Arsenal from the Heart Robert Eugene Wall, 1969 **House documents** , 1895 **German Rocketeers in the Heart of Dixie** Monique Laney, 2015-01-01 This thought provoking study by historian Monique Laney focuses on the U S government assisted integration of German rocket specialists and their families into a small southern community at the end of World War II In 1950 Wernher von Braun and his team of rocket experts relocated to Huntsville Alabama a town that would celebrate the team despite their essential role in the Nazi war effort a decade earlier for their contributions to the U S Army missile program and later to NASA s space program Based on oral histories provided by members of the African American and Jewish communities the rocketeers families and co workers friends and neighbors Laney s book demonstrates how the histories of German Nazism and Jim Crow in the American South intertwine in narratives about the past This is a critical reassessment of a singular time that links the Cold War the Space Race and the Civil Rights era while addressing important issues of transnational science and technology and asking Americans to consider their country s own history of racism when reflecting on the Nazi past Letter from the Secretary of the Treasury, Transmitting Estimates of Appropriations Required for the Service of the Fiscal Year Ending June 30, 1895 , 1893 *Images and Objects of Russia's War against Ukraine* Natasha Klimenko, Miglė Bareikytė, 2025-08-12 Russia s full scale invasion of Ukraine in February 2022 has destroyed lives communities and cities From the start images of this war spread across various media platforms Paintings photographs drone footage TikToks and Instagram posts shaped how the war is experienced represented and archived In this multidisciplinary volume artists scholars and writers explore how art media infrastructures and material culture respond to and contest the Russo Ukrainian War Army Research and Development , 1960 Preventing & Reversing Heart Disease For Dummies James M. Steve Redgrave to the fundamental loneliness and insecurity that galvanises spontaneous exhibitionists such as Jack Johnson George Best and Alex Higgins Miller uncovers what makes these great athletes and sports stars tick The Great Heart of the Republic Adam Arenson,2010-05-03 The Civil War revealed what united as well as what divided Americans in the nineteenth century not only in its deadly military conflict but also in the broader battle of ideas dueling moral systems and competing national visions that preceded and followed This cultural civil war was the clash among North South and West as their leaders sought to shape Manifest Destiny and slavery politics No site embodied this struggle more completely than St Louis the largest city along the border of slavery and freedom In this sweeping history Adam Arenson reveals a city at the heart of the cultural civil war St Louisans heralded a new future erasing old patterns as the United States stretched across the continent They tried to reorient the nation s political landscape with westerners in the vanguard and St Louis as the cultural commercial and national capital John C Calhoun Frederick Douglass Walt Whitman and John Brown tracked the progress of the cultural contest by monitoring events in St Louis observing how the city s leaders tried yet ultimately failed to control the national destiny The interplay of local ambitions and national meanings reveals the wider cultural transformation brought about by westward expansion political strife and emancipation in the era of the Civil War and Reconstruction This vibrant and beautifully written story enriches our understanding of America at a crossroads **Making the Medieval Relevant** Chris Jones,Conor Kostick,Klaus Oschema,2019-12-02 When scholars discuss the medieval past the temptation is to become immersed there to deepen our appreciation of the nuances of the medieval sources through debate about their meaning But the past informs the present in a myriad of ways and medievalists can and should use their research to address the concerns and interests of contemporary society This volume presents a number of carefully commissioned essays that demonstrate the fertility and originality of recent work in Medieval Studies Above all they have been selected for relevance Most contributors are in the earlier stages of their careers and their approaches clearly reflect how interdisciplinary methodologies applied to Medieval Studies have potential repercussions and value far beyond the boundaries of the Middle Ages These chapters are powerful demonstrations of the value of medieval research to our own times both in terms of providing answers to some of the specific questions facing humanity today and in terms of much broader considerations Taken together the research presented here also provides readers with confidence in the fact that Medieval Studies cannot be neglected without a great loss to the understanding of what it means to be human **Archeological Investigations in the Heart Butte Reservoir Area, North Dakota** Paul Lemen Cooper,1958 Missouri ,1998 Once considered a foolish boondoggle of Franklin Delano Roosevelt s Works Progress Administration the Federal Writers Project was initiated to allow employment opportunity to those associated with the arts during the Great Depression The American Guide Series became the most successful venture offering jobs to writers nationwide as each state endeavored to produce a comprehensive guidebook Under the direction of Charles van Ravenswaay former director of the Missouri Historical Society Missouri A

Guide to the Show Me State was first published in 1941 Now in a classic reprint Missouri Historical Society Press restores this guidebook to its original splendor and returns it to the bookshelves With a current road map included with the book travelers can compare sights and tours described in the antiquated guide and see how they have developed or disappeared As Walter A Schroeder and Howard W Marshall describe in the updated introduction The unmarked dirt road impassable when wet that we encounter in reading the WPA guide is no longer a hurdle to be negotiated in order to reach an out of the way site Due to nearly thirty thousand additional miles of paved roadway and endless gas station and motel chains every corner of Missouri is now easily accessible And as Missouri Historical Society President Robert R Archibald states in the foreword If you are the kind of traveler who has no intention of stirring from a comfortable chair near the reading lamp this reprint is really all the equipment you require for a fascinating journey through the Missouri of the past Missouri Best Books on,1941 compiled by workers of the Writers Program of the Work Projects Administration in the State of Missouri with a new foreword by Charles van Ravenswaay and a new introduction by Howard Wight Marshall and Walter A Schroeder
