Alchemy Of Laughter Comedy In English Fiction:

The Alchemy of Laughter G. Cavaliero, 1999-11-02 This is the only contemporary critical study to discuss the nature of comedy with exclusive reference to novels It examines the comic styles of novelists from Fielding and Jane Austen to Waugh and Agnus Wilson as well as less familiar writers such as Ronald Firbank and Sylvia Townsend Warner Distinguishing between different kinds of humour it shows how comedy works in practice under changing literary social and environmental conditions and is designed to interest academic and general readers equally

Comedy and the Feminine Middlebrow Novel Erica Brown, 2015-10-06 Elizabeth von Arnim and Elizabeth Taylor wrote witty and entertaining novels about the domestic lives of middle class women Widely read and enjoyed their work was often dismissed as middlebrow Brown argues their skilful use of comedy and irony provided the receptive reader with subversive commentary on the cruelties and disappointments of life

Interwar Women's Comic Fiction Nicola Darwood, Nick Turner, 2020-01-10 This collection of essays examines the work of five intermodernist writers Some were established authors before the First World War and others continued to write after the Second World War but this book focuses particularly on their writing between 1918 and 1939 Elizabeth von Arnim Stella Benson Bradda Field Ivy Compton Burnett Stella Gibbons and Winifred Watson had much in common they all wrote novels full of comic moments which often challenged the cultural politics of the interwar period Drawing on the literary and critical contexts of each novel the essays here discuss the use of comic structures that enabled the authors to critique the dominant patriarchal structures of their time and offer an alternative sometimes subversive view of the world in which their characters reside This book contributes to the growing scholarly interest in interwar fiction focusing principally on novelists who have fallen out of public view It widens our understanding both of the authors and of the continuing highly topical debate about interwar women novelists

Laughter, Literature, Violence, 1840-1930 Jonathan Taylor, 2019-02-04 Laughter Literature Violence 1840 1930

investigates the strange complex even paradoxical relationship between laughter on the one hand and violence war horror death on the other It does so in relation to philosophy politics and key nineteenth and twentieth century literary texts by Edgar Allan Poe Edmund Gosse Wyndham Lewis and Katherine Mansfield texts which explore the far reaches of Schadenfreude and so called superiority theories of laughter pushing these theories to breaking point In these literary texts the violent superiority often ascribed to laughter is seen as radically unstable co existing with its opposite an anarchic sense of equality Laughter humour and comedy are slippery duplicitous ambivalent self contradictory hybrids fusing apparently discordant elements Now and then though literary and philosophical texts also dream of a different kind of laughter one which reaches beyond its alloys a transcendent perfect laughter which exists only in and for itself *Jane Austen and Comedy* Erin Goss, 2019-04-26 In bringing together Austen and comedy which are both often dismissed as superfluous or irrelevant to a contemporary world this collection of essays directs attention to the ways we laugh the ways that Austen may make us do so and the ways that our laughter is conditioned by the form in which Austen writes comedy Ultimately Jane Austen and Comedy invites its reader to take seriously Austen's production of laughter and to keep laughing nonetheless

readership Laughing with God Gerald A. Arbuckle, 2015-03-15 When Sarah overhears God tell Abraham that she will give birth to a son she laughs She laughs to herself at the impossibility of her in her old age bearing a child Gen 18 12 But God's ways are not Sarah's ways God is far more wonderful than Sarah imagines Of course Sarah does give birth to a son and names him Isaac whose name means to laugh God has brought laughter for me everyone who hears will laugh with me Gen 21 6 Surely the ancient audience aware of the many incongruities in this story did laugh But can we in modern times recover the divine humor the paradox and promise in this and other biblical accounts Can we use that sacred laughter as a means to evangelize a world that longs for God every bit as much as the ancients did In *Laughing with God* Humor Culture and Transformation Catholic priest and cultural anthropologist Gerald Arbuckle helps us do just that With Arbuckle readers will enter many rich biblical stories and come away laughing not laughter as in response to a joke or comedy but a profound laughter of the heart Readers will laugh at Sarah as she laughs at God and they will laugh together with Sarah and God Readers will discover divine humor in the parables of Jesus and even in his suffering and death the ultimate paradox for Christians In addition to uncovering and recovering humor in Scripture Arbuckle's work is a treasure trove of modern examples of humor from literature movies and television that surprisingly can be a means of transforming cultures to better reflect the kingdom of God In the end readers will want to turn the phrase He who laughs last laughs best into They who laugh with God evangelize best Gerald A Arbuckle SM PhD is co director of Refounding and Pastoral Development a research ministry in Sydney Australia He is internationally known for his expertise in helping church leaders minister effectively in a postmodern world Arbuckle's most recent books include *Confronting the Demon A Gospel Response to Adult Bullying* *Violence Society and the Church A Cultural Approach* and *Healthcare Ministry Refounding the Mission in Tumultuous Times* 2001 Catholic Press Association Award all published by Liturgical Press **English Literature: A Very Short**

Introduction Jonathan Bate, 2010-10-07 *English Literature A Very Short Introduction* discusses why literature matters how narrative works and what is distinctly English about English literature Jonathan Bate considers how we determine the content of the field and looks at the three major kinds of imaginative literature English poetry English drama and The English novel The Comic Turn in Contemporary English Fiction Huw Marsh, 2022-02-24 *The Comic Turn in Contemporary English Fiction* explores the importance of comedy in contemporary literature and culture In an era largely defined by a mood of crisis bleakness cruelty melancholia environmental catastrophe and collapse Huw Marsh argues that contemporary fiction is as likely to treat these subjects comically as it is to treat them gravely and that the recognition and proper analysis of this humour opens up new ways to think about literature Structured around readings of authors including Martin Amis Nicola Barker Julian Barnes Jonathan Coe Howard Jacobson Magnus Mills and Zadie Smith this book suggests not only that much of the most interesting contemporary writing is funny and that there is a comic tendency in contemporary fiction but also that this humour this comic licence allows writers of contemporary fiction to do peculiar and interesting things things that are

funny in the sense of odd or strange and that may in turn inspire a funny turn in readers Marsh offers a series of original critical and theoretical frameworks for discussing questions of literary genre style affect and politics demonstrating that comedy is an often neglected mode that plays a generative role in much of the most interesting contemporary writing creating sites of rich political stylistic cognitive and ethical contestation whose analysis offers a new perspective on the present

Book Review Digest, 2002

Romantic Generations Lene Østermark-Johansen, 2003 Unlike the first two volumes of *ANGLES* on the English Speaking World this special issue does not originate in a set of conference papers The idea of compiling a collection of essays on Romanticism emerged from the unusually strong concentration on Romantic studies among the graduate students of the English Department a couple of years ago This volume places their work in the context of distinguished international scholars of greater seniority scholars who have become academic contacts through conferences and assessment committees and whose contributions I am very pleased to be able to include alongside the works of local contributors The Romantic generations of the title of this volume thus strike a number of different chords generations of scholars in Romantic studies conventional divisions of Romantic poets into first second and possibly third generations the self generative aspect of Romanticism the awareness of poetic reputation and the image and afterlife of the poet The collection spans just over a hundred years from the 1780s to the 1890s and while not in any way attempting to define Romanticism or raise issues of periodization the volume allows for the continued existence of Romantic features right until the end of the nineteenth century Poetry looms large in this issue of *ANGLES* apart from Ian Duncan's essay on Hume Scott and the Rise of Fiction all the other essays are in some way concerned with the Romantic poet and his poetry The Romantic poet is thus represented as a collector and editor of ballads as a political radical and printmaker as other to himself essentially ignorant of the process of poetic composition as a rival and collaborator with other poets or as a poet long dead the subject of successive generations of poetic lament The boundaries between poetry and the visual arts is explored in a couple of the essays indeed the rivalry between portraiture and literature pervades no less than three of the contributions and no matter whether the subject of inquiry is the image of the poet or the image of the poet's mother the Romantic poet displays a high degree of self consciousness with respect to both literary and visual media Romantic generations generate both selves and others in poetry and portraiture
