FORTY-FIVE YEARS INSIDE
A PRISON SYSTEM

Ray A. March

The powerful story of three men—father, son, and grandson— whose combined experience in dealing with prisoners in Alabama spans more than forty-five years. Told in their own down-to-earth conversational styles, their accounts—moving, often brutal, and disturbing—illustrate different approaches to the basic questions of crime and punishment.

March, 2020-10 *Mass Murder in California's Empty Quarter* exposes a story of mass murder a community's racism and tribal treachery in a small Paiute tribe On February 20 2014 an unseasonably warm winter day for the little agriculture town of Alturas California Cherie Rhoades walked into the Cedarville Rancheria's Paiute tribal offices In the space of nine minutes she killed four people and wounded two others using two 9mm semiautomatic handguns In that time she slayed half of her immediate family and became only the second woman and the first Native American woman to commit mass murder in the United States Ray A March threads the story through the afternoon of the murders and explores the complex circumstances that led to it including conditions of extreme economic disparity privations resulting from tribal disenrollment ineptness at the Bureau of Indian Affairs and family dysfunction coupled with a possible undiagnosed mental illness This account of the tragic murders and the deplorable conditions leading up to them shed light on the formidable challenges Native Americans face in the twenty first century as they strive to govern themselves under the guise of U S sanctioned sovereignty

Hard Labor and Hard Time Vivien M.L. Miller, 2012-06-24 *Hard Labor and Hard Time* is a history of continuity and change in Florida's state prison system between 1910 and 1957 exploring conditions at the state prison farm at Raiford the third largest prison farm in the South at this time as well as in the chain gangs and road prisons Vivien Miller examines the experiences of the prisoners as well as the guards and other prison personnel in this comprehensive groundbreaking study She demonstrates that despite progressive changes in the treatment of inmates better diet better structuring of work and leisure activities better medical provision and the like these improvements were matched by continued brutality and mistreatment unequal or discriminatory treatment according to race and or gender and neglect

An Appeal to Justice Ben M. Crouch, James W. Marquart, 2014-05-02 How does a prison achieve institutional order while safeguarding prisoners rights Since the early 1960s prison reform advocates have aggressively used the courts to extend rights and improve life for inmates while prison administrators have been slow to alter the status quo Litigated reform has been the most significant force in obtaining change *An Appeal to Justice* is a critical study of how the Texas Department of Corrections was transformed by *Ruiz v Estelle* the most sweeping class action suit in correctional law history Orders from federal judge William W Justice rapidly moved the Texas system from one of the most autonomous isolated and paternalistic system to a more constitutional bureaucracy In many respects the Texas experience is a microcosm of the transformation of

American corrections over the second half of the twentieth century This is a careful account of TDC s fearful past as a plantation system its tumultuous litigated reform and its subsequent efforts to balance prisoner rights and prison order Of major importance is the detailed examination of the broad stages of the reform process and its costs and benefits and an intimate look at prison brutality and humanity The authors examine the terror tactics of the inmate guards the development of prisoner gangs and widespread violence during the reforms and the stability that eventually emerged They also detail the change of the guard force from a relatively small cohesive cadre dependent on discretion personal loyalty and physical dominance to a larger and more fragmented security staff controlled by formal procedures Drawing on years of research in archival sources and on hundreds of interviews with prisoners administrators and staff An Appeal to Justice is a unique basis for assessing the course and consequences of prison litigation and will be valuable reading for legislators lawyers judges prison administrators and concerned citizens as well as prison and public policy scholars

Correctional Law David A. Rapoport, American Correctional Association. Correctional Law Project, 1979 **The Gulag after Stalin** Jeffrey S. Hardy, 2016-11-03 In **The Gulag after Stalin** Jeffrey S Hardy reveals how the vast Soviet penal system was reimagined and reformed in the wake of Stalin s death Hardy argues that penal reform in the 1950s was a serious endeavor intended to transform the Gulag into a humane institution that reeducated criminals into honest Soviet citizens Under the leadership of Minister of Internal Affairs Nikolai Dudorov a Khrushchev appointee this drive to change the Gulag

into a progressive system where criminals were reformed through a combination of education vocational training leniency sport labor cultural programs and self governance was both sincere and at least partially effective The new vision for the Gulag faced many obstacles Reeducation proved difficult to quantify a serious liability in a statistics obsessed state The entrenched habits of Gulag officials and the prisoner guard power dynamic mitigated the effect of the post Stalin reforms And the Soviet public never fully accepted the new policies of leniency and the humane treatment of criminals In the late 1950s they joined with a coalition of party officials criminologists procurators newspaper reporters and some penal administrators to rally around the slogan The camp is not a resort and succeeded in reimposing harsher conditions for inmates By the mid 1960s the Soviet Gulag had emerged as a hybrid system forged from the old Stalinist system the vision promoted by Khrushchev and others in the mid 1950s and the ensuing counterreform movement This new penal equilibrium largely persisted until the fall of the Soviet Union

Reform and Regret Larry W. Yackle, 1989-04-06 When the deplorable conditions in Alabama s prisons were revealed at trial in 1975 Judge Frank Johnson declared the prison system as a whole to constitute cruel and unusual punishment in violation of the eighth amendment He then issued an elaborate decree specifying improvements that must be made to satisfy constitutional standards In this study Larry W Yackle describes the campaign to achieve prison reform in Alabama through constitutional litigation in the federal courts and surveys the process that produced Johnson s decree and subsequent efforts to enforce his order in the face of bureaucratic inertia administrative incompetence and political demagoguery A decade later the prisons showed significant physical improvements but Alabama s resistance to progressive penal policies remained intact and impeded lasting change Covering the lawyers strategies Judge Johnson s creative actions and the machinations of state and federal officials including the Department of Justice under President Ronald Reagan this book conveys the frustrating yet effective effort at prison litigation and offers important lessons for other proponents of penal reform across the country
