Alcohol And Public Policy Evidence And Issues:

Alcohol and Public Policy Harold D. Holder, Edwards Griffith, 1995 Alcohol and Public Policy provides a set of scientific reviews written by a distinguished team of international scientists and policy analysts which explore the scientific basis for policies on alcohol and alcohol problems Important contemporary issues are critically reviewed including a mapping of trends in world consumption and examination of the most recent evidence on how drinking is shared out within any given population Evidence on the relationship between quantity drunk and harm done is explored both as regards the individual drinking and population levels of consumption Suicide interpersonal violence and dependence risk are all considered as well as the physical harms of alcohol abuse Other chapters deal with the effect of pricing on consumption the population level impact on treatment the climate of public discourse and the alleged protective influence of moderate drinking Finally the application of economics to the determination of the best buy in a practical mix of policies is examined In an area often clouded by partisan and vested interests this book provides a clear objective approach to the subject Its comprehensive and balanced coverage of alcohol and public health issues will benefit anyone working in these areas *Alcohol Misuse* Timothy J. Peters, 1996-06-30 This book is based on a series of reports on the health and social consequences of alcohol misuse presented to the European Economic Community Each of the chapters is written by internationally acclaimed experts who have reviewed their own chosen fields and contributed possible future research directions A review of trends in consumption are followed by a report of the racial ethnic and gender differences in alcohol misuse The importance of alcohol as a nutritional source in the pathogenesis of tissue damage the role of malnutrition deficiencies in alcohol misusers is also discussed Chapters review organs which are damaged by misuse such as the liver pancreas brain muscle skin and bone The relationship between alcohol misuse and malignancy and the HIV disease completes the biomedical areas *Alcohol and Public Policy* Thom Brooks, 2016-03-17 Alcohol and its consumption is a major topic for public policy making Growing awareness of alcohol related health problems among the general public has led to high levels of interest in alcohol consumption and its impact on society This innovative collection of new perspectives on this critically important issue is informed by a leading group of international social scientists Topics covered include alcoholism the family minimum pricing paternalistic controls and Socially Responsible Investment programs Together these essays reveal illuminating new insights into how public policy might be improved This book was originally published as a special issue of Contemporary Social Science **Alcohol and Public Policy** National Research Council, Division of Behavioral and Social Sciences and Education, Commission on Behavioral and Social Sciences and Education, Assembly of Behavioral and Social Sciences, Committee on Substance Abuse and Habitual Behavior, Panel on Alternative Policies Affecting the Prevention of Alcohol Abuse and Alcoholism, 1981-02-01 From Science to Action? 100 Years Later - Alcohol Policies Revisited Richard Müller, Harald Klingemann, 2007-05-08 Alcohol has been central to social religious and personal use throughout the history

Alcohol drinking goes back almost as far as the human race does A hundred years therefore may be seen as only a flash The past century however has witnessed a fundamental change in dealing with alcohol problems Hence to give an overview of a hundred years of alcohol policies is a rather ambitious task and the contributions to this book shed only some light on the way in which alcohol policy issues have changed in this period This authoritative volume is relevant to both scientists and policy makers providing a state of the art in alcohol policy from different perspectives covering both science research treatment and prevention practice and linking these areas

Alcohol And Emerging Markets Marcus Grant,2013-05-13 Divided into two parts Alcohol and Emerging Markets begins with a series of case studies that assess alcohol issues in four regions Asia Central and Eastern Europe Latin America and Sub Saharan Africa and four countries China India Mexico and Russia Issues such as past and current public policy developments prevention programs and treatment of alcohol related disorders are addressed as well as the health consequences of alcohol use and abuse In the second part the contributors consider the issues relevant to the entire geographical region covered by the book The book also includes a chapter that examines the role of the industry in

emerging markets and suggests a set of guidelines that address alcohol misuse issues Alcohol Research & Health ,2010

Alcohol: No Ordinary Commodity Thomas F. Babor, Sally Casswell, Kathryn Graham, Taisia Huckle, Michael Livingston, Esa Österberg, Jürgen Rehm, Robin Room, Ingeborg Rossow, Bundit Sornpaisarn, 2022-10-31 Alcohol No Ordinary Commodity is a collaborative effort by an international group of addiction scientists to improve the linkages between addiction science and alcohol policy It presents in a comprehensive practical and readily accessible form the accumulated scientific knowledge on alcohol research that has a direct relevance to the development of alcohol policy on local national and international levels It provides an objective basis on which to build relevant policies globally and informs policy makers who have direct responsibility for public health and social welfare By locating alcohol policy primarily within the realm of public health this book draws attention to the growing tendency for governments both national and local to consider alcohol misuse as a major determinant of ill health and to organize societal responses accordingly The scope of the book is comprehensive and global The authors describe the conceptual basis for a rational alcohol policy and present new epidemiological data on the global dimensions of alcohol misuse The core of the book is a critical review of the cumulative scientific evidence in seven general areas of alcohol policy pricing and taxation regulating the physical availability of alcohol modifying the environment in which drinking occurs drinking driving countermeasures marketing restrictions primary prevention programs in schools and other settings and treatment and early intervention services The final chapters discuss the current state of alcohol policy in different parts of the world and describe the need for a new approach to alcohol policy that is evidence based global and coordinated A valuable resource for those involved in addiction science and drug policy as well as those in the wider fields of public health health policy epidemiology and practising clinicians *Perspectives on Alcohol Abuse* ,1988 Problems of Drug Dependence College on Problems of Drug Dependence (U.S.). Scientific Meeting, 1996 *Problems of Drug Dependence 1996* College on Problems of Drug Dependence (U.S.). Scientific Meeting, 1997 **Drinking Patterns and Their Consequences** Marcus Grant, Jorge Litvak, 1998 This volume traces the modern critical and performance history of this play one of Shakespeare s most loved and most performed comedies The essay focus on such modern concerns as feminism deconstruction textual theory and queer theory **The Treatment of Drinking Problems** E. Jane Marshall, Keith Humphreys, David M. Ball, 2010-09-30 The Treatment of Drinking Problems has become the definitive text in the field of alcohol problems It addresses the frontline realities of clinical practice in an informed and empathetic way whilst grounding this approach in critical scientific review Now in its fifth edition the text has been thoroughly revised and updated with new sections covering interventions for hazardous and harmful drinking dependent drinking and the different settings in which alcohol problems are encountered Clinical vignettes are used throughout the text to bring the discussion to life and to address the frontline realities of clinical practice This is a highly readable and practical guide for anyone generalist or specialist treating or caring for someone with an alcohol problem *Alcohol, Power and Public Health* Shane Butler, Karen

Elmeland, Betsy Thom, James Nicholls, 2017-03-16 In recent years the reduction of alcohol related harm has emerged as a major policy issue across Europe Public health advocates supported by the World Health Organisation have challenged an approach that targets problem drinking individuals calling instead for governments to control consumption across whole populations through a combination of pricing strategies restrictions on retail availability and marketing regulations Alcohol Power and Public Health explores the emergence of the public health perspective on alcohol policy in Europe the strategies alcohol control policy advocates have adopted and the challenges they have faced in the political context of both individual states and the European Union The book provides a historical perspective on the development of alcohol policy in Europe using four case studies Denmark England Scotland and Ireland It explores the relationship between evidence values and power in a key area of political decision making and considers what conditions create or prevent policy change The case studies raise questions as to who sets policy agendas how social problems are framed and defined and how governments can balance public health promotion against both commercial interests and established cultural practices This book will be of interest to academics and researchers in policy studies public health social science and European Union studies Alcohol
