Armed Struggle And The Search For State:

Armed Struggle and the Search for State Yezid Sayigh, 1997-12-11 This masterly new work spans an entire epoch in the history of the contemporary Palestinian national movement from the establishment of Israel in mandate Palestine in 1948 to the PLO Israel accord of 1993 Contrary to the conventional view that national liberation movements proceed with state building only after attaining independence the case of the PLO shows that state building may shape political institutionalization throughout the previous struggle even in the absence of an autonomous territorial economic and social base That is the central argument of this insightful study which traces the political ideological and organizational evolution of the PLO and its constituent guerrilla groups Taking the much vaunted armed struggle as its connecting theme it shows how conflict was used to mobilize the mass constituency assert particular discourses of revolution and nationalism construct statist institutions and establish the legitimacy of a new political class and bureaucratic elite The book draws extensively on PLO archives official publications and internal documents of the various guerilla groups and over 400 interviews conducted by the author with the PLO rank and file Its span primary sources and conceptual framework make this the definitive work on the subject

Armed Struggle and the Search for State Yazid Sayigh, 2011 *Armed Struggle and the Search for State* Yazid Sayigh, 1999 **Israel's Foreign Policy Towards the PLO** Amnon Aran, 2009-09-22 Examining Israeli foreign policy towards the Palestinian Liberation Organization PLO between the 1967 war and the 2005 withdrawal from the Gaza Strip this work focuses on the impact and process of globalisation on the Israeli state s politics economy society and culture

Armed Struggle and the Search for State Yaz~id Şâyigh, 1997 *The Palestinian Left and Its Decline* Francesco Saverio Leopardi, 2020-07-06 This book examines the history of the Palestinian Left by focusing on the trajectory of the Popular Front for the Liberation of Palestine PFLP during its declining phase Relying on a substantial corpus of primary sources this study illustrates how the PFLP s political agency contributed to its own marginalisation within the Palestinian national movement Following the 1982 eviction of the Palestine Liberation Organisation PLO from Lebanon the bases of the PFLP s opposition to Fatah s primacy in the national movement were jeopardised This book argues that the PFLP s loyalty to the PLO institutional and political framework prevented the formulation of a real counterhegemonic political project This drove the PFLP s action to suffer a fundamental contradiction undermining its stance within the national movement In the attempt to continue its opposition to Fatah while maintaining integration in the Palestinian mainstream the PFLP s agency fluctuated compromising its effectiveness and credibility Apparently irreversible the PFLP s marginalisation is a factor fostering the current Palestinian impasse as no alternative is emerging to break the thirteen year long Hamas Fatah polarisation

Making Endless War Brian Cuddy, Victor Kattan, 2023-08-17 Making Endless War is built on the premise that any attempt to understand how the content and function of the laws of war changed in the second half of the twentieth century should consider two major armed conflicts fought on opposite edges of Asia and the legal pathways that link them

together across time and space The Vietnam and Arab Israeli conflicts have been particularly significant in the shaping and attempted remaking of international law from 1945 right through to the present day This carefully curated collection of essays by lawyers historians philosophers sociologists and political geographers of war explores the significance of these two conflicts including their impact on the politics and culture of the world s most powerful nation the United States of America The volume foregrounds attempts to develop legal rationales for the continued waging of war after 1945 by moving beyond explaining the end of war as a legal institution and toward understanding the attempted institutionalization of endless war

How Israelis and Palestinians Negotiate Tamara Cofman Wittes, 2005 Refreshing and revealing in equal measure this innovative volume conducts a critical self critical exploration of the impact of culture on the ill fated Oslo peace process The authors negotiators and scholars alike demolish stereotypes as they construct an unusually subtle and sophisticated understanding of how culture influences negotiating styles Culture they argue did not cause the Oslo breakdown but it did play an influential intervening role at several levels coloring the thinking of political leaders shaping domestic politics on both sides and affecting each side s evaluation of the other s beliefs and intentions After an overview by William Quandt of the history of the Oslo process and the impact of international factors such as U S mediation the volume presents a detailed analysis of first Palestinian and then Israeli negotiating styles between 1993 and 2001 Omar Dajani a former legal advisor to the Palestinian team explains how elements of Palestinian identity and national development have hobbled the Palestinians ability to negotiate effectively Aharon Klieman a distinguished Israeli analyst traces a long standing clash between diplomatic and security subcultures within the Israeli political elite and reveals how Israeli identity has helped create a negotiating style that opts for short term gains while undermining the prospects for a lasting agreement Drawing on these insights Tamara Wittes concludes the volume by offering not only a fresh appreciation of culture s influence on interethnic negotiations but also lessons for future negotiators in the Israeli Palestinian conflict Read the review from Foreign Affairs

A World of Enemies Osamah F. Khalil, 2024-04-16 In US foreign policy conflict has replaced diplomacy At home wars on crime drugs immigration and terrorism dissolve barriers between law enforcement and combat Tracing the origins of militarized policy to post Vietnam fears of waning US power Osamah Khalil argues that it is time to discard forever wars and invest in political solutions

The Iron Cage Rashid Khalidi, 2024-01-18 A brilliant and sobering critique of the Palestinian failure to achieve statehood by a major Palestinian historian and political commentator At a time when a lasting peace between Palestinians and Israelis seems virtually unattainable understanding the roots of the longest running conflict in the Middle East is an essential step in restoring hope to the region In *The Iron Cage* Rashid Khalidi one of the most respected historians and political observers of the Middle East examines the Palestinian s struggle for statehood presenting a succinct and insightful history of the people and their leadership throughout the twentieth century Ranging from the Palestinian struggle against colonial rule and the establishment of the State of Israel through the eras of the PLO the Palestinian Authority and Hamas

this is an unflinching and sobering critique of the Palestinian failure to achieve statehood as well as a balanced account of the odds ranged against them Lucid yet challenging Rashid Khalidi's engrossing narrative of this tortuous history is required reading for anyone concerned about peace in the Middle East

The Italian State and International Terrorism, 1969-1986 Valentine Lomellini, 2024-01-08 This book sheds light on the so called Moro Doctrine an Italian state security policy which has been portrayed in literature as an under the counter agreement made between Italy and Palestinian movement during the Cold War The Moro Doctrine or Lodo Moro as it is known in Italy aimed to protect the peninsula from Palestinian attacks by allowing terrorists to use Italian territory as a base for weapons and guerrilla fighters Responsibility for the Lodo was instrumentally placed on Aldo Moro the five time Prime Minister of Italy after his death and since then his name has become indelibly linked with the shame of having negotiated with Palestinian terrorists Thanks to records collected from over twenty archives in Italy the USA France Germany Britain and Russia concrete evidence shows that the significance of this agreement needs to be rethought The author argues that the decision to adopt the Lodo was not solely made by Moro but also involved key figures of the Christian Democrat and Socialist parties various magistrates and even the President of the Republic It illustrates how terrorism was used as an effective tool in international diplomacy to influence foreign and domestic policies Offering a re examination of Italian counter terrorist policy this book analyses how Italy responded to international terrorism during the Cold War providing a useful read for those researching Italian and European history Cold War studies the history of international relations and diplomacy and Middle East history

A Short History of the Gaza Strip Anne Irfan, 2025-08-28 The Gaza Strip is one of the most widely reported on regions in the world yet misinformation about its history and its people abound In this vital book historian Anne Irfan explains Gaza's outsized political significance through six pivotal moments in its modern history beginning with Israel's expulsion of the Palestinian people upon its establishment in 1948 when the Gaza region was truncated to the strip we know today As she takes us through Israel's occupation of Gaza the Palestinian national struggle and formation of the PLO the first intifada the creation of the Palestinian Authority and the rise of Hamas she tackles widespread historical ignorance and untangles contradicting narratives Drawing on a decade of research Irfan weaves in the voices of everyday Palestinians from farmers and teachers to poets and activists Written with remarkable clarity and compassion *A Short History of the Gaza Strip* is an indispensable read for anyone seeking to understand Palestine today

States of Emergency Stephen Morton, 2013-02-04 This book examines how violent anti colonial struggles and the legal military and political techniques used by colonial governments to contain them have been imagined in literature and law Case studies examined include Ireland India South Africa Algeria Kenya Israel Palestine Iraq Afghanistan and Northern Pakistan

Israel, Jordan, and Palestine Asher Susser, 2012 An astute assessment of the relationship between Israel Jordan and the Palestinians with scenarios for the future of Palestinian statehood

The Politics of Militant Group Survival in the Middle East Ora Szekely, 2016-11-26 This book compares the performances of

four key non state actors in the Arab Israeli conflict ecosystem the PLO Hamas Hizbullah and Amal It argues that it is not the assets a militant group has but rather how it acquired them that matters in explaining the variation in these actors abilities to militarily resist and politically recover from confrontations with far more powerful adversaries Groups that rely on marketing campaigns to secure local support and regional patronage do far better than those that rely on coercion or even barter The book develops a typology of organizations based on their foreign and domestic policies which has interesting implications for other non state actors such as ISIS It is based on field research in Jordan Lebanon Israel the West Bank Egypt and Syria including interviews with members of a range of Lebanese and Palestinian militant groups as well as politicians UN staff journalists and members of the Jordanian and Israeli armies

Refuge and Resistance Anne Irfan, 2023-07-18 Shortlisted 2024 Academic Book Award Palestine Book Awards In the decades after World War II the United Nations established a global refugee regime that became central to the lives of displaced people around the world This regime has exerted particular authority over Palestinian refugees who are served by a specialized UN body the Relief and Works Agency UNRWA Formed shortly after the 1948 war UNRWA continues to provide quasi state services such as education and health care to Palestinian refugee communities in the Middle East today This book is a groundbreaking international history of Palestinian refugee politics Anne Irfan traces the history and politics of UNRWA s interactions with Palestinian communities particularly in the refugee camps where it functioned as a surrogate state She shows how Palestinian refugees invoked internationalist norms to demand their political rights while resisting the UN s categorization of their plight as an apolitical humanitarian issue Refuge and Resistance foregrounds how nonelite activism shaped the Palestinian campaign for international recognition showing that engagement with world politics was driven as much by the refugee grass roots as by the upper echelons of the Palestine Liberation Organization It demonstrates that refugee groups are important actors in global politics not simply aid recipients Recasting modern Palestinian history through the lens of refugee camps and communities Refuge and Resistance offers vital new perspectives for understanding politics beyond the nation state

Palestinian Political Discourse Emile Badarin, 2016-04-28 A great deal of political and academic responses to the Israel Palestine conflict have construed the Palestinians as an object of Western and Israeli discourses rather than their own Palestinian discourse This has hindered understanding of the internal mechanisms involved in the production of the Palestinian conditions Palestinian Political Discourse presents an in depth examination of Palestinian political discourse since an Nakba in 1948 and stitches together the underlying mechanisms and rules that have shaped Palestinian politics in turn synthesizing interpreting and scrutinizing these rules Studying the question of Palestine discursively offers new ways to rethink political agency structures identity institutions and power relations while interpreting Palestinian actions This book adds new understanding to Palestinian political agency by explaining how political actions were constructed Discourse analysis methodology underlies the critical examination of the genealogy of concepts and frames that have oriented Palestinian political thought Contrary to established

views that ascribe shifts in Palestinian politics primarily to external factors and international changes this book demonstrates how transformation has been a continuing inbuilt feature within the discursive regime and that dramatic shifts were only effects of much deeper slowly evolving changes Examining discourse and thus language offers an exceptional possibility to see from the Palestinian perspective As such this book provides material vital to the deeper interpretation of the Palestinian question It will be a valuable resource for students and scholars of Israel Palestine studies Middle East studies and discourse analysis

Non-international Armed Conflict in the Twenty-first Century Kenneth Watkin, Andrew J. Norris, 2012
Examines the legal issues surrounding non international armed conflict NIAC in the modern era *Hamas Contained* Tareq Baoni, 2023-05-25 Judicious and impartial this important work adds nuance to the portrait of one of the Middle East's most divisive players Publishers Weekly Hamas is a multifaceted liberation organization that rules Gaza and the lives of the two million Palestinians who live there Demonized as a terrorist group in media and policy debates it has been subjected to accusations and assumptions that have helped justify extreme military action in the region In *Hamas Contained* Tareq Baoni offers the first history of the group on its own terms Drawing on interviews with organization leaders as well as publications from the group Baoni maps Hamas's thirty year transition from fringe resistance to governance Questioning the conventional understanding of Hamas he shows how the movement's ideology ultimately threatens the Palestinian struggle and inadvertently its own legitimacy Baoni demonstrates how Hamas's armed struggle has failed in the face of a relentless occupation and he argues that Israel's approach of managing rather than resolving the conflict has neutralized Hamas's demand for Palestinian sovereignty This dynamic has perpetuated a deadlock characterized by its brutality and one that has led to the collective punishment of millions of Palestinian civilians

The Only Language They Understand Nathan Thrall, 2017-05-16 In a myth busting analysis of the world's most intractable conflict a star of Middle East reporting one of the most important writers in the field The New York Times argues that only one weapon has yielded progress force Scattered over the territory between the Jordan River and the Mediterranean Sea lie the remnants of failed peace proposals international summits secret negotiations UN resolutions and state building efforts The conventional story is that these well meaning attempts at peacemaking were repeatedly perhaps terminally thwarted by violence Through a rich interweaving of reportage historical narrative and powerful analysis Nathan Thrall presents a startling counter history He shows that force including but not limited to violence has impelled each side to make its largest concessions from Palestinian acceptance of a two state solution to Israeli territorial withdrawals This simple fact has been neglected by the world powers which have expended countless resources on initiatives meant to diminish friction between the parties By quashing any hint of confrontation promising an imminent negotiated solution facilitating security cooperation developing the institutions of a still unborn Palestinian state and providing bounteous economic and military assistance the United States and Europe have merely entrenched the conflict by lessening the incentives to end it Thrall's important book upends the beliefs steering these

failed policies revealing how the aversion of pain not the promise of peace has driven compromise for Israelis and Palestinians alike Published as Israel s occupation of East Jerusalem the West Bank and Gaza reaches its fiftieth anniversary which is also the centenary of the Balfour Declaration that first promised a Jewish national home in Palestine The Only Language They Understand advances a bold thesis that shatters ingrained positions of both left and right and provides a new and eye opening understanding of this most vexed of lands

Thank you very much for reading **Armed Struggle And The Search For State**. As you may know, people have search hundreds times for their chosen novels like this Armed Struggle And The Search For State, but end up in infectious downloads.

Rather than reading a good book with a cup of tea in the afternoon, instead they are facing with some infectious virus inside their computer.
