African-American Woman Donald Sharief I, 2009-04 Notable Black American Women Jessie Carney Smith, Shirelle Phelps, 1992 Arranged alphabetically from Alice of Dunk s Ferry to Jean Childs Young this volume profiles 312 Black American women who have achieved national or international prominence **An American Woman in Pakistan** Irene

Aylworth Douglass, 2013 In 1962 Irene Aylworth Douglass s husband burst in the door with incredible news His company had won a bid to build Mangla Dam in West Pakistan This would be the world s largest compacted earth dam in a remote location far from the source of supply With images of exotic locales and visions of travel in her head Irene welcomed the opportunity to embark on an adventure Nothing could have prepared her for the reality of life in Pakistan Most of the women covered themselves with burqas and did not appear in public Male superiority and male dominance were so ingrained that Irene couldn t discipline her two year old son without repercussions Children begged in the street while those who needed a servant class to maintain their lifestyle opposed universal education And yet despite the clash of cultures Irene was overwhelmed by the warmth friendship and hospitality of the individuals she and her family encountered An American Woman in Pakistan Memories of Mangla Dam is a fascinating account that takes us behind the veil of an enigmatic complex society The Religious Imagination of American Women Mary Farrell Bednarowski, 1999-10-22 This book is a nuanced discussion of contemporary feminist thought in a variety of religious traditions It draws from both academic and popular writings and offers a rich selection of books to pursue on one s own Re Imagining This remarkable book examines American

women's religious thought in many diverse faith traditions This is a cogent provocative even moving analysis Publishers Weekly This study of the fruits of many different women's religious thought offers insights into the ways women may be shaping American religious ideas and world views at the end of the twentieth century At its broadest this book presents a multi-voiced response to the question When women across many traditions are heard speaking theologically publicly and self-consciously as women what do they have to say

Black American Women's Writings Eva Lennox Birch, 2016-07-01 This work discusses a range of novels short stories and essays by black American women writers from the Harlem Renaissance to the present time It begins with a survey of 19th century black women's slave narratives early sentimental novels and autobiographies and then focuses on six writers Zora Neale Hurston Paule Marshall Audre Lorde Toni Morrison Alice Walker and Maya Angelou The text shows how these writers have developed the preoccupations themes and narrative strategies of their literary ancestors

Women Scientists in America Margaret W. Rossiter, 1982 Winner of the Berkshire Conference of Women Historians Prize In volume one of this landmark study focusing on developments up to 1940 Margaret Rossiter describes the activities and personalities of the numerous women scientists astronomers chemists biologists and psychologists who overcame extraordinary obstacles to contribute to the growth of American science This remarkable history recounts women's efforts to establish themselves as members of the scientific community and examines the forces that inhibited their active and visible participation in the sciences

Women and the Historical Enterprise in America Julie Des Jardins, 2003 Looks at the works of women historians from the late nineteenth century to the end of World War II and their impact on the social and cultural history of the United States

The Oxford Encyclopedia of American Social History Lynn Dumenil, 2012-06-07 The Oxford Encyclopedia of American Social History is the first reference work to eschew a narrow focus on past presidents intellectuals military heroes and other exhaustively studied and well remembered persons and instead examine the history of ordinary Americans The more than 450 entries in the Encyclopedia examine our shared history from the bottom up with entries on the way automobiles shaped American lives the westward movement of settlers and farmers in the eighteenth and nineteenth centuries the transformation of work over time the women's suffrage movement counterculture leisure activities consumption patterns voting habits population movements racial divides and many more fascinating topics intended to help readers develop a richer framework for understanding the social experience of Americans throughout history

The American Enemy Philippe Roger, 2006-11 Georges Louis Buffon an eighteenth century French scientist was the first to promote the widespread idea that nature in the New World was deficient in America which he had never visited dogs don't bark birds don't sing and by extension humans are weaker less intelligent and less potent Thomas Jefferson infuriated by these claims brought a seven foot tall carcass of a moose from America to the entry hall of his Parisian hotel but the five foot tall Buffon remained unimpressed and refused to change his views on America's inferiority Buffon as Philippe Roger demonstrates here was just one of the first in a long line of Frenchmen who have built a history of anti

Americanism in that country a progressive history that is alternately ludicrous and trenchant The American Enemy is Roger's bestselling and widely acclaimed history of French anti Americanism presented here in English translation for the first time With elegance and good humor Roger goes back 200 years to unearth the deep roots of this anti Americanism and trace its changing nature from the belittling as Buffon did of the savage American to France's resigned dependency on America for goods and commerce and finally to the fear of America's global domination in light of France's thwarted imperial ambitions Roger sees French anti Americanism as barely acquainted with actual fact rather anti Americanism is a cultural pillar for the French America an idea that the country and its culture have long defined themselves against Sharon Bowman's fine translation of this magisterial work brings French anti Americanism into the broad light of day offering fascinating reading for Americans who care about our image abroad and how it came about Mr Roger almost single handedly creates a new field of study tracing the nuances and imagery of anti Americanism in France over 250 years He shows that far from being a specific reaction to recent American policies it has been knit into the very substance of French intellectual and cultural life His book stuns with its accumulated detail and analysis Edward Rothstein New York Times A brilliant and exhaustive guide to the history of French Ameriphobia Simon Schama New Yorker
