The Art of the Exposition Eugen Neuhaus, 2021-02-27 Book Excerptural design of the stereotyped variety It has all the great qualities and faults of the court in front of St Peter's in Rome There is too little play of landscape gardening in and near the Court of the Universe a condition which will remedy itself with the breaking into bloom of the great masses of rhododendron which have been installed in the sunken garden in the center Like all careful interpretations in the classic architectural traditions the Court of the Universe has a great feeling of dignity and grandeur which gives the visitor a feeling

of the big scale of the rest of the architecture The court lacks however the individual note of the two side courts Toward the west passing through a very characteristic avenue in the style of the happiest phases of the Italian Renaissance to be found in Florence one enters the Court of the Four Seasons by Henry Bacon of New York The chief quality of this court is that of intimacy While by no means so original as the Court of Abundance i *Art of the Exposition* Eugen Neuhaus,2004-02-01

Art Lovers Guide to the Exposition Shelden Cheney,2021-03-23 Book Excerpt pot It is a distinct and original evolution recalling the great arts of Europe and yet eluding classification The court shows that the designer was master of the styles of the past but refused to be a slave to them at the same time he had an original conception but did not let it run into the blatant and bizarre It is from such fusion of individual genius with the traditions of the past that a distinctive American architecture is most likely to flower The tower is a magnificent bit of architectural design It is massive and yet delicate It dominates the court and yet it fits perfectly into the cloister The rich sculpture is so much a part of the decorative scheme that there is no impression of the structure having been ornamented One must search long in the histories of architecture to find a tower more satisfying The architect who designed the Court of Abundance is Louis Christian Mullgardt one of the two most original geniuses among California architects It is well to enjoy th Read More An Art-Lovers Guide to the Exposition: Explanations of the Architecture, Sculpture and Mural Paintings, With a Guide for Study in the Art Gallery Sheldon Cheney,2022-01-25 This book has been considered important throughout the human history and so that this work is never forgotten we have made efforts in its preservation by republishing this book in a modern format for present and future generations This whole book has been reformatted retyped and designed These books are not made of scanned copies and hence the text is clear and readable **Reclaiming and Redefining American Exhibitions of Russian Art** Roann Barris,2023-08-23 This book examines the history of American exhibitions of Russian art in the twentieth century in the

context of the Cold War Because this history reflects changes in museological theory and the role of governments in facilitating or preventing intercultural cooperation it uncovers a story that is far more complex than a chronological listing of exhibition names and art works Roann Barris considers questions of stylistic appropriations and influences and the role of museum exhibitions in promoting international and artistic exchanges Barris reveals that Soviet and American exchanges in the world of art were extensive and persistent despite political disagreements before during and after the Cold War It also reveals that these early exhibitions communicated contradictory and historically invalid pictures of the Russian or Soviet avant garde The book will be of interest to scholars working in art history museum studies and Russian studies
