

Armies of Medieval Burgundy 1364–1477

Armies Of Medieval Burgundy 1364 1477

Carlos Caballero Jurado, Kevin Lyles

Armies Of Medieval Burgundy 1364 1477:

Armies of Medieval Burgundy 1364-1477 Nicholas Michael, 1983-11-24 King John the Good of France was captured by the English at the Battle of Poitiers in 1356 his 14 year old son Philip fought valiantly by his side until the bitter end and as soon as he was in a position to do so King John rewarded his son's courage and devotion by designating him Duke of Burgundy a title that by chance had just become extinct Philip was the first of the Valois Dukes of Burgundy and this fascinating text by Nicholas Michael examines the functioning and organization of the Burgundian armies from the beginning of his reign until the time of the last of the Valois Dukes Charles the Bold The Ideology of Burgundy Jonathan Boulton, Jan Veenstra, 2006-07-01 This book is a collection of eight essays on the ideology of Burgundy dealing with the body of ideas images institutions and narrative fictions produced at the behest of the Valois dukes to create and maintain their incipient domanial state in the period from roughly 1364 to the 1560s Nation building requires an ideological framework and the successive dukes their officers and their court intellectuals all contributed to a self determinative image of Burgundy which became visible in their literature in their quest for a regal title in the foundation of the Order of the Golden Fleece and in their propaganda The essays approach the themes of the collection from the perspective of several disciplines and together present a well rounded picture of Burgundian nation building Contributors include D A J D Boulton Jan Dumolyn Malte Prietzel Graeme Small Robert Stein Bernhard Sterchi Jan R Veenstra and David J Wrisley **A History of the Late Medieval Siege, 1200-1500** Peter Fraser Purton, 2009 The first book of a two volume history of siege warfare and techniques in Europe and the Middle and Far East covering the period 450 1500 **The Grove Encyclopedia of Medieval Art and Architecture** Colum Hourihane, 2012 This volume offers unparalleled coverage of all aspects of art and architecture from medieval Western Europe from the 6th century to the early 16th century Drawing upon the expansive scholarship in the celebrated Grove Dictionary of Art and adding hundreds of new entries it offers students researchers and the general public a reliable up to date and convenient resource covering this field of major importance in the development of Western history and international art and architecture **A Cumulative Bibliography of Medieval Military History and Technology** Kelly DeVries, 2001-11-01 There is perhaps no other more lively area for study in medieval history than medieval military history with its attendant and complementary field the history of medieval military technology In the past twenty years it seems that more major scholarly inroads have been made in this field than in any other historical genre of medieval studies or chronological period of military history What this has meant is that it is now more difficult to keep up with all of the trends and sources in the field than ever before Hence the need for a reference work which covers what has previously been written and which in turn can assist the scholar both the more experienced academic and the beginner to improve his or her work in medieval military history or the history of medieval military technology Utilizing library catalogues bibliographies and footnotes this bibliography has compiled the most complete list of secondary references to works in medieval military history

and the history of military technology It keeps fairly strictly to a geography which centers on conventional medieval boundaries Europe Byzantium and the Middle East However the chronology does differ from the conventional medieval dates Because of its influence on the early Middle Ages references to Late Antiquity especially to the military history and technology of the third and fourth century Roman Empire have been included For the opposite reason the influence of the Middle Ages on the sixteenth and early seventeenth centuries references to military history and technology up to 1648 have been included as well This is especially important in the study of the Ottoman Turkish Wars and Arms and Armor where the end of the fifteenth century as a chronological terminus makes little sense

The Medieval Military Engineer Peter Fraser Purton, 2018 Sheds light on the skills and techniques of the medieval military engineer over a thousand year sweep The results of medieval engineering still surround us cathedrals castles stone bridges irrigation systems However the siege artillery siege towers temporary bridges earthwork emplacements and underground mines used for war have left little trace behind them and there is even less of the engineers themselves the people behind the military engineering achievements The evidence for this neglected group is studied here The author begins by considering the evolution of military technology across centuries and the impact of new technologies in the context of the economic and social developments which made them possible He looks at how military engineers obtained their skills and the possible link with scholastic scientific awareness With the increased survival of government records from the middle ages engineers acquire names and individuals can be identified And the fifteenth century the age of polymaths such as Leonardo da Vinci saw a new type of literate military engineer part of a recognized profession but with its roots in a thousand years of historical development PETER PURTON D Phil Oxon FSA has written extensively on medieval fortifications and siege warfare his publications include the comprehensive two volume history of the medieval siege Boydell 2010

The Wars of the Roses David Grummitt, 2025-06-23 The series of rebellions against royal authority and the violent clashes between aristocratic families that occurred in England between 1455 and 1487 have long been characterized as the Wars of the Roses Yet far from being a continuous period of civil war the Wars of the Roses were in fact an intermittent series of minor clashes pitched battles and sieges These occurred against the backdrop of a demilitarization of the English aristocracy in the final years of the Hundred Years War Drawing on extensive archival research and a wide ranging synthesis of the secondary literature David Grummitt here reconsiders the nature of war and the martial culture of the English in the second half of the fifteenth century He places these experiences within the peculiar legal constitutional and political culture of late Lancastrian and Yorkist England to reexamine in depth the motivation for fighting the raising and equipping of armies the experience of battle and its aftermath and the ways in which civil conflict was rationalized and memorialized These experiences are compared and contrasted to that in its continental neighbours in an age of expanding royal authority gunpowder weapons and emergence of standing professional armies The book's conclusions offer a new interpretation of the evidence for the size of armies and scale of conflict during these years

the weaponry and tactics employed and the wider importance of war chivalry and martial culture in late medieval England In so doing and by drawing on a range of new conceptual approaches in the fields of the history of emotions material culture and conflict archaeology alongside other more traditional disciplinary approaches to military history the book offers a thorough and fulsome history of the Wars of the Roses one that properly integrates war and marital culture into our understanding of the political and cultural history of fifteenth century England and late medieval European military history more generally

Philip the Good Richard Vaughan, 2002 Philip who ruled from 1419 to 1467 was one of the most powerful and influential rulers of the fifteenth century Forced into an alliance with the English he soon found that he held the balance of power between England and France reflected in the final crucial phase of the Hundred Years War Under Philip the Good grandson of the founder of the duchy s power Burgundy reached its apogee Professor Vaughan portrays not only Philip the Good himself perhaps the most attractive personality among the four great dukes but the workings of the court and of one of the most efficient if not necessarily the most popular administrations in fifteenth century Europe The complex diplomatic history of Philip the Good s long ducal reign 1419 1467 occupies much of the book in particular Burgundy s relations with England and France The central theme is Philip the Good s policy of territorial and personal aggrandisement which culminated in his negotiations with the Holy Roman Emperor for a crown And due attention is given to the great flowering of artistic life in Burgundy which made Philip s court at Dijon an important cultural centre in the period immediately preceding the Renaissance All this is based on the close study of the considerable surviving archives of Philip s civil service and on the chronicles and letters of the period Philip the Good provides a definitive study of the life and times of the ruler whose position and achievements made him the greatest magnate in Europe during what has been called the Burgundian century

Ancient and Medieval Wargaming Neil Thomas, 2007-06-21 Re fight some of the bloodiest battles of the ancient and medieval worlds Seasoned wargamer and author Neil Thomas brings historical perspective to the hobby with a description and interpretation of significant military developments from 3 000BC to AD1500 Wargaming is the simulation of accurate historical battles using miniature figures to fight over three dimensional terrain their movement and combat being regulated by clearly defined rules Neil Thomas new book provides specific coverage of ancient and medieval wargaming thanks to its division into biblical classical Dark Age and medieval sections Each section has its own set of rules and much expanded army lists The wargamer gains additional perspective from data panels containing facts about weaponry personalities and chroniclers and quotations from original document sources Useful suggestions for further reading are also included while battle reports in each section provide tactical insights for both novice and veteran wargamers

Military Diasporas Georg Christ, Patrick Sanger, Mike Carr, 2022-11-30 *Military Diasporas* proposes a new research approach to analyse the role of foreign military personnel as composite and partly imagined para ethnic groups These groups not only buttressed a state or empire s military might but crucially connected policed and administered parts of realms as a transcultural and transimperial

class while representing the polity's universal or at least cosmopolitan aspirations at court or on diplomatic and military missions. Case studies of foreign militaries with a focus on their diasporic elements include the Achaemenid Empire, Ptolemaic Egypt and the Roman Empire in the ancient world. These are followed by chapters on the Sassanid and Islamic occupation of Egypt, Byzantium, the Latin Aegean, Catalan Company, Iberian Christian noblemen serving North African Islamic rulers, Mamluks and Italian Stradiots, followed by chapters on military diasporas in Hungary, the Teutonic Order including the Sword Brethren and the Swiss military. The volume thus covers a broad band of military diasporic experiences and highlights aspects of their role in the building of state and empire from Antiquity to the late Middle Ages and from Persia via Egypt to the Baltic. With a broad chronological and geographic range, this volume is the ideal resource for upper level undergraduates, postgraduates and scholars interested in the history of war and warfare from Antiquity to the sixteenth century. **The Last**

Knight Pierre Terjanian, Andrea Bayer, Adam B. Brandow, Lisa Demets, Chassica Kirchhoff, Stefan Krause, Guido Messling, Elizabeth Morrison, Alison Manges Nogueira, Matthias Pfaffenbichler, Veronika Sandbichler, Delia Scheffer, Peter Scholz, Roland Sila, Larry Silver, Freyda Spira, Robert Wlattnig, Barbara Wolf, Christina Zenz, 2019-10-02. Maximilian I 1459-1519 skillfully crafted a public persona and personal mythology that eventually earned him the romantic sobriquet Last Knight. From the time he became duke of Burgundy at the age of eighteen until his death, his passion for the trappings and ideals of knighthood served his worldly ambitions; imaginative strategies and resolute efforts to forge a legacy. A master of self-promotion, he ordered exceptional armor from the most celebrated armorers in Europe as well as heroic autobiographical epics and lavish designs for prints. Indeed, Maximilian's quest to secure his memory and expand his sphere of influence, despite chronic shortages of funds that left many of his most ambitious projects unfinished, was indomitable. Coinciding with the 500th anniversary of Maximilian's death, this catalogue is the first to examine the masterworks that he commissioned, revealing how art and armor contributed to the construction of Maximilian's identity and aspirations and to the politics of Europe at the dawn of the Renaissance. p p1 margin 0 0px 0 0px 0 0px font 14 0px Verdana *The Hidden Histories of War Crimes Trials* Kevin Heller, Gerry Simpson, 2013-10. Several war crimes trials are well known to scholars but others have received far less attention. This book assesses a number of these little studied trials to recognise institutional innovations, clarify doctrinal debates and identify their general relevance to the development of international criminal law. [Aztec, Mixtec and Zapotec Armies](#) John Pohl, 1991-11-28. Looks at the military organisation, weaponry and tactics of the Indians of Mexico prior to the Spanish conquest and describes the various wars they fought between themselves. Suggested level: secondary. **Osprey Men-At-Arms** Martin Windrow, 2012-01-20. Osprey Men at Arms: A Celebration is a very special volume detailing some of the wonderful artwork that has graced Osprey's renowned Men at Arms series over the last forty years. Beautifully presented in luxurious cloth, embossed and foil blocked with head and tails bands and a ribbon bookmark, the collection contains the most treasured illustrations from the vast archives of this respected series and is a classic.

collectable item for all military history enthusiasts **Foreign Volunteers of the Wehrmacht 1941-45** Carlos Caballero Jurado, Kevin Lyles, 1983-11-24 When speaking of the units of foreign volunteers integrated into the German forces during World War II the Waffen SS automatically comes to mind But in absolute numbers more foreigners served with the Wehrmacht in the army navy and air force Anti Communism was the most significant reason why so many volunteers were induced to wear the German uniform This title examines the Wehrmacht s foreign volunteers taking a close look at their uniforms organisation and distinctive insignia Among those covered are the Legion Wallanie LVF Ostlegionen Balkan volunteers Hiwis Kalmucks Cossacks Baltic Russian and Ukranian volunteers **Polish Armies 1569-1696 (2)** Richard Brzezinski, 1987 The 17th century Polish Lithuanian Commonwealth was almost as varied as modern America Alongside Slavs lived Lithuanians and other Balts Germans Tatars Armenian merchants Jewish traders and even a remarkably large populations of Scots This variety of cultures had a strong influence on the Polish army Along with the predominantly Polish and Lithuanian winged hussars served numerous foreigners from both within and outside the Commonwealth Tatars and Cossacks Wallachians Transylvanians Moldavians Hungarians Serbians and Albanians and from the West French Italians Dutch Walloons Swedes and Scots Richard Brzezinski s companion volume to *Men at Arms 184* completes his fascinating examination of Polish armies from 1569 1696 **US Cavalry on the Plains 1850-90** Philip Katcher, 1985 Two events in the 19th century turned the minds of Americans westwards towards eventual and inevitable conflict with the Plains Indians The first was victory in the Mexican American War which brought millions of acres of new land in the West The second was the discovery of gold in California One of the results of this migration was conflict with the Indians who inhabited the Plains So it was natural that the Army the nation s armed peace keepers should be sent to garrison the West This book by Philip Katcher tells the absorbing story of the US cavalrymen who patrolled the Plains from 1850 90 **The Israeli Army in the Middle East Wars 1948-73** John Laffin, Mike Chappell, 1982-07-29 Israel assumes in advance that defeat in war means an end to the Jewish nation and it wages war accordingly This fact influences the Israeli approach to its army and to the strategy tactics training and conduct of war Surrounded by hostile nations Israel has fought six victorious wars between 1948 and 1973 For a force which began as an irregular impoverished and improvised group this is a formidable record Backed by plenty of photographs and eight full page colour plates this fine text examines the six wars fought between 1948 73 including the extraordinary Israeli victory of 1967 *Norman Stone Castles (1)* Christopher Gravett, 2003-10-22 Descended from the Viking raiders who settled in Northern France under the leadership of Rollo in around 911 the Normans were amongst the most feared warriors of their time Their territorial ambitions culminated in Duke William 1 s conquest of England in 1066 but although victory at Hastings left the English crown in William s hands Norman sovereignty remained far from established on the island In order to consolidate his position the new king built a series of fortifications across the country this book covers all these developments from the early days of William I through to the fortifications of Henry II Richard I and John Joan of

Arc's Army Philippe Gaillard, 2024-10-24 A fully illustrated study of the French armies that were inspired by Saint Jeanne d Arc reformed under King Charles VII and eventually victorious over England in the Hundred Years War Saint Jeanne d Arc remains a central figure in France s national legend having ushered the country s flagging military forces into a period of extraordinary reform and revival that culminated some 22 years after her death in the French emerging triumphant from the Hundred Years War France s 1429 victory at Orl ans which was headed by Saint Jeanne marked the first major setback to a long series of English successes and led directly to the coronation of King Charles VII who would transform France s fortunes by making peace with Burgundy gathering foreign allies and creating permanent armed forces under royal control In this engaging new study French military historian Philippe Gaillard examines the events and individuals that brought about such a pivotal shift in the trajectory of medieval France Combining detailed research with period illustrations artefact photography and newly commissioned artwork plates the author brings to life the story of Saint Jeanne d Arc the army she revitalized and the structural and tactical changes that carried King Charles VII and France to victory at Formigny and Castillon in the 1450s

Decoding **Armies Of Medieval Burgundy 1364 1477**: Revealing the Captivating Potential of Verbal Expression

Armies Of Medieval Burgundy 1364 1477 Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Armies Of Medieval Burgundy 1364 1477 PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong

learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Armies Of Medieval Burgundy 1364 1477 PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Armies Of Medieval Burgundy 1364 1477 free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Armies Of Medieval Burgundy 1364 1477 Books

What is a Armies Of Medieval Burgundy 1364 1477 PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Armies Of Medieval Burgundy 1364 1477 PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Armies Of Medieval Burgundy 1364 1477 PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Armies Of Medieval Burgundy 1364 1477 PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Armies Of Medieval Burgundy 1364 1477 PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are

many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
