new tariffs or an increase in existing tariffs would make imports more costly and render the exported goods less competitive. Yet the book posits that the trade war has provided a window of opportunity to other countries not caught in it. The South Asian region with countries like Bangladesh, India, and Sri Lanka has actually reaped benefits from the widening trade dispute between the world's two biggest economies. This book will be a useful reference to help policymakers to undertake informed decisions and initiate programs to minimise the trade war impact. **Commerce Reports**, 1930 **Minerals Yearbook**, 2006 *Catalog of Copyright Entries.
