

Art Of Literature

Thomas Griffiths

Art Of Literature:

The Art of Literature Arthur Schopenhauer, Thomas Bailey Saunders, 2004-07-01 Apart from his fame as a great philosopher Arthur Schopenhauer ranks among Germany's best writers. Profound and witty these essays reflect the power of his sparkling prose as he analyzes elements of literature and the literary scene. Schopenhauer's observations on style, criticism, reputation, and genius constitute a handbook on writing that has enduring value. *The Art of Literature* Arthur Schopenhauer, 2016-11-24 From the TRANSLATOR'S PREFACE The contents of this as of the other volumes in the series have been drawn from Schopenhauer's *Parerga* and amongst the various subjects dealt with in that famous collection of essays Literature holds an important place. Nor can Schopenhauer's opinions fail to be of special value when he treats of literary form and method. For quite apart from his philosophical pretensions he claims recognition as a great writer he is indeed one of the best of the few really excellent prose writers of whom Germany can boast. While he is thus particularly qualified to speak of Literature as an Art he has also something to say upon those influences which outside of his own merits contribute so much to an author's success and are so often undervalued when he obtains immediate popularity. Schopenhauer's own sore experiences in the matter of reputation lend an interest to his remarks upon that subject although it is too much to ask of human nature that he should approach it in any dispassionate spirit. In the following pages we have observations upon style by one who was a stylist in the best sense of the word not affected nor yet a phrase monger on thinking for oneself by a philosopher who never did anything else on criticism by a writer who suffered much from the inability of others to understand him on reputation by a candidate who during the greater part of his life deserved without obtaining it and on genius by one who was incontestably of the privileged order himself. And whatever may be thought of some of his opinions on matters of detail on anonymity for instance or on the question whether good work is never done for money there can be no doubt that his general view of literature and the conditions under which it flourishes is perfectly sound. It might be thought perhaps that remarks which were meant to apply to the German language would have but little bearing upon one so different from it as English. This would be a just objection if Schopenhauer treated literature in a petty spirit and confined himself to pedantic inquiries into matters of grammar and etymology or mere niceties of phrase. But this is not so. He deals with his subject broadly and takes large and general views nor can anyone who knows anything of the philosopher suppose this to mean that he is vague and feeble. It is true that now and again in the course of these essays he makes remarks which are obviously meant to apply to the failings of certain writers of his own age and country but in such a case I have generally given his sentences a turn which while keeping them faithful to the spirit of the original secures for them a less restricted range and makes Schopenhauer a critic of similar faults in whatever age or country they may appear. This has been done in spite of a sharp word on page 8 of this volume addressed to translators who dare to revise their author but the change is one with which not even Schopenhauer could quarrel. **The Art of Literature, Art in Literature** Magdalena

Bleinert-Coyle, Izabela Curyłło-Klag, Bożena Kucała, 2014 These twelve essays examine the exchange between literature and the visual arts mainly painting which since the turn of the nineteenth century has gained prominence in literary criticism Reading modern and postmodern texts the authors consider literary works next to the artworks the poets and writers invoke Such instances of artistic synthesis highlight evolving perspectives on art and literature and the expressive possibilities offered by the simultaneity of words and images

Art, Literature, and the Drama Margaret Fuller, 1869 **Art, literature, and the drama** Sarah Margaret Ossoli, 1875 The Art of Literature Arthur Schopenhauer, 2015-07-02 Excerpt from The Art of Literature A Series of Essays And whatever may be thought of some of his opinions on matters of detail on anonymity for instance or on the question whether good work is never done for money there can be no doubt that his general view of literature and the conditions under which it flourishes is perfectly sound It might be thought perhaps that remarks which were meant to apply to the German language would have but little bearing upon one so different from it as English This would be a just objection if Schopenhauer treated literature in a petty spirit and confined himself to pedantic inquiries into matters of grammar and etymology or mere niceties of phrase But this is not so He deals with his subject broadly and takes large and general views nor can anyone who knows anything of the philosopher suppose this to mean that he is vague and feeble It is true that now and again in the course of these essays he makes remarks which are obviously meant to apply to the failings of certain writers of his own age and country but in such a case I have generally given his sentences a turn which while keeping them faithful to the spirit of the original secures for them a less restricted range and makes Schopenhauer a critic of similar faults in whatever age or country they may appear About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works A London Encyclopaedia, Or Universal Dictionary of Science, Art, Literature and Practical Mechanics Thomas Curtis, 1829 *The London encyclopaedia, or, Universal dictionary of science, art, literature, and practical mechanics, by the orig. ed. of the Encyclopaedia metropolitana [T. The Effect of War Upon Art and Literature Lawrence Haward, 2017-07-27 Excerpt from The Effect of War Upon Art and Literature A Lecture Delivered at the University of Manchester February 28 1916 First of all it may be as well to be clear about the terms we are using Art and literature then I regard for the purposes of this lecture as different manifestations of what is at root the same creative spirit the same impulse to aesthetic expression In dealing with literature I shall almost entirely confine myself to the poet not because the writer of prose shows qualities in any sense contradictory to those of the poet but because those qualities in the poet are more fused and more concentrated more quintessential and will there fore the better illustrate the points that I wish to make As to art I hardly think it necessary to attempt a definition for it can be defined in exactly as many ways as there are subjects with which it is for the moment being likened or contrasted I will only say that when I use the word art to night I shall take it quite generally to include the activities of the painter the sculptor and the musician About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing

page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Official Gazette of the United States Patent and Trademark Office ,1999 *Guardians of the Humanist Legacy: The Classicism of T.S. Eliot's Criterion Network and its Relevance to our Postmodern World* Jeroen Vanheste,2007-07-30 In recent scholarly work T S Eliot has usually been associated with cultural elitism and political conservatism or even with proto fascism and anti Semitism This book proposes a different view During the Interbellum Eliot and his review The Criterion were part of an international network of intellectuals that shared an open minded Europeanness Authors like T Mann Benda Ortega y Gasset Curtius and Hofmannsthal emphasized their common European roots and shared cultural legacy Their classicism stands in the European tradition of humanism and has remained highly relevant Classicist ideas about literature education and human culture in general continue to inspire contemporary humanist thinkers as the second part of this book demonstrates by discussing the work of Ferry Todorov Steiner Scruton Toulmin and others **Contemporary Sri Lankan Literature and Art** Stefan Horlacher,Thilini Meegaswatta,2025-11-03 This volume brings together art literature and critical analyses to examine which concepts and blueprints of re negotiation of national ethnic and religious identities may pave the way towards a more inclusive yet open and plural Sri Lankan society It looks to develop new creative and alternative concepts of community and nation building as envisaged in Sri Lanka's rich contemporary art scene i e literature theatre film and performing and visual arts The individual chapters authored by prominent academics as well as renowned artists critically engage with a pertinent selection of contemporary Sri Lankan works of art and their visions of what a multi ethnic multi religious Sri Lanka might look like in the aftermath of three decades of war a severe economic crisis and the tenacious protests of 2022 Aragalaya The first of its kind this volume includes analyses ranging from disciplines such as Anthropology Literary and Cultural Studies Film and Performance Studies South Asian Studies and Art History to topics such as the question of truth in testimonial literature Buddhist nationalism Sinhala identity politics and the impossibility of transitional justice It is supplemented with interviews and unpublished short stories and poetry from well known resident and diasporic Sri Lankan writers as well as art originating from the Aragalaya Library of Congress Subject Headings Library of Congress,2003 **Library of Congress Subject Headings** Library of Congress.
