Darkness at Dawn David Satter, 2019-06-18 The Russia that Satter depicts in this brave engaging book cannot be ignored Required reading for anyone interested in the post Soviet state Newsweek Anticipating a new dawn of freedom after the disintegration of the Soviet Union Russians could hardly have foreseen the reality of their future a decade later A country impoverished and controlled at every level by organized crime This riveting book views the 1990s reform period through the experiences of individual citizens revealing the changes that have swept Russia and their effect on Russia's age old ways of thinking With a reporter's eye for vivid detail and a novelist's ability to capture emotion he conveys the drama of Russia's rocky road for the average victimized Russian This is only half the story of what is happening in Russia these days but it is the shattering half and Satter renders it all the more poignant by making it so human Foreign Affairs Satter tells engrossing tales of brazen chicanery official greed and unbearable suffering Satter manages to bring the events to life with excruciating accounts of real Russians whose lives were shattered The Baltimore Sun Satter must be commended for saying what a great many people only dare to think The Globe and Mail Toronto Humane and articulate The Spectator Vivid impeccably researched and truly frightening Western policy makers would do well to study these pages National Post **La ley del**

crimen Mark Galeotti, 2019-05-16 Los Vory V Zakone son uno de los grupos del crimen organizado más peligrosos que existen Sus orígenes se remontan a la Rusia zarista pero fueron los gulags soviéticos los que transformaron su naturaleza y los convirtieron en toda una cultura Con un estricto código propio y luciendo unos tatuajes simbólicos que explican su bagaje delictivo los miembros de esta facción mafiosa son conocidos por su capacidad de adaptación a cualquier circunstancia extrema En esta obra asombrosa por la información que aporta y absorbente por el modo de explicarla Mark Galeotti consigue retratar de manera fiel a estos gángsteres rusos que han sabido moverse muy bien en los bajos fondos pero también se han infiltrado en las altas estructuras políticas y financieras de la Rusia actual **Vory : den ryska supermaffian** Mark Galeotti, 2019-06-04 Den ryska maffian vory v zakone uppstod i början av 1900 talet mestadels i arbets och straffängel där

Александр Солоник--киллер мафии Валерий Карышев,2002 **Overkill** Eliot Borenstein,2011-05-02 Perestroika and the end of the Soviet Union transformed every aspect of life in Russia and as hope began to give way to pessimism popular culture came to reflect the anxiety and despair felt by more and more Russians Free from censorship for the first time in Russia s history the popular culture industry publishing film and television began to disseminate works that featured increasingly explicit images and descriptions of sex and violence In Overkill Eliot Borenstein explores this lurid and often disturbing cultural landscape in close imaginative readings of such works as You re Just a Slut My Dear Ty prosto shliukha dorogaia a novel about sexual slavery and illegal organ harvesting the Nympho trilogy of books featuring a Chechen fighting sex addict and the Mad Dog and Antikiller series of books and films recounting respectively the exploits of the Russian Rambo and an assassin killing in the cause of justice Borenstein argues that the popular cultural products consumed in the post perestroika era were more than just diversions they allowed Russians to indulge their despair over economic woes and everyday threats At the same time they built a notion of nationalism or heroism that could be maintained even under the most miserable of social conditions when consumers felt most powerless For Borenstein the myriad depictions of deviance in pornographic and also detectiv fiction with their patently excessive and appalling details of social and moral decay represented the popular culture industry s response to the otherwise unimaginable scale of Russia s national collapse The full sense of collapse he writes required a panoptic view that only the media and culture industry were eager to provide amalgamating national collapse into one master narrative that would then be readily available to most individuals as a framework for understanding their own suffering and their own fears **Bibliographic Guide to Slavic, Baltic, and Eurasian Studies** ,2000 **Roma noir 2006** Elisabetta Mondello,2006 **Александр Солоник** Валерий Карышев,2002 Александр Солоник--киллер Мафии Valerii Karyshev,1999
