Encyclopedia of American Popular Fiction Geoff Hamilton, Brian Jones, 2015-04-22 Provides information on American authors and their works who have been ignored by most literary guides *Crossover Fiction* Sandra L. Beckett, 2010-11-24 In *Crossover Fiction* Sandra L. Beckett explores the global trend of crossover literature and explains how it is transforming literary canons concepts of readership the status of authors the publishing industry and bookselling practices This study will have significant relevance across disciplines as scholars in literary studies media and cultural studies visual arts education psychology and sociology examine the increasingly blurred borderlines between adults and young people in contemporary society notably with regard to their consumption of popular culture *Puffin Good Reading Guide for Children* Ruskin Bond, 2006-05 A comprehensive guide to fiction in English for readers aged four to sixteen The Puffin Good Reading Guide for Children is divided into three sections to suit every age group It has entries listing over 1000 books and is divided into categories with cross references so that children can read more in genres they like It includes both classics and the best of contemporary works and books from all over the world With an introduction by Ruskin Bond India's best known children's

writer in English The Puffin Good Reading Guide is an invaluable resource for children who love books as well as for parents and friends looking for the right book for the young people in their lives *Innocence, Heterosexuality, and the Queerness of Children's Literature* Tison Pugh, 2010-12-14 *Innocence Heterosexuality and the Queerness of Children's Literature* examines distinguished classics of children's literature both old and new including L Frank Baum's Oz books Laura Ingalls Wilder's Little House series J K Rowling's Harry Potter novels Lemony Snicket's A Series of Unfortunate Events and Stephenie Meyer's Twilight series to explore the queer tensions between innocence and heterosexuality within their pages Pugh argues that children cannot retain their innocence of sexuality while learning about normative heterosexuality yet this inherent paradox runs throughout many classic narratives of literature for young readers Children's literature typically endorses heterosexuality through its invisible presence as the de facto sexual identity of countless protagonists and their families yet heterosexuality's ubiquity is counterbalanced by its occlusion when authors shield their readers from forthright considerations of one of humanity's most basic and primal instincts The book demonstrates that tensions between innocence and sexuality render much of children's literature queer especially when these texts disavow sexuality through celebrations of innocence In this original study Pugh develops interpretations of sexuality that few critics have yet ventured paving the way for future scholarly engagement with larger questions about the ideological role of children's literature and representations of children's sexuality Tison Pugh is Associate Professor in the Department of English at the University of Central Florida He is the author of *Queering Medieval Genres and Sexuality and Its Queer Discontents in Middle English Literature* and has published on children's literature in such journals as *Children's Literature The Lion and the Unicorn* and *Marvels and Tales* [Race in Young Adult Speculative Fiction](#) Meghan Gilbert-Hickey, Miranda A. Green-Barteet, 2021-04-22 Winner of the Children's Literature Association's 2023 Edited Book Award Contributions by Malin Alkestrand Joshua Yu Burnett Sean P Connors Jill Coste Meghan Gilbert Hickey Miranda A Green Barteet Sierra Hale Kathryn Strong Hansen Elizabeth Ho Esther L Jones Sarah Olutola Alex Polish Zara Rix Susan Tan and Roberta Seelinger Trites *Race in Young Adult Speculative Fiction* offers a sustained analysis of race and representation in young adult speculative fiction YASF The collection considers how characters of color are represented in YASF how they contribute to and participate in speculative worlds how race affects or influences the structures of speculative worlds and how race and racial ideologies are implicated in YASF This collection also examines how race and racism are discussed in YASF or if indeed race and racism are discussed at all Essays explore such notable and popular works as the Divergent series The Red Queen The Lunar Chronicles and the Infernal Devices trilogy They consider the effects of colorblind ideology and postracialism on YASF a genre that is often seen as progressive in its representation of adolescent protagonists Simply put colorblindness silences those who believe and whose experiences demonstrate that race and racism do continue to matter In examining how some YASF texts normalize many of our social structures and hierarchies this collection examines how race and racism are represented in the genre and

considers how hierarchies of race are reinscribed in some texts and transgressed in others Contributors point toward the potential of YASF to address and interrogate racial inequities in the contemporary West and beyond They critique texts that fall short of this possibility and they articulate ways in which readers and critics alike might nonetheless locate diversity within narratives This is a collection troubled by the lingering emphasis on colorblindness in YASF but it is also the work of scholars who love the genre and celebrate its progress toward inclusivity and who further see in it an enduring future for intersectional identity
