Alcoholism And Treatment:

Alcoholism Treatment Rudolf H. Moos, John W. Finney, Ruth C. Cronkite, 1990 Based on the authors extensive research this book focuses on the context processes and outcomes of alcoholism treatment programs It also investigates the influence of factors such as marital status gender family and work environments stressful life events and personal coping responses on patients functioning up to 10 years after treatment Bridging the gap between alcoholism treatment research and the field of program evaluation this innovative study argues for a broader approach to treatment evaluation than the commonly used black box model In addition it examines the impact of alcohol abuse on spouses and children of alcoholic patients It will prove invaluable for those working in professional and lay groups interested in alcohol and substance abuse as well as researchers clinical psychologists psychiatrists and social workers *Alcoholism, a Treatment Manual* Wayne Poley, Gary Lea, Gail Vibe, 1979 This book provides a general introduction to and description of North America s major drug of abuse alcohol Multidisciplinary in approach the Manual addresses itself to the variety of methods The reader is given observable behavioural and here and now techniques for treatment as well as answers to such fundamental questions as What effects does alcohol have on the individual How do we treat the alcoholic How successful are we in our efforts The Manual was written as a guide for frontline workers those who need practical answers to questions that are beyond the scope of the alcohol clinic pamphlet but are too general for the highly technical or specialized reference work It should appeal to counselors therapists educators physicians nurses law enforcement officers administrators and social workers It will also be of interest to lay readers interested in the field of alcoholism and its treatment [Handbook of Alcoholism Treatment Approaches](#) Reid K. Hester, William R. Miller, 1989 Each clinical chapter has an overview of the technique special clinical considerations cautions specific guidelines for implementation and two reference lists one of clinical resources the second a bibliography of research *Alcoholism: Its Treatments And Mistreatments* Irving Maltzman, 2008-03-05 This important book provides a review of the Minnesota Model of alcoholism treatment which combines current clinical treatments and the 12 step principles of Alcoholics Anonymous with the goal of abstinence It critically examines the research base supporting cognitive behavior therapy approaches to alcoholism Using evidence from biosociobehavioral science and critical analyses of alcoholism treatment outcome literature the book rebuts the view of cognitive behavior therapists that alcoholism is nothing but a bad habit This book fills a vital need describing which alcoholism treatments work and which do not It is an invaluable guide to the helping professions caring for alcoholics alcoholism counselors social workers nurses clinical psychologists and psychiatrists as well as the intelligent layperson interested in alcoholism and its treatment It also serves as a textbook for alcoholism courses and as an ancillary text for abnormal psychology courses **Alcoholism and Drug Dependence** J. Madden, 2012-12-06 It is for me as President of the Merseyside Lancashire first that those taking part in the conference can study at leisure and in depth the transactions of the conference and secondly that those who were unable to attend might

Originally published in 1980 the purpose of this book was to aid a process of rethinking alcoholism treatment Such a process was already underway in many parts of the world at the time It was hoped that this volume would be useful in the modest role of abetting such a rethinking Alcoholism treatment was definitely in transition abandoning old certainties searching for new syntheses and that is the position this book takes looking for an alternative understanding The book is divided into six parts Transition as Challenge Does Treatment Work Towards Better Questions and Better Methodologies Treatment System as Case For Study Models in Transition and Alcohol Agendas The book also contains one chapter that discusses alcoholism treatment in a developing country not often addressed at the time but acknowledgement that the problem is a global one

Clinical Case Studies in the Behavioral Treatment of Alcoholism William M. Hay, Peter E. Nathan, 2012-12-06 There

is no shortage of books on behavioral research on behavioral research on alcoholism or on behavioral research on alcoholism treatment Most of the authors of chapters in this book have been involved in the writing of these books The books and their authors have played an important role in the dramatic increase in the influence of behavioral approaches to one of our society's most troubling human problems There are not many books though which detail the longitudinal course of the behavioral therapies none doing so for behavior therapy with alcoholics and problem drinkers That this book now appears then is a first made more valuable by the fact that the chapter's authors are both researchers and clinicians willing and able to combine respect for empirical data with clinical sensitivity and compassion concern and commitment for their patients The chapters in this book reveal important commonalities and telling divergencies in technique strategy and treatment tactics Despite a common perspective on etiology and treatment the authors of the chapters in this book diverge in criteria for deciding on treatment goal choice of initial intervention target the specifics of techniques used and follow up procedures Common to all though is an openness to innovation a pragmatic appreciation of approaches that work and a sincere respect for the patient and his or her fundamental desire for a healthy happier and more productive life
