Brontë, 1873 **The American Humanities Index** Stephen H. Goode, 2000 *In the Footsteps of the Brontës* Esther A. Chadwick, 1971 **Das grosse Conversations-Lexicon für die gebildeten Stände** Meyer, 1842 **Reclaiming Myths of Power** Ruth Y. Jenkins, 1995 This book re-examines the Victorian spiritual crisis from the perspective of the period's women writers exploring the spiritual dimension in their lives and narratives. The introduction considers the relationship between sacred and secular canons and the limited access women have had to both. In the following chapters case studies of the lives and selected texts of Florence Nightingale, Charlotte Brontë, Elizabeth Gaskell, and George Eliot provide an in-depth analysis of the relationship between female spiritual crises and diverse narrative strategies that reappropriate the conservative power associated with religious symbolism for a radical revisioning of women's social subjection. By analyzing the neglected spiritual crises these women experienced, their discourse, and that produced by other Victorian women, this study reveals a more complex problematic and polemical dialogue during the period than has previously been argued.
