Around America:

Homeless Across America Kevin E. Lake, 2008-04-29 *Homeless Across America* is the story of a man who went from being a successful stock broker and family man to being a homeless vagabond traveling around the country and living out of the back of his truck Lake's journey took him to the homes of some of our greatest Presidents such as George Washington Abraham Lincoln and Harry Truman He walked the fields of several decisive battles that occurred on our nation's soil such as the Battle of New Orleans and the fight at the Alamo He traveled much of the very coarse that the Lewis and Clark expedition had traveled more than two hundred years ago while mapping out our nation Lake's travels and the experiences they provided for him played a bigger part in his personal life as well They helped him overcome many of the negative feelings he had about his own personal circumstances by causing him to realize that practically anyone who had ever lived as opposed to simply exist had gone through some sort of turmoil in their past but had made it through to go on to see brighter days

Rubin, 2002-09-12 After the September 11 2001 terrorist attacks on the World Trade Center and the Pentagon a stunned public asked How could this happen Why did the attackers do what they did What did they hope to accomplish This wasn't the first battle in a conflict that has included bombings of U.S. embassies and planes the Iran hostage crisis and kidnappings or shootings of American citizens This unique volume sets out to answer these questions using the unfiltered words of the terrorists themselves Over many decades radical forces in the Middle East have changed and evolved yet their basic outlook and anti-Western views have remained remarkably consistent Barry Rubin and Judith Colp Rubin have assembled nearly one hundred key documents charting the evolution of radical Middle East movements their anti-Americanism and Western policy response The buildup to the battle between a world superpower and Middle East revolutionaries is brought dramatically to life Among the documents included are the charters of such organizations as Hizballah Hamas and World Islamic Front speeches by Syrian president Hafiz al Asad and former Iraqi president Saddam Hussein al Qaeda recruitment materials and terrorist training manuals The book also shows and analyzes the often conflicting and deeply conflicted responses to September 11 by journalists clerics and activists in the Arab world Supplemented by an annotated chronology a glossary of terms and sections that put each selection in context this comprehensive reference serves not only as essential historical background to the ongoing aftermath of the September 11 attacks but more generally as an invaluable framework for understanding a long term continuing conflict that has caused many crises for the United States *The Late Great*
