American Society Since 1945:

American Society Since 1945 William L. O'Neill, 1969 *She's the Boss* Debra Michals, 2025 In the years after World War II as women were being pushed from wartime jobs for returning soldiers government and business leaders and women themselves saw small business ownership as a viable economic solution In just five years US women owned nearly a million of the nation's businesses In the decades since women have moved increasingly into business ownership often outpacing male start ups so that today they own more than fourteen million businesses 40 percent of all US companies *She's the Boss* chronicles the forces that made entrepreneurship attractive to women In rich detail Debra Michals shares the stories of the countless women of all races ethnicities genders and abilities who contributed to this important history The book also explores the intersection of women's personal choices within changing social political and economic factors such as the rising divorce rates of the 1960s and 1970s ongoing workplace and credit discrimination civil and women's rights activism and activist entrepreneurs the 1970s recession and 1980s Reagan Revolution and more recently the internet crowd funding and social entrepreneurship Postwar America Harvard Sitkoff, 2000 The half century since the end of World War II has been crucial in defining America's image of itself and role in the world A thorough survey of an era dominated by the cold war on the international front and conflicting social forces at home this authoritative reference volume details every aspect of a turbulent age It features Brief biographical vignettes of notable political and civil leaders from Eleanor Roosevelt to Newt Gingrich Insightful portraits of prominent cultural icons from Allen Ginsburg and Elvis to Billy Graham and Jackie Robinson Informative analyses of major political events from the Yalta Conference and the Cuban Missile Crisis to Watergate Brief histories of pivotal armed conflicts from the Korean War and the invasion of Lebanon to the Persian Gulf War Articles on social and cultural milestones from Woodstock to suburban migration to the World Wide Web Summaries of such crucial documents as the Civil Rights Act the Voting Rights Act and the Equal Rights Amendment Descriptions of groundbreaking legal cases such as *Roe v Wade* *Miranda v Arizona* and *Brown v Board of Education of Topeka Kansas* Profiles of major civil rights movements such as black nationalism and feminism Explanations of political and social concepts such as affirmative action consumer culture and McCarthyism Authoritative accounts of momentous episodes spurred by social protest such as the Montgomery bus boycott and the Kent State University shootings Further reading lists and cross references following each entry A detailed chronology The issues that united and divided Americans during the second half of the century the civil rights movement the Vietnam war the cold war are discussed in lively objective articles which breathe life into the events and people that have shaped our nation More than 200 illustrations including photographs posters and ephemera such as political campaign buttons make *Postwar America* A Student Companion an excellent introductory resource for students and all readers interested in modern history Oxford's Student Companions to American History are state of the art references for school and home specifically designed and written for ages 12 and up Each book is a concise but comprehensive A to Z guide

to a major historical period or theme in U S history with articles on key issues and prominent individuals The authors distinguished scholars well known in their areas of expertise ensure that the entries are accurate up to date and accessible Special features include an introductory section on how to use the book further reading lists cross references chronology and full index

Reader's Guide to American History Peter J. Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader s Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history

The New American History American Historical Association, 1997 Originally released in 1990 The New American History edited for the American Historical Association by Eric Foner has become an indispensable volume for teachers and students In essays that chart the shifts in interpretation within their fields some of our most prominent American historians survey the key works and themes in the scholarship of the last three decades Along with substantially revised essays from the first edition this volume presents three entirely new ones on intellectual history the history of the West and the histories of the family and sexuality The second edition of The New American History reflects in Foner s words the continuing vitality and creativity of the study of the past how traditional fields are being expanded and redefined even as new ones are created Author note Eric Foner is DeWitt Clinton Professor of History at Columbia University He is the author of numerous books including *Reconstruction 1863 1877* which was awarded the Bancroft Prize

[America in the Forties](#) Ronald Allen Goldberg, 2012-01-25 In *America in the Forties* Goldberg energetically argues that the decade of the 1940s was one of the most influential in American history a period marked by war sacrifice and profound social changes With superb detail Goldberg traces the entire decade from the first stirrings of war in a nation consumed by the Great Depression to the conflicts with Europe and Japan to the start of the Cold War and the dawn of the atomic age Richly drawn portraits of the period s charismatic brilliant and often controversial leaders Franklin Roosevelt Winston Churchill and Harry Truman demonstrate their immense importance in shaping the era and in turn the course of American government politics and society Goldberg chronicles U S heroic accomplishments during World War II and the early Cold War showing how these military and diplomatic achievements helped lay the foundation for the country s current role in economic and military affairs worldwide Combining an engrossing narrative with intelligent analysis *America in the Forties* enriches our understanding of that pivotal era

Showdown, Confronting Modern America in the Western Film John H. Lenihan, 1980 *Showdown* is a study of America s oldest most representative film genre the Western movie from the perspective of social allegory It

assesses scores of major and minor films to show how Westerns function as vehicles for contemporary social and political critiques of American life *With Amusement for All* LeRoy Ashby, 2006-05-12 *With Amusement for All* is a sweeping interpretative history of American popular culture Providing deep insights into various individuals events and movements LeRoy Ashby explores the development and influence of popular culture from minstrel shows to hip hop from the penny press to pulp magazines from the NBA to NASCAR and much in between By placing the evolution of popular amusement in historical context Ashby illuminates the complex ways in which popular culture both reflects and transforms American society He demonstrates a recurring pattern in democratic culture by showing how groups and individuals on the cultural and social periphery have profoundly altered the nature of mainstream entertainment The mainstream has repeatedly co opted and sanitized marginal trends in a process that continues to shift the limits of acceptability Ashby describes how social control and notions of public morality often vie with the bold erotic and sensational as entrepreneurs finesse the vagaries of the market and shape public appetites Ashby argues that popular culture is indeed a democratic art as it entertains the masses provides opportunities for powerless and disadvantaged individuals to succeed and responds to changing public hopes fears and desires However it has also served to reinforce prejudices leading to discrimination and violence Accordingly the study of popular culture reveals the often dubious contours of the American dream *With Amusement for All* never loses sight of pop culture's primary goal the buying and selling of fun Ironically although popular culture has drawn an enormous variety of amusements from grassroots origins the biggest winners are most often sprawling corporations with little connection to a movement's original innovators *The Transformation of the American Democratic Republic* Stephen M. Krason, 2017-09-08 In this stimulating volume Stephen M Krason considers whether the Founding Fathers vision of the American democratic republic has been transformed and if so in what ways He looks to the basic principles of the Founding Fathers then discusses the changes that resulted from evolving contemporary expectations about government Referencing philosophical principles and the work of great Western thinkers Krason then explores a variety of proposals that could forge a foundation for restoration Acknowledging that any attempt to revive the Founders views on a democratic republic must start in the public sphere Krason focuses on concerned citizens who are aware of the extent to which our current political structures deviate from the Founders vision and want to take action Ultimately a democratic republic can exist be sustained and flourish only when there is a deep commitment to it in the minds and norms of its people Written by a foremost authority in the field of US Constitutional law this book will appeal to those interested in American history society and politics

American Cinema of the 1950s Murray Pomerance, 2005 Bringing together original essays by ten respected scholars in the field *American Cinema of the 1950s* explores the impact of the cultural environment of this decade on film and the impact of film on the American cultural milieu Contributors examine the signature films of the decade including *From Here to Eternity* *Sunset Blvd* *Singin in the Rain* *Shane* *Rear Window* and *Rebel Without a Cause* as well as lesser known but equally

compelling films such as Dial 1119 Mystery Street Suddenly Summer Stock The Last Hunt and many others **Manhood and American Political Culture in the Cold War** K.A. Cuordileone, 2012-11-12 Manhood and American Political Culture in the Cold War explores the meaning of anxiety as expressed through the political and cultural language of the early cold war era Cuordileone shows how the preoccupation with the soft malleable American character reflected not only anti Communism but acute anxieties about manhood and sexuality Reading major figures like Arthur Schlesinger Jr Adlai Stevenson Joseph McCarthy Norman Mailer JFK and many lesser known public figures Cuordileone reveals how the era s cult of toughness shaped the political dynamics of the time and inspired a reinvention of the liberal as a cold warrior **Studies of Capitalist Culture** R. G. Williams, 2023-08-22 This book is a study of Capitalist culture of modern culture under Capitalism and the problems of Capitalist culture We live in an age of Capitalist crisis we also live in an age of Capitalist cultural crisis By looking at the relationship between culture and Capitalism we might be able to understand the relationship between culture and the struggle for Socialism for a society based on a free culture and a free humanity **Refrigeration Engineering**, 1954 English abstracts from Kholodil naia tekhnika **Striking Steel** Jack Metzgar, 2000-02-02 Having come of age during a period of vibrant union centered activism Jack Metzgar begins this book wondering how his father a U S Steel shop steward in the 1950s and 60s and so many contemporary historians could forget what this country owes to the union movement Combining personal memoir and historical narrative Striking Steel argues for reassessment of unionism in American life during the second half of the twentieth century and a recasting of official memory As he traces the history of union steelworkers after World War II Metzgar draws on his father s powerful stories about the publishing work in the mills stories in which time is divided between before the union and since His father Johnny Metzgar fought ardently for workplace rules as a means of giving the men some control over their working conditions and protection from venal foremen He pursued grievances until he eroded management s authority and he badgered foremen until he established shop floor practices that would become part of the next negotiated contract As a passionate advocate of solidarity he urged coworkers to stick together so that the rules were upheld and everyone could earn a decent wage Striking Steel s pivotal event is the four month nationwide steel strike of 1959 a landmark union victory that has been all but erased from public memory With remarkable tenacity union members held out for the shop floor rules that gave them dignity in the workplace and raised their standard of living Their victory underscored the value of sticking together and reinforced their sense that they were contributing to a general improvement in American working and living conditions The Metzgar family s story vividly illustrates the larger narrative of how unionism lifted the fortunes and prospects of working class families It also offers an account of how the broad social changes of the period helped to shift the balance of power in a conflict ridden patriarchal household Even if the optimism of his generation faded in the upheavals of the 1960s Johnny Metzgar s commitment to his union and the strike itself stands as an honorable example of what a collective action can and did achieve Jack Metzgar s

Striking Steel is a stirring call to remember and renew the struggle **Soldiers to Citizens** Suzanne Mettler, 2007-09-10 Drawing on extensive interviews and surveys with hundreds of members of the greatest generation Suzanne Mettler finds that by treating veterans as first class citizens and in granting advanced education the G I Bill inspired them to become the active participants thanks to whom memberships in civic organizations soared and levels of political activity peaked

White Ethnic New York Joshua M. Zeitz, 2011-09-01 Historians of postwar American politics often identify race as a driving force in the dynamically shifting political culture Joshua Zeitz instead places religion and ethnicity at the fore arguing that ethnic conflict among Irish Catholics Italian Catholics and Jews in New York City had a decisive impact on the shape of liberal politics long before black white racial identity politics entered the political lexicon Understanding ethnicity as an intersection of class national origins and religion Zeitz demonstrates that the white ethnic populations of New York had significantly diverging views on authority and dissent community and individuality secularism and spirituality and obligation and entitlement New York Jews came from Eastern European traditions that valued dissent and encouraged political agitation their Irish and Italian Catholic neighbors tended to value commitment to order deference to authority and allegiance to church and community Zeitz argues that these distinctions ultimately helped fracture the liberal coalition of the Roosevelt era as many Catholics bolted a Democratic Party increasingly focused on individual liberties and many dissent minded Jews moved on to the antiliberal New Left **The Metropolitan Frontier and American Politics** Daniel

Elazar, 2020-03-10 American civilization has been shaped by four decisive forces the frontier migration sectionalism and federalism The frontier has offered abundance to those who would could take advantage of its opportunities stimulated technological innovation and been the source of continuous change in social structure and economic organization migration has been responsible for relocating cultures from the Old world to the New various sections of geographic territories have adjusted to the overall American culture without losing their individual distinctiveness and federalism has shaped the United States political and social organization The Metropolitan Frontier and American Politics was begun in the late 1950s under the auspices of the University of Illinois Institute of Government and Public Affairs as a study of the eight lesser metropolitan areas in Illinois What started out as a design for community maps of each area with the intent to outline their particular political systems led to a major study of metropolitan cities of the prairie the heartland area between the Great Lakes and the Continental Divide with an examination of the processes that have shaped American politics The distinctive features of the geographic areas that Elazar discovered can best be understood as reflections of the differences in cultural backgrounds of their respective settlers Proper understanding of these communities therefore requires an examination of their place in the federal system the impact of frontier and section upon them and a study of the cultures that inform them as civil communities The volume is consequently divided into three parts Cities Frontiers and Sections Streams of Migration and Political Culture and Cities States and Nation each of which explores Elazar s concerns in discovering the interrelationship between the cities

of the frontier and American politics A prequel to The Closing of the Metropolitan Frontier The Metropolitan Frontier and American Politics will be of great interest to students of politics American history and ethnography **Recasting America**
Lary May,1989-01-09 The freshness of the authors approaches is salutary The collection is stimulating and valuable Joan
Shelley Rubin Journal of American History The Journal of the American Society of Chartered Life Underwriters ,1959
 Discontented America David J. Goldberg,1999-02-08 from the foreword by Stanley I Kutler

American Society Since 1945 Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free American Society Since 1945 PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free American Society Since 1945 PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who

make these resources available. In conclusion, the availability of American Society Since 1945 free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About American Society Since 1945 Books

1. Where can I buy American Society Since 1945 books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
