Americas Godly Heritage:

Our Godly Heritage Rick Saccone, 2019-08-19 Contrary to what we've been told recently our history is by no means secular. It is rich with the influence of God's hand and God's word. His presence is apparent in the documents of our government, on the memorials we cherish most in our government buildings, in our art, and in the words and writings of our greatest leaders. In a time when our culture is spiraling downward into a moral abyss, we have lost touch with God. We have fashioned a moral vacuum into which all manner of depravity is allowed to rush in while any trace of virtue God or the Holy Scriptures is consciously sucked out. There has never been greater need than today for our people to hear the truth of our godly heritage. There has never been a greater need than today for our people to hear that truth reaffirmed by their leaders.

America's Godly Heritage David Barton, 2007 *America's God and Country* William J. Federer, William Joseph Federer, 1994 An invaluable resource highlighting America's noble heritage, profound quotes from founding fathers, presidents, statesmen, scientists, constitutions, court decisions for use in speeches, papers, debates, essays. America's Godly Heritage Barton, 2001-06-01 *Christian America and the Kingdom of God* Richard T. Hughes, Christina Littlefield, 2025-03-11 The myth of a Christian America fuels a powerful political force, sure of its moral superiority and intent on implementing a Christian nationalist agenda. Richard T. Hughes and Christina Littlefield draw on discussions of civil religion and forms of nationalism to explore the complex legal and cultural arguments for a Christian America. The authors also provide an in-depth examination of the Bible's words on the chosen nation and kingdom of God that Christian nationalists quote to support the idea of the US as a Christian nation. A timely new edition of the acclaimed work *Christian America and the Kingdom of God* spotlights how the centuries-long pursuit of a Christian America has bred an aggressive white Christian nationalism that twists faith, unleashes unchristian behavior, and threatens the nation. God's Country, America's Heartcry Kay Dee Lilley, 2010-06 I, Kay Dee Lilley, am a concerned wife, mother, citizen, and an American Patriot at heart. My heart's desire is for the truth to be told to all Americans that America is God's Country and our foundation is His heart cry to spread His liberties throughout our nation. My book will show through our American symbols, currency, monuments, Founding Fathers, Presidents, and many quotes that America is a Christian nation built on Judeo-Christian Principles. Henceforth, the name of this book is *God's Country, America's Heart Cry*. God is counting on us to arise, stand up, speak up, to use our voice to declare His choice to restore the foundation of America. America's future depends on *We The People* to come together in agreement to use our God-given liberties to defend our freedoms. Will you accept the challenge? *Character Counts* Michael Glenn Maness, 2010-12 *The Next Great Move of God* Jennifer LeClaire, 2015-04-07 **BE PART OF THE MOVEMENT THAT REACHES HEAVEN** Before its foundation, America first flew the Appeal to Heaven flag. It was the banner George Washington used on his navy ships to signal that their only hope against British rule and religious persecution was an appeal to heaven. The crusade continues today. Sparked in part by a revelation, Dutch Sheets received

over the course of twelve years the nation is being called back to prayer for a Third Great Awakening As a result pockets of revival are breaking out across the nation Through in depth interviews eye witness accounts transcribed speeches and prophetic visions from noted leaders such as Billy Graham Reinhard Bonnke the late Steve Hill and others The Next Great Move of God serves as a means to not only fan the fires of revival unto this awakening but also equip you to sustain it

Inventing a Christian America Steven K. Green,2017-05 Steven K Green explores the historical record that supports the popular belief about the nation s religious origins seeking to explain how the ideas of America s religious founding and its status as a Christian nation became a leading narrative about the nation s collective identity *Chosen Nation* Braden P. Anderson,2012-01-05 Christian teaching and modern sensibilities both eschew nationalism as an extreme fanatical form of patriotism an excessive or disordered form of an otherwise healthy and proper national identity But what if the problem of nationalism is something much more fundamental What if nationalism is actually the process leading to national identity in the first place And what happens when this process entails selectively appropriating and reinterpreting the Christian tradition for the sake of the envisioned nation This book takes up these questions within the context of American Christian nationalism Here the process of interweaving the Christian narrative with American history and myth is examined in depth through a thorough engagement with scholarship on nationalism and within a framework shaped by contemporary theopolitical studies and the biblical narrative The study aims to discern how the Christian Scriptures and theological tradition have been used by Christians themselves to further what amounts to an alternative gospel In so doing this book charts a path for the church to evaluate itself honestly in light of Christ s lordship repent and learn to tell its story more truly

The Ten Commandments & Their Influence on American Law William J. Federer,2002-12 An in depth study of how each of the Ten Commandments had a historical impact on the development of laws in America and affected the legal philosophy of our government framers For example the 4th Commandment Keep Holy the Sabbath PENNSYLVANIA FRAME OF GOVERNMENT April 25 1682 Article XXII That as often as any day of the month shall fall upon the first day of the week commonly called the Lord s Day the business appointed for that day shall be deferred till the next day unless in the case of emergency U S CONSTITUTION 1787 Article I Section 7 Paragraph 2 If any Bill shall not be returned by the President within ten days Sundays excepted after it shall have been presented to him the Same shall be a Law Read how the Ten Commandments affected the views of America s leaders The Ten Commandments and the Sermon on the Mount contain my religion John Adams Nov 4 1816 letter to Thomas Jefferson The fundamental basis of this nation s laws was given to Moses on the Mount The fundamental basis of our Bill of Rights comes from the teachings we get from Exodus and St Matthew from Isaiah and St Paul I don t think we emphasize that enough these days Harry S Truman Feb 15 1950 Attorney General s Conference See references to the Ten Commandments in court cases The Ten Commandments have had an immeasurable effect on Anglo American legal development U S District Court *Crockett v Sorenson* W D Va 1983 It is equally undeniable

that the Ten Commandments have had a significant impact on the development of secular legal codes of the Western World U S Supreme Court Stone v Graham 1980 Rehnquist J dissenting An ideal book for students teachers journalists writers and those interested in researching the foundations of American law 288 pages paperback **Our Christian Founding**

Fathers William Beckman,2015-06-26 The American public has been told what recent historians wanted them to believe the United States is not a Christian nation This is true in only one respect You dont have to be a Christian following a specific denomination to be an American citizen However the ideological foundation this country is based on Christian principles developed by Christian Founding Fathers Modern historians have distorted these facts To correct these distortions the biographies of the Founding Fathers their actual statements and Christian beliefs are presented in this work The catalyst for the birth of our nation was the moment when Benjamin Franklin incorrectly considered a Deist by many suggested that the quarrelsome Continental Convention recognize how the Creator had listened to and answered their prayers in the past He suggested daily prayer be instituted asking henceforth prayers imploring the assistance of heaven and its blessings on our deliberations be held in this assembly every morning The quarreling continued but the emphasis became how to successfully unite the newly independent colonies The colonies united under Christian principles however over the years those principles and their original intent have been diluted Recognizing the condition of the world today isnt it a good time to renew those principles **Conservatives and the Constitution** Ken I. Kersch,2019-03-28 Recovers a contested evolving tradition of conservative constitutional argument that shaped the past and is bidding to make the future

Cease Fire Tom Sine,1996-12-19 This is a print on demand book and is therefore non returnable Three abortion doctors and eight aides are gunned down and six are killed More than 150 abortion clinics are firebombed A church is vandalized by gay prostitutes A pro choice activist calls for massive militant action against anti abortionists In Cease Fire Tom Sine takes up the concerns of millions of Christians evangelical and mainline Protestants Catholics and Orthodox who feel uneasy with some of the excesses of the politically correct left but who recoil at the stance taken by Pat Robertson Jerry Falwell and Ralph Reed and the Christian Coalition that the extreme religious right with its quest for political power is the only place to turn Sine looks at the tactics and agendas of extremists on both sides and asks what society would look like if their particular visions were to win out He then argues that the positions of the religious right and of the left are not the only available choices The Bible offers a third choice God s better way a biblical center represented by neither right nor left in the current debate Cease Fire is written to enable readers to understand why America s culture wars are so adversarial polarizing and increasingly violent to anticipate which side is likely to gain the upper hand in these contentious conflicts and how it is likely to shape our common future and to offer a third way a radical biblical alternative to the political ideologies of the religious right and the left for those searching for a new place to stand in a new millennium **America's Christian History** Gary DeMar,2005 From the founding of the colonies to the declaration of the Supreme Court America s heritage is built upon the principles of

the Christian religion And yet the secularists are dismantling this foundation brick by brick attempting to deny the very core of our national life Gary DeMar presents well documented facts which will change your perspective about what it means to be a Christian in America the truth about America s Christian past as it relates to supreme court justices and presidents the Christian character of colonial charters state constitutions and the US Constitution the Christian foundation of colleges the Christian character of Washington D C the origin of Thanksgiving and so much more Publisher s description [The Religion of American Greatness](#) Paul D. Miller,2022-07-05 What is Christian nationalism and how is it different from patriotism Political theorist veteran and former White House staffer Paul D Miller provides a detailed portrait of and case against Christian nationalism calling for Christians to seek a healthier political witness that respects our constitutional ideals and a biblical vision of justice **Treasury of Presidential Quotations** William J. Federer,2004 Handsomely displayed quotations in an easy to read format this inspiring collection contains quotations from every U S President from George Washington to George W Bush drawn from various addresses memoirs proclamations correspondence and other sources [The Interesting History of Income Tax](#) William J. Federer,2004 The Interesting History of Income Tax William J Federer The only things certain are death and taxes Benjamin Franklin Yet few know America s interesting history of Income Tax such as 1787 U S Constitution prohibited a direct Federal tax 1862 Revenue Tax on incomes went into effect to finance the Union during the Civil War 1895 Supreme Court made Income Tax unconstitutional Woodrow Wilson thought tariffs on imports caused wars so he worked to replace them with an Income Tax 1913 Income Tax was only a 1% tax on the top 1% richest people in America 1943 Paycheck Withholding began as an emergency effort to get funds to finance WWII John F Kennedy Lower rates of taxation will stimulate economic activity and so raise the levels of personal and corporate income as to yield within a few years an increased flow of revenues to the Federal Government Annual Budget Message Jan 17 1963 Thomas Jefferson It is an encouragement to proceed as we have begun in substituting economy for taxation 2nd Annual Message 1802 176 pages includes pictures [Three Secular Reasons Why America Should Be Under God](#) William J. Federer,2004 All men are endowed by their Creator with certain unalienable Rights Declaration of Independence 1776 Do you like having rights the government cannot take away Do you like being equal Do you like a country with few laws Then you want America under God The Rights of man Come not from the generosity of the state but from the hand of God John F Kennedy 1961 Inaugural Address We believe that all men are created equal because they are created in the image of God Harry S Truman 1949 Inaugural Address Our constitution was made only for a moral and religious people it is wholly inadequate to the government of any other John Adams 1798 Letter to the Massachusetts Third Division **God Bless America** Dean C. Coddington,Richard L. Chapman,2007-08-01 Carefully reviewing events from 1500 AD to 1830 AD Coddington and Chapman provide a persuasive list of examples of how they believe God favorably intervened in the establishment of the United States Regardless of whether you agree or disagree with their arguments you will be amazed at

the number of times the margin between victory and defeat was determined by factors totally outside human control C Craig Williford PhD president Denver Seminary With the deep division in the United States today over religion and politics the question of religion s decisive role in shaping America s founding and heritage remains a pivotal one Dean Coddington and Richard Chapman bring a unique and highly informative contribution to this ongoing dialogue by examining religion s influence on early American history through such tools as probability analysis Coddington and Chapman question whether religion and a desire for independence worked together to establish and sustain early America They explore the connection through their comprehensive summaries of the American Revolution the first six presidencies the Louisiana Purchase and other historically significant events up until 1830 They also take a closer look at an often overshadowed component in the equation the first and second Great Awakenings religious revivals that effectively changed America s culture With detailed examples documented evidence and thoughtful conclusions God Bless America is a powerful addition to the growing collection of literature on this controversial topic
