Yorkshire, Past and Present Thomas Baines, 1870 Sport, Leisure and Culture in the Postmodern City Stephen Wagg, 2016-04-01 The widespread concept of the postmodern city is frequently linked to the decline of traditional manufacturing industries and a corresponding wane of white working class culture In place of these appear flexible working practices a diversified workforce and a greater emphasis on consumption leisure and tourism Illustrated by an interdisciplinary study of Leeds a typical postmodern city this volume examines how such cities have reinvented themselves commercially politically and spatially over the past two decades The work addresses issues like cultural policy city centre development sport leisure and identity and explores different urban processes in relation to changing configuration of class gender and ethnicity in the postmodern city **Yorkshire Footprint Focus Guide** Jo Williams, 2013-04-19 Ruggedly beautiful Yorkshire has much to offer travellers From the historic and gorgeous city of York to the breathtaking moors crashing into the sea on sheer cliffs Yorkshire is also home to the busy modern nightlife of larger cities such as Leeds and Sheffield Footprint Focus provides invaluable information on transport accommodation eating and entertainment to ensure that your trip includes the best of this alluring region of the UK Essentials section with useful advice on getting to and around Yorkshire Comprehensive up to date listings of where to eat sleep and seek adventure Includes information on tour operators and activities from cheese tasting to hiking in the moors Detailed maps for Yorkshire and around Slim enough to fit in your pocket With detailed information on all the main sights plus many lesser known attractions Footprint Focus Yorkshire provides concise and comprehensive coverage of one of England s most marvellous regions CurbChek Zach Fortier, 2022-10-22 Curbchek is the story of a damaged cop Zach Fortier Fortier worked in the police department for the city where he grew up One foot in the world of the cops courts and legal system The other in the world of gangs drugs thugs and street violence Where the laws and rules are made by the strongest the schemers and most brutal Read about the transformation of Fortier from a green rookie to a damaged paranoid veteran seeing danger in every situation Follow along as he walks this tight rope Trying to make difference breaking the laws he promised to enforce This is a story of law and order uncensored Curbchek debuted at 11 in Hot New Releases and has been listed in the top five in true crime best sellers listed at 4 Curbchek has been awarded a Bronze Medal in the 2013 Readers Favorite International Book Awards *Creating Paradise* Richard Wilson, Alan Mackley, 2000-01-01 Looking at the building of country houses as a whole this book investigates why owners embarked on extensive building programmes often following a grand tour It explores the cost of building and the cost of furnishing and decoration **History of Economic Thought** Isaac Ilyich Rubin, 1987-01-01 This is

an important and unparalleled work which situated Marx's economic theory in relation to the economic theories that predate him from mercantilism to John Stuart Mill First published in 1929 the book dates from the fertile period of Marxist economic theory that produced the works of Preobrazhensky Kondratiev and Bukharin However as a review of pre Marxist economics it stands out from the many books which dwell only on the contemporary industrialisation debates This is a selective reading of economic thought offering analysis of those elements in past economics that accord with the areas of interest to Marxism Each section gives a brief analysis of a specific school of thought with particular attention to the social and ideological climate within which it evolved The book differs from orthodox accounts in not merely mentioning historical background but using it as a central explanation of the evolution of economic theories As a counterpoint to Rubin Catherine Colliot Thelene has written a daring essay which locates a crucial flaw in the logical structure of Marx's Capital **Reclaiming Feminism**

Scotland, Ireland and the Devonshire Coast ,1853 Methodism in Earnest James Caughey,Ralph William Allen,1850 **Branch Line Britain** Paul D. Shannon,2023-12-30 This book examines in words and pictures the network of British branch lines and other secondary routes that survived the mass closures of the 1960s While nearly 4 000 route miles were lost between 1963 and 1970 the cuts were less severe than they might have been Some lines were reprieved because of their social importance even though they would never pay their way in purely commercial terms They included some lengthy rural routes such as those serving the Far North of Scotland Central Wales and the Cumbrian Coast as well as some urban backwaters such as Romford to Upminster and the St Albans Abbey branch As the 1970s progressed closures became scarce but cost cutting measures included the singling of some lines as well as scaled down stations and simplified signalling Yet even today some pockets of traditional operation survive Mechanical signal boxes still control many hundreds of miles across the network in areas as diverse as West Cornwall East Lincolnshire and South West Scotland This book also celebrates several reopened and new lines ranging from the major Borders Railway project in Scotland to the Stansted Airport and Barking Riverside branches in South East England making the point that the branch line concept is far from dead **The imperial cyclopædia [based on The penny cyclopædia of the Soc. for the diffusion of useful knowledge].
