Art Of Veterinary Practice A Guide To Client Communication:

The Art of Veterinary Practice Myrna M. Milani,1995 Parses the complex and often complicated relationship among veterinarians their patients and their clients the animals owners Helps students and practitioners examine their own feelings and beliefs as an aid to communication and suggests the many approaches and roles of the veterinarian and the emotional and financial constraints of the client The focus is on pets rather than working animals Annotation copyright by Book News Inc Portland OR

Exam Room Communication for Veterinarians Jon Klingborg,2011

The Healthy Pet Manual Deborah Straw,2005-07-05 Examines the environmental dietary and lifestyle related causes of cancer in pets and how to safeguard their well being Cancer is the number one killer of most domestic animals Includes health care information on dogs cats ferrets rabbits and guinea pigs The first consumer oriented book to assess conventional and alternative treatment options Keeping their pets healthy and happy is the number one priority of pet owners Having lost four animal companions to cancer author Deborah Straw became frustrated by the lack of information about what was causing the disease and wanted to know what she could do to treat and prevent it This thorough and comprehensive guide is the result of her search for answers It provides readers with the knowledge of how to ward off the unforeseen causes of cancer and protect the safety and health of their pets Cancer is the number one killer of most domestic animals This revised and expanded edition of Why Is Cancer Killing Our Pets includes the most up to date information on the environmental dietary and vaccine related culprits that may cause cancer in pets and the preventive measures that can be taken against this disease Readers whose pets have been diagnosed with cancer will benefit from the full spectrum of both conventional and alternative treatments presented in this book from chemotherapy and laser surgery to herbal therapy acupuncture and touch therapy In addition readers will find guidance about caring for a sick pet and grieving his or her loss should the pet die Full of information options and support this is an essential resource for protecting pets

Clinical Medicine of the Dog and Cat Michael Schaer,Frederic Gaschen,Stuart Walton,2022-10-28 There are several blockbuster veterinary textbooks on the market the biggest competitor being Ettinger s Textbook of Veterinary Internal Medicine Expert Consult 8E 2 volumes However this book is more practical and accessible with a great percentage of high quality illustrations Our problem based approach is ideal for beginners and even intermediate students Very few veterinary textbooks have such a rich emphasis on photographs the endoscopic and radiographic CT and MRI images are particularly impressive The inclusion of sections on approach to thoracic and abdominal radiographs are unique and encourage an integrated learning approach Case examples add to the book s practical USP

Blackwell's Five-Minute Veterinary Practice Management Consult Lowell Ackerman,2013-10-28 Blackwell s Five Minute Veterinary Practice Management Consult Second Edition has been extensively updated and expanded with 55 new topics covering subjects such as online technologies hospice care mobile practices compassion fatigue practice profitability and more Carefully formatted using the popular Five Minute Veterinary Consult style the book offers fast access to

authoritative information on all aspects of practice management This Second Edition is an essential tool for running a practice increasing revenue and managing staff in today s veterinary practice Addressing topics ranging from client communication and management to legal issues financial management and human resources the book is an invaluable resource for business management advice applicable to veterinary practice Sample forms and further resources are now available on a companion website Veterinarians and practice managers alike will find this book a comprehensive yet user friendly guide for success in today s challenging business environment **Animal Euthanasia** ,1999-04 Designed for use by veterinarians shelter personnel pet owners researchers agriculturists and zoologists Bibliographic citations on euthanatizing methods for a variety of animal species in different circumstances are listed The citations include references from professional journals and books Citations cover the publication years 1990 to November 1997 **Perspectives on Human-Animal Communication** Emily Plec,2013-01-04 Despite its inherent interdisciplinarity the Communication discipline has remained an almost entirely anthropocentric enterprise This book represents early and prominent forays into the subject of human animal communication from a Communication Studies perspective an effort that brings a discipline too long defined by that fallacy of division human or nonhuman into conversation with animal studies biosemiotics and environmental communication as well as other recent intellectual and activist movements for reconceptualizing relationships and interactions in the biosphere This book is a much needed point of entry for future scholarship on animal human communication as well as the whole range of communication possibilities among the more than human world It offers a groundbreaking transformation of higher education by charting new directions for communication research policy formation and personal and professional practices involving animals A Guide to Oral Communication in Veterinary Medicine Ryane E. Englar,2020-07-12 Good communication skills provide better clinical outcomes and help avoid minor as well as major mistakes Approximately 60 80% of negligence claims against vets are related to poor communication with new graduates especially vulnerable Communication skills are a growing part of the curriculum in veterinary schools recognising how fundamental clear communication is to good practice A Guide to Oral Communication in Veterinary Medicine covers why communication skills are important the structure of typical communications and suggested approaches veterinary specific communication pathways and sample scripts between vet and client Scenarios covered include everyday communication dealing with challenging situations different species different settings and communication within the veterinary team The aim is to instil confidence and competence build professionalism and avoid problems Most current teaching is based on a toolbox approach developed from the human medicine model However there is no set standard for teaching methodology which is why this is primarily a book for students but also includes a section for educators to provide guidance in this nascent subject 5m Books *Veterinary Technician* ,2004 **Front Office Management for the Veterinary Team E-Book** Heather Prendergast,2018-12-20 NEW Strategic Planning chapter discusses how to strategically plan for the successful

future of the veterinary hospital and will include details on growing the practice planning the workforce meeting consumer needs and increasing the value of the practice NEW The Leadership Team chapter discusses how leadership affects the paraprofessional staff provides suggestions for effective leadership strategies and methods to set expectations for employees including attracting and retaining employees leveraging empowering and driving employee engagement NEW Standard Operating Procedures provides a checklist of important tasks associated with that chapter that must be addressed completed in the veterinary practice setting Exploring and Teaching Healthcare Communication Jack Pun,2025-06-09 This book brings together frontline clinicians from diverse healthcare fields including Medicine Intensive Care Neurology Geriatrics Oncology Palliative Care Nursing Traditional Chinese Medicine and Veterinary Medicine to share their insights experiences and strategies for effective clinical communication Drawing on research and real world practices the author provides evidence based and practical recommendations for teaching studying and implementing effective communication in healthcare Special attention is given to the role of cultural expectations particularly in bilingual and multicultural medical contexts Using Hong Kong as a case study the book explores its unique integration of Western and Chinese values to offer a comparative perspective applicable to other healthcare settings worldwide It argues for the development of a culturally appropriate communication model informed by clinicians insights to enhance therapeutic relationships and ensure patient safety This book is an essential resource for medical educators healthcare professionals doctors and nurses in training medical students health communication researchers and scholars in applied linguistics and related fields **Veterinary Medical Education** Jennifer L. Hodgson,Jacquelyn M. Pelzer,2017-04-03 Veterinary Medical Education A Practical Guide offers a complete resource to fundamental information on key areas of veterinary education Provides a practical guide to the key principles of veterinary medical education Takes a real world approach with concrete guidance for teaching veterinary skills and knowledge Covers all aspects of designing and implementing a veterinary curriculum Emphasizes key points and helpful tips Offers a veterinary specific resource for any veterinary educator worldwide *Blue Juice* Patricia Morris,2012-06-08 Offering a candid behind the scenes look at small animal veterinary practices Blue Juice explores the emotional and ethical conflicts involved in providing a good death for companion animals Patricia Morris presents a nuanced ethnographic account of how veterinarians manage patient care and client relations when their responsibility shifts from saving an animal s life to negotiating a decision to end it Using her own experiences and observations in veterinary settings as well as the voices of seasoned and novice vets Morris reveals how veterinarians think about euthanasia and why this dirty work often precipitates burnout moral quandaries and even tense or emotional interactions with clients Closely observing these interactions Morris illuminates the ways in which euthanasia reflects deep and unresolved tension in human animal relationships Blue Juice seeks to understand how practitioners charged with the difficult task of balancing the interests of animals and their humans deal with the responsibility of ending their patients lives The Comprehensive Guide to

Interdisciplinary Veterinary Social Work Sana Loue, Pamela Linden, 2022-09-27 This book responds to the needs that arise at the intersection of people and animals focusing on human animal interaction human animal studies the emotional work of caring for animals and animal assisted interventions and therapies Unlike many works that focus primarily on issues at the micro level such as animal assisted interventions this volume is unique in its focus on issues arising at the micro macro and mezzo levels encompassing human animal issues and interactions at the level of individuals and family groups institutions and communities Accordingly this comprehensive guide addresses the need to better prepare practitioners to work in interdisciplinary environments whether in the context of theory research practice or advocacy The authorship of the volume reflects the interdisciplinary foundations of veterinary social work with contributions from social workers psychologists veterinarians physicians anthropologists and bioethicists The volume is divided into five parts that examine respectively the foundations history and scope of veterinary social work Part I the practice of veterinary social work with individuals in the context of community programs and in social work practice Part II veterinary social work and the veterinary setting including veterinary well being and conflict management Part III veterinary social work education Part IV and the future of veterinary social work Part V Importantly the volume addresses not only practice issues in the veterinary clinical and community settings but also examines ethical concerns in the clinical and research contexts and the implications of cultural and societal variations on the practice of veterinary social work The Comprehensive Guide to Interdisciplinary Veterinary Social Work is the definitive resource for social workers and psychologists new to practice issues relating to animals social work and psychology students at the graduate and undergraduate levels veterinarians and veterinary students hospital administrators human hospitals and veterinary hospital managers

From Book Idea to Bestseller Michael Snell, Kim Baker, Sunny Baker, 1997 From Book Idea to Bestseller provides first time authors with a proven comprehensive program that guides them step by step to their goal of publishing a book All aspects of the writing and publishing process are covered from an overview of the publishing scene today to understanding the standard publishing contract with all the tips tricks and strategies in between

The Speculum, 1995 *Handbook of Veterinary Communication Skills* Carol Gray, Jenny Moffett, 2013-05-23 This is the first definitive textbook on veterinary communication written specifically for students and veterinary professionals by a group of international experts Communication is a core clinical skill and is now taught as a compulsory part of most veterinary degree courses Good communication is crucial to the veterinarian client patient relationship to patient health and ultimately to the success of any veterinary business The book covers all the key areas of communication including the basic framework for the veterinary consultation professional ethical and legal aspects communication with clients and colleagues and coping with end of life and other difficult situations It combines the most up to date research with a wealth of practical information such as Real life case studies to help you apply your learning to real scenarios Simple step by step guidelines showing you how to deal with specific situations Examples of written resources you can use in practice This valuable
