Kashmir: Its Aborigines and Their Exodus Colonel Tej K. Tikoo, Exodus of Kashmiri Pandits from Kashmir in 1989 was their seventh such exodus since the arrival of Islam in Kashmir in the fourteenth century. This was precipitated by the outbreak of Pakistan-sponsored insurgency across Kashmir Valley in 1989. The radical Islamists targeted Pandits, a minuscule community in Muslim-dominated society, creating enormous fear, panic, and grave sense of insecurity. In the face of ruthless atrocities inflicted on them, the Pandits' sole concern was ensuring their own physical safety, and their resolve not to convert to Islam. Over 350,000 Kashmiri Pandits were forced to flee en masse, leaving their home and hearth. This was the single largest forced displacement of people of a particular ethnicity after partition of India. Pandits' travails did not end with the exodus. The obstructive and intimidating attitude of the State administration towards the Pandit refugees made their post-exodus existence even more miserable. The Government at the Centre too remained indifferent to their plight. This book traces the Pandits' economic and political marginalization in the State over the past six decades and covers in detail the events that led to their eventual exodus. In the light of ethnic cleansing of Pandits from the Valley, the book also examines some critical issues so crucial to India's survival as a multi-cultural, liberal, and secular democracy.

Water and Sacred Architecture Anat Geva, 2023-05-25. This edited book examines architectural representations that tie water as a physical and symbolic property with the sacred. The discussion centers on two levels of this relationship: how water influenced the sacredness of buildings across history and different religions, and how sacred architecture expressed the spiritual meaning of water. The volume deliberately offers original material on various unique contextual and design aspects of water and sacred architecture rather than an attempt to produce a historic chronological analysis on the topic or focusing on a specific geographical region. As such, this unique volume adds a new dimension to the study of sacred architecture. The book's chapters are compiled by a stellar group of scholars and practitioners from the US, Canada, Europe, Asia, and Africa. It addresses major aspects of water in religious buildings, such as rituals, pilgrimage, water as a cultural material, and place-making. Hydro systems, modern practices, environmental considerations, the contribution of water to transforming secular into sacred, and future digital/cyber context of water and sacredness. All chapters are based on original archival studies, historical

documents and field visits to the sites and buildings These examinations show water as an expression of architectural design its materiality and its spiritual values The book will be of interest to architects historians environmentalists archaeologists religious scholars and preservationists Transfer of Buddhism Across Central Asian Networks (7th to 13th Centuries), 2015-10-05 The interdisciplinary volume *Transfer of Buddhism across Central Asian Networks 7th to 13th Centuries* edited by Carmen Meinert offers a new transregional and transcultural vision for religious transfer processes in Central Asian history It looks at the region as an integrated religious whole rather than from the perspective of fragmented sub disciplines and analyses the spread of Buddhism as a driving force in a societal and cultural change of pan Asian importance One particular dimension of this Buddhist globalisation was the rise of local forms of Buddhism This volume explores Buddhist localisations through manuscripts and material culture in the multiethnic oases of the Tarim basin the Transhimalyan region of Zangskar Ladakh and Kashmir and the Western Tibetan Kingdom of Purang Guge Contributors are Kazuo Kano Deborah Klimburg Salter Rob Linrothe Linda Lojda Carmen Meinert Henrik H S rensen Monica Strinu Gertraud Taenzer Sam van Schaik and Jens Wilkens Bibliographic Guide to Art and Architecture New York Public Library.
