*Shakespeare's Original Stage Conditions and their Afterlives across the Globe* Yu Jin Ko, 2024-09-06 This book brings together two separate fields by combining a study of Shakespeare's original stage conditions with an exploration of his plays in performance across the globe. The book contributes new insights into how early modern stage conditions shaped the writing, production, and reception of Shakespeare's plays but takes the further step of examining how original stage conditions re-emerge not only in Globe replicas like the London Globe but in unexpected and sometimes unconscious reconfigurations in adaptations and productions from around the world: film versions of *Othello* from Mexico to India that take dancing cues and anxieties about dance from the play and centralize dance; Korean adaptations for the madang or yard that reimagine Shakespeare's theatrical spaces and their relationships to audiences; Noh reimaginings on film and onstage that foreground the theatrical; a teen film remake of *Othello* that raises questions about how blackness is figured today and on Shakespeare's stage among others. By studying original stage conditions and their global afterlives, the book illuminates how global productions negotiate historical and cultural differences and thereby paradoxically engage with the cultural specificities of the present.

*Dostoevskii's Overcoat: Influence, Comparison, and Transposition.* Joe Andrew,Robert Reid,2013-12-23 One of the most famous quotations in the history of Russian literature is Fedor Dostoevskii s alleged assertion that We have all come out from underneath Gogol s Overcoat Even if Dostoevskii never said this there is a great deal of truth in the comment Gogol certainly was a profound influence on his work as were many others Part of this book s project is to locate Dostoevskii in relationship to his predecessors and contemporaries However the primary aim is to turn the oft quoted apocryphal comment on its head to see the profound influence Dostoevskii had on the lives work and thought of his contemporaries and successors This influence extends far beyond Russia and beyond literature Dostoevskii may be seen as the single greatest influence on the sensibilities of the twentieth and twenty first centuries To a greater or lesser extent those concerned with the creative arts in the twentieth and twenty first centuries have all come out from under Dostoevskii s Overcoat *William Shakespeare's Macbeth* Alexander Leggatt,2006 Containing annotated extracts from key sources this guide to William Shakespeare s *Macbeth* explores the heated debates that this play has sparked Looking at issues such as the representation of gender roles political violence and the dramatisation of evil this volume provides a way through the wealth of contextual and critical material that surrounds Shakespeare s text Literature into Film Linda Costanzo Cahir,2014-12-24 For most people film adaptation of literature can be summed up in one sentence The movie wasn t as good as the book This volume undertakes to show the reader that not only is this evaluation not always true but sometimes it is intrinsically unfair Movies based on literary works while often billed as adaptations are more correctly termed translations A director and his actors translate the story from the written page into a visual presentation Depending on the form of the original text and the chosen method of

translation certain inherent difficulties and pitfalls are associated with this change of medium So often our reception of a book based movie has more to do with our expectations and reading of the literature than with the job that the movie production did or did not do Avoiding these biases and fairly evaluating any particular literary based film takes an awareness of certain factors Written with a formalistic rather than historical approach this work presents a comprehensive guide to literature based films establishing a contextual and theoretical basis to help the reader understand the relationships between such movies and the original texts as well as the reader's own individual responses to these productions To this end it focuses on recognizing and appreciating the inherent difficulties encountered when basing a film on a literary work be it a novel novella play or short story Individual chapters deal with the specific issues and difficulties raised by each of these genres providing an overview backed up by case studies of specific film translations Films and literary works receiving this treatment include *The Unbearable Lightness of Being* *The Manchurian Candidate* 1962 *Lady Windemere's Fan* by Oscar Wilde and Shakespeare's *Henry V* Interspersed throughout the text are suggestions for activities the film student or buff can use to enhance his or her appreciation and understanding of the films Instructors considering this book for use in a course may request an examination copy here
