Erinn E. Knyt

Art Of The Piano Its Performers Literature And Recordings:

The Art of the Piano David Dubal, 1989 Dubal provides the definitive guide to the piano its greatest performers the masterpieces composed for it and the finest recorded performances **The Art of the Piano** David Dubal, 2004 **Art of the Piano** David Dubal, 1995 A long with careful judgement and genuine love of the subject Library Journal David Dubal brings unparalleled expertise as a concert pianist Juilliard faculty member and former music director of a major classical music station to this second edition of his definitive guide to the piano Here are enlightening profiles of history s greatest concert pianists from Clementi and Mozart to the major artists of the twentieth century Here too in alphabetical order by composer are the masterpieces of the literature solo and concerto a discussion of the place of each piece in the composer s oeuvre and a list of recorded performances that show the composition in its most diverse moods Updated to include more than seventy additional pianists and hundreds of new CDs this is a guide piano teachers concert goers and other devotees of keyboard virtuosity should find among the best read and most useful books on their personal reference shelves Booklist

The Pianist's Bookshelf, Second Edition Maurice Hinson, Wesley Roberts, 2023-11-07 Originally published in 1997 The Pianist s Bookshelf was according to the Library Journal a unique and valuable tool Now rewritten for a modern audience this second edition expands into the 21st century A completely revised update The Pianist s Bookshelf Second Edition comes to the rescue of pianists overwhelmed by the abundance of books videos and other works about the piano In this clear easy to use reference book Maurice Hinson and Wesley Roberts survey hundreds of sources and provide concise practical annotations for each item thus saving the reader hours of precious research time In addition to the main listings of entries such as Chamber Music and Piano Duet the book has indexes of authors composers and performers A handy reference from the masters of piano bibliography The Pianist s Bookshelf Second Edition will be an invaluable resource to students teachers and musicians **The Oxford Handbook of Music and Disability Studies** Blake Howe, Stephanie Jensen-Moulton, Neil William Lerner, Joseph Nathan Straus, 2016 Like race gender and sexuality disability is a social and cultural construction Music musicians and music making simultaneously embody and shape representations and narratives of disability Disability culturally stigmatized minds and bodies is one of the things that music in all times and places can be said to be about The Piano Robert Palmieri, 2004-06-01 The Encyclopedia of the Piano was selected in its first edition as a Choice Outstanding Book and remains a fascinating and unparalleled reference work The instrument has been at the center of music history with even composers of large symphonic work asserting that they do not write anything without sketching it out first on a piano its limitations and expressive capacity have done much to shape the contours of the western musical idiom Within the scope of this user friendly guide is everything from the acoustics and construction of the piano to the history of the companies that have built them The piano lover might also be surprised to find an entry for Thomas Jefferson and will no doubt read intently the passages about the changing history of the piano s place in the home Uniformly well written and authoritative this guide

will channel anyone's love for the instrument through social intellectual art history and beyond into the electronic age

Piano Pedagogy Gilles Comeau, 2013-01-11 Piano Pedagogy A Research and Information Guide provides a detailed outline of resources available for research and or training in piano pedagogy Like its companion volumes in the Routledge Music Bibliographies series it serves beginning and advanced students and scholars as a basic guide to current research in the field The book will includes bibliographies research guides encyclopedias works from other disciplines that are related to piano pedagogy current sources spanning all formats including books journals audio and video recordings and electronic sources

Music Library and Research Skills Jane Gottlieb, 2017 Concise and engaging this text covers a wide range of reference sources for research in all genres of music Through this practical introduction to the key concepts of music research students will develop a firm understanding of the tools used to gather data including what types of sources exist how they are arranged and how they may best be used to do research

Johann Sebastian Bach's Goldberg Variations Reimagined Erinn E. Knyt, 2024 This book offers the first detailed reception history of adaptations of Johann Sebastian Bach's Goldberg Variations from 1800-2020 By focusing on ways the piece has been arranged transcribed and reworked or quoted in film dance literature visual art and digital media it reveals changing views about the role of the composer and score that have impacted recent performance practices and notions of the work concept Beyond this it features the work of composers many from underrepresented backgrounds who have recently deconstructed Bach by reimagining the subjects compositional procedures and forms using contemporary compositional approaches

The Pianist's Dictionary Maurice Hinson, Wesley Roberts, 2020-03-03 From A to Z to middle C An essential reference for piano students teachers players and music lovers with hundreds of definitions E L Lancaster Alfred Music The Pianist's Dictionary is a handy and practical reference dictionary aimed specifically at pianists teachers students and concertgoers Prepared by Maurice Hinson and Wesley Roberts this revised and expanded edition is a compendium of information gleaned from a combined century of piano teaching Users will find helpful and clear definitions of musical and pianistic terms performance directions composers pianists famous piano pieces and piano makers The authors succinct entries make The Pianist's Dictionary the perfect reference for compiling program and liner notes studying scores and learning and teaching the instrument This new edition is a go to source for piano scholars and students for quick information on musical terms pianists major works in the piano repertoire piano manufacturers and more comprehensive easy to use Jane Magrath University of Oklahoma

The Beethoven Obsession Brendan Ward, 2013-08-01 The Beethoven Obsession tells the story of how the greatest piano music ever written acquired a unique Australian voice played on a revolutionary grand piano that shook up the conservative music establishment It is a fast paced drama of frustration envy rivalry struggle and success starring a self taught child prodigy who sold condoms and contraband to advance his studies a fanatical inventor who took apart pianos as a child to examine their gizzards and a TV cameraman who became a music entrepreneur to translate the music he loved into an Australian first Their unorthodox

historic odyssey created multi award winning best selling albums and changed their lives forever *Absolute Music, Mechanical Reproduction* Arved Ashby, 2010-06-07 Recordings are now the primary way we hear classical music especially the more abstract styles of absolute instrumental music In this original provocative book Arved Ashby argues that recording technology has transformed our understanding of art music Contesting the laments of nostalgic critics Ashby sees recordings as socially progressive and instruments of a musical vernacular but also finds that recording and absolute music actually involve similar notions of removing sound from context He takes stock of technology's impact on classical music addressing the questions at the heart of the issue This erudite yet concise study reveals how mechanical reproduction has transformed classical musical culture and the very act of listening breaking down aesthetic and generational barriers and mixing classical music into the soundtrack of everyday life **The Pianist's Craft** Richard P. Anderson, 2012 No pianist can experience the full flowering of her art without eventually grappling with those great musical minds who composed specifically for piano In *The Pianist's Craft* Richard Anderson collects from his fellow pianist scholars 19 articles on the teaching preparation and performance of works by the greatest composers in the standard piano repertoire This collection ranges in subject matter from Inge Rosar's meditation on playing Bach on the modern keyboard to Gary Amato's assessment of Haydn's sonatas from Christie Skousen's review of tone production in Chopin to Gwenolyn Mok's foray into recreating Ravel's works on an Erard piano the same used by Ravel himself Readers will find essays as well on Mozart's piano compositions Beethoven's sonatas the influence of Schubert's lieder on his piano works and works by Schumann Liszt Brahms Debussy Rachmaninoff Scriabin Prokofiev Shostakovich Bartók Gershwin and Crumb The contributors all recognized nationally and internationally for their contributions as performing artists teachers recording artists and clinicians write thoughtfully about the composers whose work they have studied and played for years Each author addresses issues unique to the individual composer they have chosen to explore examining questions of phrasing tempo articulation dynamics rhythm color gesture lyricism instrumentation and genre Valuable insight is provided into teaching performing and preparing these great works In *The Pianist's Craft* these great artists and teachers answer questions for readers that are otherwise only addressed in conferences master classes and private lessons In this collection of essays key points of information and instruction are offered with over 200 musical examples included as illustration *The Pianist's Craft* is intended for teachers and students of the intermediate and advanced levels of piano instructors and performers at the university level and those who love piano and piano music generally *College Guide for Performing Arts Majors* Carole J. Everett, Peterson's, 2009-09-14 Describes graduate programs in art dance music and theater and lists undergraduate programs *Chasing Chopin* Annik LaFarge, 2021-08-10 The Frédéric Chopin Annik LaFarge presents here is not the melancholy sickly romantic figure so often portrayed The artist she discovered is instead a purely independent spirit an innovator who created a new musical language an autodidact who became a spiritually generous trailblazing teacher a stalwart patriot during a time of revolution and exile

In *Chasing Chopin* she follows in his footsteps during the three years 1837-1840 when he composed his iconic Funeral March dum dum da dum using its composition story to illuminate the key themes of his life: a deep attachment to his Polish homeland, his complex relationship with writer George Sand, their harrowing but consequential sojourn on Majorca, the rapidly developing technology of the piano which enabled his unique tone and voice, social and political revolution in 1830s Paris, friendship with other artists from the famous Eugène Delacroix to the lesser known yet notorious in his time Marquis de Custine. Each of these threads—musical, political, social, personal—is woven through the Funeral March in Chopin's Opus 35 sonata, a melody so famous it's known around the world even to people who know nothing about classical music. But it is not as LaFarge discovered the piece of music we think we know. As part of her research into Chopin's world then and now, LaFarge visited piano makers, monuments, churches, and archives; she talked to scholars, jazz musicians, video game makers, software developers, music teachers, theater directors, and of course dozens of pianists. The result is extraordinary: an engrossing, page-turning work of musical discovery and an artful portrayal of a man whose work and life continue to inspire artists and cultural innovators in astonishing ways.

Lili Kraus Steven Henry Roberson, 2000. Her long and distinguished performing career included appearances with the world's major orchestras and over a hundred recordings.

Shura Cherkassky Elizabeth Carr, 2006-01-12. Shura Cherkassky's life story, like his piano playing, is provocative and captivating. At his death in 1995, Cherkassky was considered one of history's greatest pianists as well as the last direct link to the Romantic piano tradition of Chopin, Liszt, and Anton Rubinstein. Cherkassky's story merits telling not only for his musical achievements but also for the inspiration he provided by demonstrating tenacity, integrity, common sense, and uncommon courage. Cherkassky began his concert playing life in Ukrainian Odessa at a time of lethal civil strife. Escaping with his parents to America, the child prodigy came under the tutelage of famed pianist Josef Hofmann, whose unfailing personal and professional assistance continued for more than twenty years. Cherkassky overcame poverty, prejudice against his Jewish origins, and unhappiness from his ambivalence over his homosexuality to forge an impressive touring and recording career, an enormous musical repertoire, and an intriguing personality both on stage and off. From his sensational 1923 American debut tour to sold-out concerts on six continents, Cherkassky retained his brilliance throughout a seventy-five year professional career. As a close friend for his last twenty years, author Elizabeth Carr traveled with Cherkassky on tour, attending recording and rehearsal sessions and watching him practice, plan programs, and cope with pianos, acoustics, conductors, and orchestras. Her role as confidante results in a keen understanding of Cherkassky both as a human being and a performer. Through observations, anecdotes, sixteen pages of photos, and personal correspondence reprinted in the book, this biography offers extensive research never before published and an intimate look at the man and his music.

Bach Perspectives, Volume 13 Laura Buch, 2020-12-14. Scholars and performers have long noted J. S. Bach's abundant use of parody procedures that is the recycling and reworking of pre-existing material from his own compositions or from other sources. Laura Buch edits

essays exploring how the composer parodied the work of others and how other composers did the same with him The contributors delve into the works of Baroque era composers from Bach himself to C P E Bach Johann Caspar Ferdinand Fischer and Ferruccio Busoni But they also cast a wider net investigating the ways Bach's music cross pollinates with contemporary composer performers John Lewis and the Modern Jazz Quartet and keyboardist Bernie Worrell and Parliament Funkadelic The diverse contexts illuminate a broad range of parody techniques from structural scaffolding and contrapuntal elaboration to integration with stylistic languages far removed from the Baroque An insightful look at how composers build on each other's work Bach Reworked reveals how nuanced understandings of parody procedures can fuel both musical innovation and historically informed performance Contributors Stephen A Crist Ellen Exner Moira Leanne Hill Erinn E Knyt and Markus Zepf

Ineffability: An Exercise in Comparative Philosophy of Religion Timothy D. Knepper, Leah E. Kalmanson, 2017-11-24 This collection of essays is an exercise in comparative philosophy of religion that explores the different ways in which humans express the inexpressible It brings together scholars of over a dozen religious literary and artistic traditions as part of The Comparison Project's 2013-15 lecture and dialogue series on religion beyond words Specialist scholars first detailed the grammars of ineffability in nine different religious traditions as well as the adjacent fields of literature poetry music and art The Comparison Project's directors then compared this diverse set of phenomena offering explanations for their patterning and raising philosophical questions of truth and value about religious ineffability in comparative perspective This book is the inaugural publication of The Comparison Project an innovative new approach to the philosophy of religion housed at Drake University Des Moines Iowa USA The Comparison Project organizes a biennial series of scholar lectures practitioner dialogues and comparative panels about core cross cultural topics in the philosophy of religion Specialist scholars of religion first explore this topic in their religions of expertise comparativist philosophers of religion then raise questions of meaning truth and value about this topic in comparative perspective The Comparison Project stands apart from traditional approaches to the philosophy of religion in its commitment to religious inclusivity It is the future of the philosophy of religion in a diverse global world

[The Pianist's Bookshelf](#) Maurice Hinson, 1998-05-22 In addition to the main listing of entries the book has several topical indexes
