

The Modern American Political Novel

1900–1960

Joseph Blotner

American Political Novel

Joseph Blotner

American Political Novel:

The political novel Joseph Blotner, 2022-08-21 The political novel by Joseph Blotner explores the novel as a political inculcator covering novels and novelists of the U S Great Britain and the Continent Many popular works of literature are mentioned by Blotner From Fahrenheit 451 which was a new book at the time of its publication to Uncle Tom s Cabin the way the written word can be used to sway political feelings is discussed *Political Fiction and the American Self* John

Whalen-Bridge, 1998 Examining political novels that have achieved or been denied canonical status John Whalen Bridge demonstrates how Herman Melville Jack London Norman Mailer Ralph Ellison Toni Morrison and Margaret Atwood have grappled with the problem of balancing radicalism and art He shows that some books are more political than others that some political novelists are more skillful than others and that readers must allow for basic working distinctions between politics and aesthetics if we are to make useful judgments about which political novels to read and why Whalen Bridge demonstrates with clarity and power that the American political novel should not be ostracized but celebrated as a genre equal or superior to poetic and aesthetic ones Tobin Siebers author of Cold War Criticism and the Politics of Skepticism

The Chinese Political Novel Catherine Vance Yeh, 2020-05-11 The political novel which enjoyed a steep yet short rise to international renown between the 1830s and the 1910s is primarily concerned with the nation s political future It offers a characterization of the present a blueprint of the future and the image of the heroes needed to get there With the standing it gained during its meteoric rise the political novel helped elevate the novel altogether to become the leading literary genre of the twentieth century worldwide Focusing on its adaptation in the Chinese context Catherine Vance Yeh traces the genre from Disraeli s England through Europe and the United States to East Asia Her study goes beyond comparative approaches and nation state and language centered histories of literature to examine the intrinsic connections among literary works Through detailed studies especially of the Chinese exemplars Yeh explores the tensions characteristic of transcultural processes the dynamics through which a particular and seemingly local literary genre goes global the ways in which such a globalized literary genre maintains its core features while assuming local identity and interacting with local audiences and political authorities and the relationship between the politics of form and the role of politics in literary innovation *The Modern American Political Novel* Joseph Blotner, 2014-06-30 Politics the workings of government and of people in government has long been a fertile field for exploration by the novelist The political arena offers many examples of conflict between individuals groups or the individual and the group or within the individual It is natural then that a sizable body of fiction has grown up using politics as a main source of action In this study Joseph Blotner attempts to discover the image of American politics as presented in American novels over a sixty year span His major discussion is limited to 138 novels dealing directly with candidates officeholders party officials or individuals performing political acts as they are conventionally understood He also refers to nineteenth century predecessors European analogues or other twentieth century

American novels as they bear on his discussions Blotner gives a thorough examination of certain archetypal figures the young hero the political boss and the Southern demagogue which appear in central or subordinate positions in the action of many political novels He finds that the novels reflect certain major movements or upheavals in the political history of the United States or the world in particular fascism and McCarthyism and that they also give the political aspects of universal attitudes or problems corruption disillusionment reaction and the role of women and of the intellectual The author presents a detailed analysis of each of these subjects prefacing each analysis by a survey of the historical background out of which the fiction grew and including a brief and often pungent assessment of the literary merits of each novel discussed He also surveys a large body of political fiction which cuts across all of these categories the novel of the future both utopian and apocalyptic The Modern American Political Novel will be of great interest to the student of twentieth century literature the political scientist the sociologist and even the practicing politician will also find its analyses useful and illuminating *Redefining the Political Novel* Sharon M. Harris, 1995 While critical studies of the American political novel date from the 1920s such considerations of the genre have failed whether wittingly or unwittingly to recognize works by women The exclusion is usually based on a distinction between social novels and political novels and the result is an understanding of the political as a largely male province In this thought provoking collection of essays the contributors seek not simply to add works by women to the canon of political novels but rather to demand a conceptual revolution one that questions the very precepts on which the canon is based This redefinition of the political novel takes many factors into account including gender race and class and their relation to our most basic conceptions of literary and aesthetic value Authoritarianism and Class in American Political Fiction David Smit, 2022-05-31 This book analyzes what many critics consider to be the three best examples of modern American political fiction Robert Penn Warren's *All the King's Men* Edwin O'Connor's *The Last Hurrah* and Billy Lee Brammer's *The Gay Place* to address a specific problem in American governance how the intense competition for power among elite factions often results in their ignoring major groups of their constituents thereby providing political bosses with a rationale to seize authoritarian control of the government in the name of constituent groups who feel ignored or neglected promising them more democratic rule but in the process excluding other groups so that the bosses themselves become elitist ruling only for the sake of some constituents and not others **The American Political Novel** Gordon Milne, 1966 *The Cambridge Companion to the Twentieth-Century American Novel and Politics* Bryan M. Santin, 2023-10-12 Surveying the relationship between American politics and the twentieth century novel this volume analyzes how political movements ideas and events shaped the American novel It also shows how those political phenomena were shaped in turn by long form prose fiction The book is made up of three major sections The first section considers philosophical ideologies and broad political movements that were both politically and literarily significant in the twentieth century United States including progressive liberalism conservatism socialism and communism feminism and Black liberation

movements The second section analyzes the evolving political valences of key popular genres and literary forms in the twentieth century American novel focusing on crime fiction science fiction postmodern metafiction and immigrant fiction The third section examines ten diverse politically minded novels that serve as exemplary case studies across the century Combining detailed literary analysis with innovative political theory this Companion provides a groundbreaking study of the politics of twentieth century American fiction

Indian Political Novel in English O. P. Bhatnagar, 2007 *Politics, Satire, and Historical Consciousness in Contemporary American Novel* Olena Boylu, 2022-11-01 What is the role of the historical and political novel in our lives Is it just a story from the past or does it shape our historical consciousness Can we rely on the information within this type of fiction According to many historicists we cannot However we can also question numerous ideologically shaped history books that look more like fiction than scientific sources Hence historically and politically loaded fiction has an equal chance in the formational process of our historical consciousness Besides through satire and humor which a scientist omits in a history book a novelist manages to affect its reader on a different scale and leave a deeper trace As E L Doctorow once stated The historian tells you what happened The novelist will tell you what it felt like Hence this study analyzes several significant concepts such as historiography historical consciousness power its elements and the way it operates traces major characteristics of historical and political fiction and determines the role of satire within them Eventually through the analysis of several prominent contemporary novels it provides vivid examples of all the concepts that have been discussed

Power and Class in Political Fiction David Smit, 2019-09-13 This book introduces Elite Theory to the literary study of class as a framework for addressing issues of the nature of governance in political fiction The book describes the historical development and major tenets of Elite Theory and shows how each of four post war Washington novels Gore Vidal s Washington D C Allen Drury s Advise and Consent Joan Didion s Democracy and Ward Just s Echo House illustrates the way class based political elites exhibit forms of ruling class consciousness and maintain their legitimacy in an ostensibly democratic form of government by promoting themselves as models of behavior promulgating an ideology that justifies their rule through their control of the media and accepting new members from the lower classes Reading these novels through a socio political lens David Smit offers suggestions for ways to work for a more just and equitable society in light of what this analysis reveals about the culture that produces our political elites

Motives for Fiction Robert Alter, 1984 For many serious readers Robert Alter writes in his preface the novel still matters and I have tried here to suggest some reasons why that should be so In his wide ranging discussion Alter examines the imitation of reality in fiction to find out why mimesis has become problematic yet continues to engage us deeply as readers Alter explores very different sorts of novels from the self conscious artifices of Sterne and Nabokov to what seem to be more realistic texts such as those of Dickens Flaubert John Fowles and the early Norman Mailer Attention is also given to such individual critics as Edmund Wilson and Alfred Kazin and to current critical schools In Alter s essays a particular book or movement or

juxtaposition of writers provides the occasion for the exploration of a general intellectual issue The scrutiny of well chosen passages the joining of images or themes or ideas the associative and intuitive processes that lead to the right phrase and the right loop of syntax for the matter at hand all these come together unexpectedly to illuminate both the text in question and the general issue Recent discussions of mimesis in fiction generally proceed from a single thesis By contrast Motives for Fiction offers an empirical approach attempting to define mimesis in its various guises by careful critical readings of a heterogeneous sampling of literary texts Intelligent and good humored the book is also old fashioned enough to wonder whether mimesis might not be a task or responsibility to which much contemporary fiction has not proved entirely adequate

Politics and the Novel in India Malik, Lieberman, 2023-07-24

The Cambridge Introduction to Contemporary

American Fiction Stacey Olster, 2017-06-09 The Cambridge Introduction to Contemporary American Fiction explores fiction written over the last thirty years in the context of the profound political historical and cultural changes that have distinguished the contemporary period Focusing on both established and emerging writers and with chapters devoted to the American historical novel regional realism the American political novel the end of the Cold War and globalization 9 11 borderlands and border identities race and the legacy of postmodern aesthetics this Introduction locates contemporary American fiction at the intersection of a specific time and long standing traditions In the process it investigates the entire concept of what constitutes an American author while exploring the vexed yet resilient nature of what the concept of home has come to signify in so much writing today This wide ranging study will be invaluable to students instructors and general readers alike

American Political Fictions Peter Swirski, 2015-06-03 Through a discussion of diverse art and media such as apocalyptic thrillers rap and television Swirski debunks the American political system sieving out fact from a sea of bipartisan untruths Engaging with close analysis and multiple case studies this book forges a more accurate picture of contemporary American culture and of America itself

Political Fiction, the Spirit of the Age, and Allen Drury Tom Kemme, 1987 The President of the United States says the Constitution cannot act in many specified instances without the advice and consent of Congress But advice is not a strong word And taking or not taking advice is a fairly nebulous situation creating an instability a fundamental ambiguity at the very heart of power between the Congress and the President It is this instability and this wide openness that allows the free play of the more intangible types of power that begin where the constitution breaks off sex personality and character Things which are left out of civics textbooks are what Allen Drury took as his subject in such novels as Advise and Consent A Shade of Difference and Capable of Honor

Political Liberalism and the Rise of American Romanticism Scott M. Reznick, 2024 This volume traces how American literature evolved in response to widespread conflicts over the very nature of US democracy in the early republic and antebellum eras It examines how American writers reacted to three moments of profound divisiveness in the 1790s 1830s and 1850s

The Princeton Encyclopedia of American Political History. (Two volume set) Michael Kazin, Rebecca Edwards, Adam Rothman, 2009-11-09 A

Modern Irish-American Fiction Daniel J. Casey, Robert E. Rhodes, 1989-07-01 Reflected in these writings from twenty one Irish Americans are the themes common to all immigrant literature but from the authors own ethnic point of view The struggle for success forms the underlying structure in the stories by O Hara Curran and McCarthy and the changing values the New World imposes on the individual are seen in Edwin O Connor s Grand Day for Mr Garvey Irish wit and black humor pepper all the stories as represented by Dunn s bartender philosopher Dooley and Donleavy s Fairy Tale of New York Catholicism is omnipresent and is often characterized by the priest as in Fitzgerald s Benediction Power s Bill and Flaherty s Fogarty Themes that have an immense effect on the characters relationships are their difficulties in communicating with one another which Gill captures succinctly in The Cemetery and the repositioning of gender roles so evident in Cullinan s Life After Death and in Costello s Murphy s Xmas Finally there are the intense often contradictory feelings the characters have toward their homeland Hamill s Gift illustrates the desire to rid Ireland of British rule Gordon s neighborhood shows the immigrants embarrassment over their origins Editors Casey and Rhodes have organized these pieces chronologically beginning at the turn of the century Thus the selections illustrate the progression of Irish American literature and also fulfill the word of William Kennedy who said of his own writing those who came before helped to show me

how to turn experience into literature *A Companion to the American Novel* Alfred Bendixen, 2014-11-17 Featuring 37 essays by distinguished literary scholars *A Companion to the American Novel* provides a comprehensive single volume treatment of the development of the novel in the United States from the late 18th century to the present day Represents the most comprehensive single volume introduction to this popular literary form currently available Features 37 contributions from a wide range of distinguished literary scholars Includes essays on topics and genres historical overviews and key individual works including *The Scarlet Letter* *Moby Dick* *The Great Gatsby* *Beloved* and many more
