An East Tennessee Nightmare Lying in Wait Babette Anton, 2008-11 The men and women of Appalachia are strong and self sufficient In Roane County Tennessee they most often have lived on and between the foothills of the Great Smokey Mountains Times changed and as they did in this story those who had become clearly isolated in their long standing culture took change personally They didn't like it Leon and Rocky Houston are two such men along with a large group of sympathetic followers In the end that sympathy portrayed years of self styled anti government lawsuits as well as the death of a sheriff's deputy and his retired disabled ride along officer To believe the fifteen to twenty years of this rising storm ended in death for two men patrolling the public road reserved for the Houston clan came only as somewhat of a surprise To believe that the storm clouds descended due to a school zone traffic violation five years before the killing was at first a mystery But a deep look at Rocky's 2001 courtroom ticket tantrum unveiled much more Then and there he reportedly threw himself on the floor while yelling if you remember Waco you haven't seen anything yet The comment's starkness unwinds within the book to explore the sovereign citizens and militia mania of the 90's and where that might have taken the brothers Houston's thinking and need to kill a few cops

Kings David and Solomon: Chronological, Historical and Archaeological Evidence Gerard Gertoux,2015 The David and Solomon s kingdoms are no longer considered as historical by minimalist archaeologists According to Finkelstein and Silberman for example authors of *The Bible Unearthed Archaeology s New Vision of Ancient Israel and the Origin of Its Sacred Texts* at the time of the kingdoms of David and Solomon Jerusalem was populated by only a few hundred residents or less Some Biblical minimalists like Thompson go further arguing that Jerusalem became a city and capable of being a state capital only in the mid seventh century Likewise Finkelstein and others consider the claimed size of Solomon s temple implausible A review of methods and arguments used by these minimalists shows that they are impostors for writing history The historical testimonies dated by a chronology anchored on absolute dates backbone of history are replaced by archaeological remains dated by carbon 14 backbone of modern myths The goal of these unfounded claims is clearly the charring of biblical accounts
