Book Publishers Directory, 1981 Samuel French's Basic Catalogue of Plays Samuel French, Inc, Books in Print Supplement, 1994 *Representing China on the Historical London Stage* Dongshin Chang, 2015-02-11 This book provides a critical study of how China was represented on the historical London stage in selected examples from the late seventeenth century to the early twentieth century which corresponds with the Qing Dynasty 1644 1911 China's last monarchy The examples show that during this historical period the stage representations of the country were influenced in turn by Jesuit writings on China Britain's expanding material interest in China the presence of British imperial power in Asia and the establishment of diasporic Chinese communities abroad While finding that many of these works may be read as gendered and feminized Chang emphasizes that the Jesuits depiction of China as a country of high culture and in perennial conflict with the Tartars gradually lost prominence in dramatic imaginations to depictions of China's material and visual attractions Central to the book's argument is that the stage representations of China were inherently intercultural and open to new influences manifested by the evolving combinations of Chinese and English British traits Through the dramatization of the Chinese Other the representations questioned satirized and put in sharp relief the ontological and epistemological bases of the English British Self Subject Guide to Children's Books in Print 1997 Bowker Editorial Staff, R R Bowker Publishing, 1996-09 *Bowker's Guide to Characters in Fiction*, 2003 **Research Publications and Professional Activities** Pennsylvania State University, 1977 Stranger Magic Marina Warner, 2012-03-03 Our foremost theorist of myth fairytale and folktale explores the magical realm of the imagination where carpets fly and genies grant prophetic wishes *Stranger Magic* examines the profound impact of the Arabian Nights on the West the progressive exoticization of magic and the growing acceptance of myth and magic in contemporary experience **The Visual Life of Romantic Theater,**

1780-1830 Diane Piccitto, Terry F. Robinson, 2023-05-24 *The Visual Life of Romantic Theater* examines the dynamism and vibrancy of stage spectacle and its impact in an era of momentous social upheaval and aesthetic change. Situating theatrical production as key to understanding visuality ca 1780-1830, this book places the stage front and center in Romantic scholarship, a field in a period long defined by its focus on poetry. By reenvisioning traditional approaches to artistic and social production, it asks: did dramaturgy and stagecraft influence aesthetic and sociopolitical concerns? How does a focus on visuality expand our understanding of the historical experience of theatergoing? In what ways did stage performance converge with visual culture beyond the theater? How did extra-theatrical genres engage with theatrical sight and spectacle? Finally, how does a focus on dramatic vision change the way we conceive of Romanticism itself? The volume's essays by emerging and established scholars provide exciting and suggestive answers to these questions along with a more capacious conception of Romantic theater as a locus of visual culture that reached well beyond playhouse walls. **Cleveland Plain Dealer Index** United States.
