The Hong Kong-Guangdong Link Reginald Yin-Wang Kwok,Alvin Y. So,2020-11-25 This text focuses on the relationship of Hong Kong with the adjacent Chinese province Guangdong the territories most directly involved in the 1997 transfer of Hong Kong to Chinese rule The socio economic political and cultural impact of this crucial link and the implications for the future of both Hong Kong and China are studied A multi disciplinary approach is taken to examine the complexity of economic political and cultural transformation of the Hong Kong Guangdong link and this book presents a historical perspective to trace the long term structural transformation The dynamics of the integration process between the two territories is also explored **Hong Kong 1862-1919** G.R. Sayer,D.M.E. Evans,1985-07-01 Geoffrey Robley Sayer 1887 1962 completed this book before World War II as a sequel to his earlier work Hong Kong birth adolescence and coming of age which was published in 1937 The first book covered the period 1841 1861 and in this second instalment which is now published for the first time the author continued his history of Hong Kong down to 1919 a time which he could himself recall having joined the Hong Kong civil service as a cadet in 1910 The Politics of Patriotism Jonathan Parry,2006-11-30 Between the 1830s and 1880s European problems had a profound impact on British politics Jonathan Parry examines the effect on the British Liberal movement of the most significant of these such as the 1848 Revolutions the unification of Italy the Franco Prussian War and the Eastern Question arguing that these European problems made patriotism a major political question governments were judged by their success in promoting British interests abroad but also by the purity potency and Englishness of the political values they represented This volume makes a major contribution towards understanding three important aspects of nineteenth century British history British attitudes to Europe contemporary notions of national identity and the nature and dynamic of British Liberalism Setting foreign and domestic policy discussions in a patriotic framework Parry offers an analysis of the ideas that influenced the Liberal political coalition and the turning points affecting its vigour and unity as a political movement **Why Nations Fight** Richard Ned Lebow,2010-09-02 Four generic motives have historically led states to initiate war fear interest standing and revenge Using an original data set Richard Ned Lebow examines the distribution of wars across three and a half centuries and argues that contrary to conventional wisdom only a minority of these were motivated by security or material interest Instead the majority are the result of a quest for standing and for revenge an attempt to get even with states who had previously made successful territorial grabs Lebow maintains that today none of these motives are effectively served by war it is increasingly counterproductive and that there is growing recognition of this political reality His analysis allows for more fine grained and persuasive forecasts about the future of war

Place and Memory in the Singing Crane Garden Vera

Schwarcz,2014-11-05 The Singing Crane Garden in northwest Beijing has a history dense with classical artistic vision educational experimentation political struggle and tragic suffering Built by the Manchu prince Mianyu in the mid nineteenth century the garden was intended to serve as a refuge from the clutter of daily life near the Forbidden City In 1860 during the Anglo French war in China the garden was destroyed One hundred years later in the 1960s the garden served as the ox pens where dissident university professors were imprisoned during the Cultural Revolution Peaceful Western involvement began in 1986 when ground was broken for the Arthur Sackler Museum of Art and Archaeology Completed in 1993 the museum and the Jillian Sackler Sculpture Garden stand on the same grounds today In Place and Memory in the Singing Crane Garden Vera Schwarcz gives voice to this richly layered corner of China s cultural landscape Drawing upon a range of sources from poetry to painting Schwarcz retells the garden s complex history in her own poetic and personal voice In her exploration of cultural survival trauma memory and place she reveals how the garden becomes a vehicle for reflection about history and language Encyclopedic in conception and artistic in execution Place and Memory in the Singing Crane Garden is a powerful work that shows how memory and ruins can revive the spirit of individuals and cultures alike Blunder Patrick Porter,2018

The Lion and the Dragon Mark

Simner,2019-06-29 During the middle of the 19th Century Britain and China would twice go to war over trade and in particular the trade in opium The Chinese people had progressively become addicted to the narcotic a habit that British merchants were more than happy to feed from their opium poppy fields in India When the Qing dynasty rulers of China attempted to suppress this trade due to the serious social and economic problems it caused the British Government responded with gunboat diplomacy and conflict soon ensued The first conflict known as the First Anglo Chinese War or Opium War 1839 42 ended in British victory and the Treaty of Nanking However this treaty was heavily biased in favour of the British and it would not be long before there was a renewal of hostilities taking the form of what became known as the Second Anglo Chinese War or Arrow War 1857 60 Again the second conflict would end with an unequal treaty that was heavily biased towards the victor The Lion and the Dragon Britain s Opium Wars with China 1839 1860 examines the causes and ensuing military history of these tragic conflicts as well as their bitter legacies

American Diplomatic and Public Papers: The treaty system and the Taiping rebellion, 1842-1860. v. 1. The Kearny and Cushing missions ,1973 The Politics of Sex, Race and Working-Class Slang in Late Second Empire French Caricature Russell Stephens,2025-08-11 This study examines caricatures as they appeared within popular Parisian magazines in mid 19th century France at the time of the 1867 World's Fair Chapters compare the comic mockery of several of the most important satirists of this time including Am d e de No or Cham 1818 1879 as he was more popularly known and Honor Daumier 1808 1879 A major theme within the analysis is how these caricaturists secretly used argot street slang as documented in two slang dictionaries by Parisian litterateur Alfred Delvau 1825 1867 within their comic images to carry hidden encrypted messages in order to evade the censorship of the day The book focuses primarily on caricatures of Chinese visitors who were part of the 1866 diplomatic visit to Paris and images of Chinese at the 1867 Exposition Universelle showing how the satires which were published by Cham used argot to create highly sexualised images that were often racist in nature In contrast the volume proposes that Daumier used slang in his caricatures to challenge racism and to make secret reference to current political leaders and politics The book will be of interest to scholars working in art history visual culture media studies and communication studies
