engaging American Kirkus Reviews The most thorough study yet available of Smith's career and one that also pays considerable attention to Frances Perkins contributions to reform during the Progressive period and during Smith's gubernatorial administrations a useful biography of Al Smith Joel A Tarr The American Historical Review The book reflects the warmth and vigour of its subject The book's principal contribution is its emphasis on Smith's tremendous effectiveness both as a party leader and as a reformer His quarter century of almost continuous success was founded on exceptional memory intense application a sharp wit and shrewd

appeals to the people His enduring monuments are his reform of the state administration his fight against the utilities and his work in housing conservation and social reform Michael Simpson History The Josephsons political portrait is of a man who was at one and the same time an ambitious and successful politician who could skillfully manipulate the party system reward friends and punish enemies hold personal grudges yet temper his actions with genuine humanistic concern for the welfare of the first and second generation immigrants for whom he was both spokesman and symbol John L Shover The Pacific Northwest Quarterly The Josephsons biography is comprehensive providing careful and discerning detail about Smith s life and career William W Bremer The Wisconsin Magazine of History **Al Smith** Matthew Josephson,Hannah

Josephson,Frances Perkins,1970 **William Randolph Hearst** Ben Procter,2007-04-24 William Randolph Hearst was a figure of Shakespearean proportions a man of huge ambition inflexible will and inexhaustible energy He revolutionized the newspaper industry in America becoming the most powerful media mogul the world had ever seen and in the process earned himself the title of most hated man in America on four different occasions Now in the second volume of this sweeping biography Ben Procter gives readers a vivid portrait of the final 40 years of Hearst s life Drawing on previously unavailable letters and manuscripts and quoting generously from Hearst s own editorials Procter covers all aspects of Hearst s career his journalistic innovations his impassioned patriotism his fierce belief in Government by Newspaper his frustrated political aspirations profligate spending and voracious art collecting the building of his castle at San Simeon and his tumultuous Hollywood years The book offers new insight into Hearst s bitter and highly public quarrels with Al Smith who referred to Hearst papers as Mudgutter Gazettes and FDR whose New Deal Hearst dubbed the Raw Deal his 30 year affair with the actress Marion Davies and her own affairs with others his political evolution from a progressive trust buster and America first isolationist to an increasingly conservative and at times hysterical anti communist Procter also explores Hearst s ill considered meeting with Hitler his attempts to suppress Citizen Kane and his relationships with Joseph Kennedy Charles Lindbergh Louis B Meyer and many other major figures of his time As Life magazine noted Hearst newspapers were a one man fireworks display sensational controversial informative and always entertaining In Ben Procter s fascinating biography Hearst shines forth in all his eccentric and egocentric glory The Legalist Reformation William E. Nelson,2003-09-01

Prejudice and the Old Politics Allan J. Lichtman,2000-01-01 Combining statistical analysis with well written narrative history this re evaluation of the 1928 presidential election gives a vivid portrait of the candidates and the campaign Lichtman has based his study primarily on a statistical analysis of data from that election and the presidential elections from 1916 to 1940 for all the 2 058 counties outside the former Confederate South Not relying exclusively on the results of his quantitative analysis however Lichtman has also made an exhaustive survey of previous scholarship and contemporary accounts of the 1928 election He discusses and challenges previous interpretations especially the ethnocultural and pluralist interpretations and the application of critical election theory to the election In disputing this theory which claims that 1928 was a realigning election in which the coalitions were formed that dominated future elections Lichtman determines that 1928 was an aberration with little impact on later political patterns **Reader's Guide to American History** Peter J.
