

U.S Air Force Service Song

Off we go into the wild blue yonder,
Climbing high into the sun;
Here they come zooming to meet our
thunder,
At 'em boys, Give 'er the gun!
(Give 'er the gun!)*
Down we dive, spouting our flame
from under,
Off with one helluva roar!**
We live in fame or go down in flame.
Hey!***
Nothing'll stop the U.S. Air Force!

Gleeson,2016 **Christian Fighter Pilot is Not an Oxymoron** Jonathan Dowty,2007-03-22 Fighter pilots are known for their bravery cunning and skill in combat They are also known for their expertise in worldly vices Few people would think that Christian men and women could be a part of that military culture xD xD They not only can but should xD xD Godly men and women can be both good Christians and good fighter pilots Sailors Soldiers or Marines something many people believe is a contradiction From fighter pilot traditions to the controversy of military evangelism Christian Fighter Pilot explains not only the popular fighter pilot culture but also the sometimes secretive world of the men and women who fly and fight Whether in training or combat Christians are shown that they can live out their faith and still excel in the world s best military **Army, Navy, Air Force Journal & Register** ,1955

Instrument of War David Suisman, 2024-11-26 An original history of music in the lives of American soldiers Since the Civil War music has coursed through the United States military Soldiers have sung while marching listened to phonographs and armed forces radio and packed the seats at large scale USO shows Reveille has roused soldiers in the morning and Taps has marked the end of a long day Whether the sounds came from brass

instruments weary and homesick singers or a pair of heavily used earbuds where there was war there was music too Instrument of War is a first of its kind study of music in the lives of American soldiers Although musical activity has been part of war since time immemorial the significance of the US military as a musical institution has generally gone unnoticed Historian David Suisman traces how the US military used and continues to use music to train soldiers and regulate military life and how soldiers themselves have turned to music to cope with war s emotional and psychological realities Opening our ears to these practices Suisman reveals how music has enabled more than a century and a half of American war making Instrument of War unsettles assumptions about music as a force of uplift and beauty demonstrating how it has also been entangled in large scale state violence Whether it involves chanting Sound off in basic training switching on a phonograph or radio or cueing up an iPod playlist while out on patrol the sound of music has long resonated in soldiers wartime experiences Now we all can finally hear it **Contrails, the Air Force Cadet Handbook** United States Air Force Academy,1999
