Perry-Mansfield Performing Arts School & Camp: A History of Art in Nature Dagny McKinley, 2017 In 1914 Charlotte Perry and Portia Mansfield envisioned a secluded institution nestled in the mountains where art and nature could intersect By the 1920s their remote Perry Mansfield Performing Arts School Camp in Steamboat Springs was serving as a hub for top dancers such as Jos Limon and Harriette Ann Gray to hone their craft In addition to training thousands of pointed toes and arched feet the school showcased equestrian jumping and performed plays by masters including Shakespeare Garc a Lorca and Tennessee Williams The theater program eventually attracted budding actors like Julie Harris Dustin Hoffman and Jessica Biel Author Dagny McKinley presents the story of America's longest continuously running performing arts camp

Western Art, Western History Ron Tyler, 2019-03-07 For nearly half a century celebrated historian Ron Tyler has researched interpreted and exhibited western American art This splendid volume gleaned from Tyler's extensive career of connoisseurship brings together eight of the author's most notable essays reworked especially for this volume Beautifully illustrated with more than 150 images *Western Art Western History* tells the stories of key artists both famous and obscure whose provocative pictures document the people and places of the nineteenth century American West The artists depicted in these pages represent a

variety of personalities and artistic styles According to Tyler each of them responded in unique ways to the compelling and exotic drama that unfolded in the West during the nineteenth century an age of exploration surveying pleasure travel and scientific discovery In eloquent and engaging prose Tyler unveils a fascinating cast of characters including the little known German Russian artist Louis Choris who served as a draftsman on the second Russian circumnavigation of the globe the exacting and precise Swiss artist Karl Bodmer who accompanied Prince Maximilian of Wied on his sojourn up the Missouri River and the young American Alfred Jacob Miller whose seemingly frivolous and romantic depictions of western mountain men and American Indians remained largely unknown until the mid twentieth century Other artists showcased in this volume are John James Audubon George Caleb Bingham Alfred E Mathews and finally Frederic Remington who famously sought to capture the last glimmers of the old frontier A common thread throughout Western Art Western History is the important role that technology especially the development of lithography played in the dissemination of images As the author emphasizes many works by western artists are valuable not only as illustrations but as scientific documents imbued with cultural meaning By placing works of western art within these broader contexts Tyler enhances our understanding of their history and significance *The Monthly Army List* Great Britain. Army,1891
