American Skinheads Sylvia J. Sievers, 2003 *Skinheads Shaved for Battle* Jack B. Moore, 1993 Moore emphasizes throughout the American identity of skinheadism **Federal Probation**, 1993 *America's Secret Jihad* Stuart Wexler, 2016-06-14 The conventional narrative concerning religious terrorism inside the United States says that the first salvo occurred in 1993 with the first attack on the World Trade Center in New York City This narrative has motivated more than a decade of wars and re prioritized America s domestic security and law enforcement agenda But the conventional narrative is wrong A different group of jihadists exists within US borders This group has a long but hidden history is outside the purview of public officials and has an agenda as apocalyptic as anything Al Qaeda has to offer Radical sects of Christianity have inspired some of the most grotesque acts of violence in American history the 1963 Birmingham Church bombing that killed four young girls the Mississippi Burning murders of three civil rights workers in 1964 the assassination of Martin Luther King Jr in 1968 the Atlanta Child Murders in the late 1970s and the Oklahoma City Bombing in 1995 America s Secret Jihad uses these crimes to tell a story that has not been told before Expanding upon the author s ground breaking work on the Martin Luther King Jr murder and through the use of extensive documentation never before released interviews and a re interpretation of major events America s Secret Jihad paints a picture of Christian extremism and domestic terrorism as it has never before been portrayed **The SAGE Encyclopedia of Terrorism, Second Edition** Gus Martin, 2011-06-15 This thoroughly updated edition with expanded coverage explores the impact of terrorism on economics public health religion and pop culture and also includes details of ethical issues and debates relating to terrorism **Visions of Awakening Space and Time : Dogen and the Lotus Sutra** Institute of Buddhist Studies Graduate Theological Union Taigen Dan Leighton Adjunct Professor, 2007-05-11 As a religion concerned with universal liberation Zen grew out of a

Buddhist worldview very different from the currently prevalent scientific materialism Indeed says Taigen Dan Leighton Zen cannot be fully understood outside of a worldview that sees reality itself as a vital dynamic agent of awareness and healing In this book Leighton explicates that worldview through the writings of the Zen master Eihei Dogen 1200-1253 considered the founder of the Japanese Soto Zen tradition which currently enjoys increasing popularity in the West The Lotus Sutra arguably the most important Buddhist scripture in East Asia contains a famous story about bodhisattvas enlightening beings who emerge from under the earth to preserve and expound the Lotus teaching in the distant future The story reveals that the Buddha only appears to pass away but actually has been practicing and will continue to do so over an inconceivably long life span Leighton traces commentaries on the Lotus Sutra from a range of key East Asian Buddhist thinkers including Daosheng Zhiyi Zhanran Saigyō Myōe Nichiren Hakuin and Ryōkan But his main focus is Eihei Dogen the 13th century Japanese Soto Zen founder who imported Zen from China and whose profuse provocative and poetic writings are important to the modern expansion of Buddhism to the West Dogen's use of this sutra expresses the critical role of Mahayana vision and imagination as the context of Zen teaching and his interpretations of this story furthermore reveal his dynamic worldview of the earth space and time themselves as vital agents of spiritual awakening Leighton argues that Dogen uses the images and metaphors in this story to express his own religious worldview in which earth space and time are lively agents in the bodhisattva project Broader awareness of Dogen's worldview and its implications says Leighton can illuminate the possibilities for contemporary approaches to primary Mahayana concepts and practices
