Angelo John Lewis, 1886 *Modern Magic* Maximilian Schele de Vere, 2023-01-30 The main purpose of our existence on earth aside from the sacred and paramount duty of securing our salvation is undoubtedly to make ourselves masters of the tangible world around us as it stands revealed to our senses and as it was expressly made subject to our will by the Creator We are however at the same time not left without information about the existence of certain laws and the occurrence of certain phenomena which belong to a world not accessible to us by means of our ordinary senses and which yet affect seriously our intercourse with Nature and our personal welfare this knowledge we obtain sometimes by special favor as direct revelation and at other times for reasons as yet unknown at the expense of our health and much suffering By whatever means it may reach us it cannot be rejected to treat it with ridicule or to decline examining it would be as unwise as unprofitable The least that we can do is to ascertain the precise nature of these laws and after stripping these phenomena of all that can be proved to be merely incidental or delusive to compare them with each other and to arrange them carefully according to some standard of classification The main interest in such a task lies in the discovery of the grain of truth which is often found concealed in a mass of rubbish and which when thus brought to light serves to enlarge our knowledge and to increase our power The difficulty lies in the absence of all scientific investigation and in the innate tendency of man to give way wantonly or unconsciously to mental as well as to sensual delusion **Modern Magic. A Practical Treatise on the Art of Conjuring. By Professor Hoffmann. With ... Illustrations** Louis HOFFMANN (Professor, pseud. [i.e. Angelo John Lewis.]), 1876 *Modern Magic: A Practical Treatise on the Art of Conjuring* Professor Hoffmann, 2019-11-22 In Modern
