century literary practice and the very particular ways in which divorce characterises the different narrative media of modernity *The Oxford Guide to Literature in English Translation* Peter France, 2000 This guide highlights the place of translation in our culture encouraging awareness of the process of translating and the choices involved making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Hungarian Korean to Turkish For some works e.g. Virgil's Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available **The Rough Guide to Norway** Phil Lee, 2003 The Rough Guide to Norway covers everything from urbane Oslo to the remote Arctic town of Tromsø and from the idyllic off shore islands to the awe inspiring fjords It contains a 24 page full colour photographic introduction previewing the country's highlights as chosen by the author

A History of Norwegian Literature Harald S. Næss, 1993-01-01 Volume 2 **Broad Strokes** Bridget Quinn, 2017-03-07 Historically major women artists have been excluded from the mainstream art canon Aligned with the resurgence of feminism in pop culture Broad Strokes offers an entertaining corrective to that omission Art historian Bridget Quinn delves into the lives and careers of 15 female artists from around the globe in text that's smart feisty educational and an enjoyable read Replete with beautiful reproductions of the artists' works and contemporary portraits of each artist by renowned illustrator Lisa Congdon this is art history from the Renaissance to Abstract Expressionism for the modern art lover reader and feminist **Fiction in French - Fiction in Soviet** British Library, 2013-02-07 No detailed description available for Fiction in French Fiction in Soviet *Incognito Street* Barbara Sjöholm, 2015-04-07 Barbara Sjöholm arrived in London in the winter of 1970 at the age of twenty Like countless young Americans in that tumultuous time she wanted to leave a country at war and explore Europe a small inheritance from her grandmother gave her the opportunity Over the next three years she lived in Barcelona hitchhiked around Spain and studied at the University of Granada She managed a souvenir shop in the Norwegian mountains and worked as a dishwasher on the Norwegian Coastal Steamer Set on becoming a writer she read everything from Colette to Dickens to Borges changing her style and her subject every few weeks and gradually found her voice Incognito Street is the story of a young woman's search for artistic political and sexual identity while digesting the changing world around her As she sheds the ghosts of her childhood we come to know her quiet yet adventurous spirit In moments that are tender funny bewildering and suspenseful we see an evocative look at Europe through the blossoming writer's maturing eyes *Norwegian Women's Writing 1850-1990* Janet Garton, 2000-12-01 Volume One in a new series this book covers Norwegian women's writing over the last 150 years setting literary developments against the background of the emergence and growth of the women's movement in Norway The work is divided

chronologically into three sections the period up to 1913 when the universal suffrage was granted the period from 1913 to 1960 a time of stagnation in the women s movement with little involvement in contemporary political social and economic debates and the period from 1960 to the present day which has seen an increasing participation of women in public life Chapters on individual authors concentrate on the images of the women portrayed and investigate the conflicts behind the text the tensions between the authors and their work and the ambivalent feelings of women authors towards the act of writing The book should be of interest to all those concerned with women s writing and with Scandinavian literature and culture The series provides a survey country by country of women s writing from the beginnings of the major struggle for emancipation up to the present day While the main emphasis is on literature the social political and cultural development of each country provides a context for understanding the position and preoccupations of women writers Modern critical currents are also taken into account in relating feminist criticism to recent critical theory Forthcoming volumes in this series include *Women s Writing in Italy 1870 1990* and *Swedish Women s Writing 1850 1990* Woolf Editing / Editing Woolf Eleanor McNeess, Sara Veglahn, 2018-08-30 *Woolf Editing* Editing Woolf focuses on Woolf as editor both of her own work and of the Hogarth Press and on editing Woolf on the conflation of textual and theoretical criticism of Woolf s oeuvre Since many contributors are editors creative writers and critics contributions highlight the intersections of those three roles The essays variously addressed the granite of close textual reading and the rainbow of theoretical approaches to Woolf s writings Several more flexible versions of editing emerge in the papers that discuss adaptations of Woolf to film theatre and music Brenda Silver s contribution in memory of Julia Briggs opens the volume and James Haule s contribution concludes it
