Christianity and Rabbinic Judaism Jonas Alexis, 2013-01-10 Our way must be never knowingly support lies Having understood where the lies begin step back from that gangrenous edge Let us not glue back the flaking scale of the Ideology not gather back its crumbling bones nor patch together its decomposing garb and we will be amazed how swiftly and helplessly the lies will fall away and that which is destined to be naked will be exposed as such to the world Alexander Solzhenitsyn Enlightenment writer Voltaire was amazed that twelve fishermen some of them unlettered from an obscure place in the world called Galilee challenged an empire through self denial and patience and eventually established Christianity He seriously thought that twelve philosophers or intellectuals himself included would do the opposite and crush Christianity Voltaires self appointed cheerleaders such as Diderot Helvitius dHolbach DAlembert Lametrie and Baron Cloots among others tried to do just that and wrote volumes of work trying to tear down the basis of Christianity and erect an edifice of their own Diderot in particular declared I would sacrifice myself perhaps if I could annihilate forever the notion of God Cloots wrote We shall see the heavenly royalty condemned by the revolutionary tribunal of victorious Reason Lametrie produced *Man A Machine* and an entire French encyclopedia was written between 1751 and 1772 by those philosophers because Christianity to a large degree had to go Voltaire would send letters to his disciples and friends saying *crasez linfme* Rousseau of course was a disciple of Voltaire and declared that Voltaires work inspired me The French Revolution failed Yet like all significant revolutions before and after that period the French Revolution indirectly had a theological root which was then a categorical and metaphysical rejection of Logos That theological substratum has jumped from one era to the next and had and still has historical political economic and spiritual ramifications This book is about the historical and theological struggle of that conflict which had its inception at the foot of the cross

Bush's Wars Terry H. Anderson, 2011-07-01 From journalistic accounts like *Fiasco* and *Imperial Life in the Emerald City* to insider memoirs like *Jawbreaker* and *Three Cups of Tea* the books about America s wars in Iraq and Afghanistan could fill a library But each explores a narrow slice of a whole two wars launched by a single president as part of a single foreign policy Now noted historian Terry Anderson examines them
