Art Of Sculpture:

The Art of Sculpture Herbert Read, 2023-08-15 A stunning visual history of sculpture from prehistory through modernity This book presents an aesthetic of sculptural art which has too often submitted to the rule of architecture and painting Herbert Read emphasizes the essential and autonomous nature of sculpture Form in its full spatial completeness in the words of British sculptor Henry Moore The Art of Sculpture provides historical support and theoretical rigor to this conception Along the way this incisive and wide ranging book takes readers on a breathtaking tour of great works of sculpture from prehistoric times to the modern era *A Concise History of Modern Sculpture* Herbert Read, 1964 Text references p 279 282 Bibliography p 283 285 Sculpture and Touch Dr Peter Dent, 2014-08-28 This book introduces a new impetus to the discussion of the relationship between touch and sculpture by setting up a dialogue between art historians and individuals who are working in disciplines beyond art history The collection brings together a diverse set of approaches with essays tackling subjects from prehistoric figurines to the work of contemporary artists from pre modern ideas about the physiology of touch to tactile interaction in the museum and from the phenomenology of touch in philosophy to the findings of scientific study **The Lustrous Trade** Cinzia Sicca, Alison Yarrington, 2001-01-01 In recent years the Anglo Italian sphere of artistic exchange in relation to painting has been an increasingly productive area of research Here contributors shift the focus onto the two countries equally significant sculpture trade This volume of selected essays by economic and social historians and historians of material culture and art investigates the varied roles and functions of sculpture and the ways in which this particular cultural exchange was manifested Issues of business and the markets for sculpture are highlighted both in the context of producers of high art and in the wider market of religious garden and decorative sculpture *Sculpture in Britain, 1530-1830* Margaret Dickens Whinney, 1964 The Technique of Sculpture John W. Mills, 1976 The author describes all the important sculptural techniques to enable the sculptor to be confident of an exact reproduction of his original idea Individual chapters deal with the various materials used by the sculptor and the tools required in each case There are further sections covering maquette firing bronze casting welding brazing constructions armatures direct media finishes and presentation Mills trained at the Royal College of Art *The Art of Sculpture* Herbert Edward Read, 2003-01 **Illustrations of Modern Sculpture** Thomas Kibble Hervey, 1832 **Leonardo Da Vinci and the Art of Sculpture** Gary M. Radke, Leonardo (da Vinci), Martin Kemp, 2009 Leonardo da Vinci 1452 1519 is renowned as a painter designer draftsman architect engineer scientist and theorist His work as a sculptor is not commonly acknowledged and many have argued that Leonardo believed that sculpture was an inferior art form of lesser genius than painting Challenging and overturning these assumptions Leonardo da Vinci and the Art of Sculpture looks at the sculptural projects that the artist undertook as well as the late Renaissance sculptures that were indebted to him Leonardo consistently drew inspiration from ancient sculpture admired the work of such contemporary sculptural innovators as Donatello and even trained under Andrea del Verrocchio the

preeminent bronze sculptor of late 15th century Florence Furthermore Leonardo spent many years of his life working on two larger than life sized horse sculptures Sforza and Trivulzio monuments to Francesco Sforza the Duke of Milan and to Gian Giacomo Trivulzio his successor Although neither was completed the authors argue that these equestrian monuments show how Leonardo was intensely engaged with the design dilemmas of representing a horse rearing on its hind legs Another highlight of the book is a group of new images of the John the Baptist Preaching to a Levite and a Pharisee a recently restored large scale work in the Florentine Baptistery that clearly demonstrates Leonardo s collaboration with Giovanni Rustici
