**U. S. Composers and Poets: The Intersection of American Classical Music and American Literature (Revised and Updated)** Gerald F. Sweeney, 2024-10-15 Gerald F. Sweeney's new book is titled *US Composers and Poets: The Intersection of American Classical Music and American Literature*. The relationship between American composers and American writers has always been close. Creating the music to accompany and enhance the prose and poetry of our greatest writers has given us a treasury of musical masterpieces including Ives' *Concord Sonata* after Emerson, Thoreau, Hawthorne, and the Alcotts, as well as Copland's *Poems of Emily Dickinson*, Gershwin's *Porgy and Bess* with DuBose Heyward, and Lukas Foss's *The Jumping Frog of Calaveras County* after Mark Twain. This new soft cover book contains the musical offerings of 300 American composers who have embellished the literary creations of over one hundred and fifty American writers. This includes thirty-five musical versions of poems set by Walt Whitman and twenty-five by Emily Dickinson, indicating the devotion shown to our favorite poets by American troubadours.

**Répertitres** François Verschaeve, 2007 **City Songs and American Life, 1900-1950** Michael L. Lasser, 2019 Nothing defines the songs of the great American songbook more richly and persuasively than their urban sensibility. During the first half of the twentieth century, songwriters such as Harold Arlen, Irving Berlin, Dorothy Fields, George and Ira Gershwin, and Thomas Fats Waller flourished in New York City, the home of Tin Pan Alley, Broadway, and Harlem. Many of these remarkably deft and forceful creators were native New Yorkers. Others got to Gotham as fast as they could. Either way, it was as if from their vantage point on the West Side of Manhattan, these artists were describing America, not its geography or politics, but its heart to Americans and to the world at large. In *City Songs and American Life, 1900-1950*, renowned author and broadcaster Michael Lasser offers an evocative and probing account of the popular songs, including some written originally for the stage or screen, that America heard and sang and danced to during the turbulent first half of the twentieth century. Lasser demonstrates how the spirit of the teeming city pervaded these wildly diverse songs. Often that spirit took form overtly in songs that portrayed the glamor of Broadway, the energy and jazz-age culture of Harlem. But a city-bred spirit, or even a specifically New York City way of feeling and talking, also infused many other widely known and loved songs stretching from the early decades of the century to the twenties: the age of the flapper, bathtub gin, and women's right to vote; the Great Depression; and finally World War II. Throughout this remarkable book, Lasser emphasizes how the soul of city life echoes in the nation's songs, developed and changed in tandem with economic, social, and political currents in America as a whole.

Dust jacket flap *Deforming American Political Thought* Michael J. Shapiro, 2016-02-19 *Deforming American Political Thought* offers an alternative to the dominant American historical imagination, treating issues that range from the nature of Thomas Jefferson's vision of an egalitarian nation to the persistence of racial inequality. Presenting multifaceted arguments that transcend the myopic scope of traditional political discourses, Michael J. Shapiro summons disparate disciplines and genres: architecture, crime stories, novels, films, and jazz blues.

music among others to provide approaches to the comprehension of diverse facets of American political thought from the founding to the present The book s various investigations disclose that there have always been dissenting voices articulated in diverse genres of expression that cast doubt on the moral purpose and exceptionalism of the American mind This highly anticipated updated second edition features a preface focusing on aesthetic theory and the contributions of artistic genres for political analysis and a completely new chapter on critical thinking about the US western and urban encounters afforded by the two HBO series *Deadwood* and *The Wire* respectively
