Derek Walcott: The Journeyman Years. Volume 2: Performing Arts Christopher Balme, Gordon Collier, 2013-12-06 During the same period in which Derek Walcott was pouring immense physical emotional and logistical resources into the foundation of a viable first rate West Indian theatre company

and continuing to write his inimitable poetry he was also busy writing newspaper reviews chiefly for the Trinidad Guardian. His prodigious reviewing activity extended far beyond those areas with which one might most readily associate his interests and convictions. As Gordon Rohlehr once presciently observed, 'If one wants to see a quotidian workaday Walcott one should go back to his well over five hundred articles, essays and reviews on painting, cinema, calypso, carnival, drama and literature, articles which reveal a rich, various, witty and scrupulous intelligence in which generous humour counterpoints acerbity. These articles capture the vitality of Caribbean culture and shed additional light on the aesthetic preoccupations expressed in Walcott's essays published in journals. The editors have examined the corpus of Walcott's journalistic activity from its beginnings in 1950 to its peak in the early 1970s and have made a generous selection of material from the Guardian along with occasional pieces from such sources as Public Opinion, Kingston and The Voice of St Lucia, Castries. The articles in Volume 2 are organized as follows: the performing arts; general surveys of Anglophone Caribbean drama, theatre and society; festivals; theatre companies and productions; British and American drama; dance and music; theatre; Carnival and calypso and cinema screenings in Trinidad. Volume 2 additionally contains an exhaustive annotated and cross-referenced chronological bibliography of Walcott's journalism up to 1990. The co-editor, Christopher Balme, has written a searching introductory essay on a central theme here: a survey of West Indian theatre and Walcott's engagement with it, particularly the idea of a National Theatre, coupled with an illustrative discussion of the playwright's seminal dramatic spectacle, *Drums and Colours*. *An Art Therapist's View of Mass Murders, Violence, and Mental Illness* Maxine Borowsky Junge, 2019-05-15. Unforeseen and precipitous violence is a reality of the times we live in, but it has always been a reality in the mental health profession. The main premise of this book is to make art therapists aware of the unpredictable violence that may occur in their day-to-day work with clients and the presence of potential danger. The author stresses the importance of preventive measures to ensure safety. The preface describes the horrific event the author witnessed and her realization that psychotherapy is a dangerous profession. The first chapter sets the stage for the exploration of mass murders, violence, creativity and mental illness. Chapter 2 provides framework for the cultural context concerning the contemporary societal and cultural landscape within which mass murders exist. Major changes in mental health laws are discussed, including the individual versus community rights in mental health systems. Chapter 3 is a brief history of the treatment of violence in the United States mental health system. Gun violence, the stigma of mental illness and the threat assessment in schools are explored. Chapter 4 examines art, violence and mental illness, including historic artistic figures in which violence and/or mental illness was an issue. The artwork of serial killers such as Adolf Hitler, the psychiatrically institutionalized artist Martin Ramirez and the Outsider artist Henry Darger are discussed. The author also describes her own experience as an expert witness for the trial of serial killer Eric Leonard. Chapter 5 displays the author's mass murderers' artwork with a brief description of each event. Chapter 6 depicts the mass murders that occurred in the United States, October 2017 through September 2018. Chapter 7 portrays a reaction to the

Art and the Church: A Fractious Embrace Jonathan Koestle-Cate, 2016-04-20 A vibrant critical exchange between contemporary art and Christianity is being increasingly prompted by an expanding programme of art installations and commissions for ecclesiastical spaces Rather than religious art reflecting Christian ideology current practices frequently initiate projects that question the values and traditions of the host space or present objects and events that challenge its visual conventions In the light of these developments this book asks what conditions are favourable to enhancing and expanding the possibilities of church based art and how can these conditions be addressed What viable language or strategies can be formulated to understand and analyse art's role within the church Focusing on concepts drawn from anthropology comparative religion art theory theology and philosophy this book formulates a lexicon of terms built around the notion of encounter in order to review the effective uses and experience of contemporary art in churches The author concludes with the prognosis that art for the church has reached a critical and decisive phase in its history testing the assumption that contemporary art should be a taken for granted element of modern church life *Art and the Church A Fractious Embrace* uniquely combines conceptual analysis critical case studies and practical application in a rigorous and inventive manner dealing specifically with contemporary art of the past twenty five years and the most recent developments in the church's policies for the arts
