Court Kirk Community Scotland 1470 1625:

Court, Kirk, and Community Jenny Wormald, 2017-12-04 No detailed description available for Court Kirk and Community *Court, Kirk, and Community* Jenny Wormald, 2018 **Court, Kirk and Community** Jenny Wormald, 1981

Court, Kirk and Community Jenny Wormald, 1984 Describing the last period of Scotland's existence as an independent kingdom focuses on the Reformation Wormald shows how Scotland's rulers governed a society whose economic and social bonds were still in many ways medieval **Vengeance in the Middle Ages** Paul R. Hyams, 2016-03-03 This volume aims to balance the traditional literature available on medieval feuding with an exploration of other aspects of vengeance and culture in the Middle Ages A diverse assortment of interdisciplinary essays from scholars in Europe and North America contest or enlarge traditional approaches to and interpretations of vengeance in the Middle Ages Each essay attempts to clarify the multifaceted experience of vengeance within a specific medieval context a particular region a particular text a particular social movement By asking what relationship a distinct factor like authorship or religion has with the concept of vengeance each author points towards the breadth of meanings of medieval vengeance and to the heart of the deeper and broader questions that spur scholarly interest in the subject Geographically the essays in the volume highlight Western Europe particularly the Anglo Norman world Scotland Ireland Spain and Portugal Thematically the essays are concerned with heroic cultures of vengeance vengeance as a legal and political tool Christian justification and expression of vengeance literature and the distinction between discourse and reality and the emotions of vengeance Methodologically these interdisciplinary studies incorporate tools borrowed from anthropology the study of emotion and modern social and literary theories This volume is aimed at professional scholars and graduate students within the broad field of medieval studies including the subfields of history literature and religious studies and is intended to inspire further research on medieval vengeance However this collection will also prove interesting to non medievalists interested in the history of emotion the justification of human conflict and the concept of feud and its applicability to specific historical periods **Researching the English Reformation**, 2025-10-30 Researching the English Reformation studies the history and historiography of early Anglicanism in order to pay tribute to the scholarship of W Brown Patterson Three of the volume's sections are inspired by Patterson's research monographs The first taking its cue from Patterson's study of Thomas Fuller analyses the intersection of mythology and historiography surrounding the English Reformation The second following Patterson's study of William Perkins turns to the general theological and political contours of early modern England The third pans out in both geography and chronology thus emulating Patterson's award winning study of King James VI and I The fourth and final section analyses how in the nineteenth century the early modern period was reinvented by the Parker Society and the Oxford Movement Contributors are Benjamin M Guyer William E Engel George Core George Poe Diarmaid MacCulloch Anthony Milton James Ross MacDonald Scott Kindred Barnes Paul Dominiak David Neelands John N Wall Torrance Kirby Margo Todd Nicholas Tyacke Lori Anne

Ferrell and Peter Nockles Reforming the Scottish Parish John McCallum, 2016-04-08 The Protestant Reformation of 1560 is widely acknowledged as being a watershed moment in Scottish history However whilst the antecedents of the reform movement have been widely explored the actual process of establishing a reformed church in the parishes in the decades following 1560 has been largely ignored This book helps remedy the situation by examining the foundation of the reformed church and the impact of Protestant discipline in the parishes of Fife In early modern Scotland Fife was both a distinct and important region containing a preponderance of coastal burghs as well as St Andrews the ecclesiastical capital of medieval Scotland It also contained many rural and inland parishes making it an ideal case study for analysing the course of religious reform in diverse communities Nevertheless the focus is on the Reformation rather than on the county and the book consistently places Fife's experience in the wider Scottish British and European context Based on a wide range of under utilised sources especially kirk session minutes the study's focus is on the grass roots religious life of the parish rather than the more familiar themes of church politics and theology It evaluates the success of the reformers in affecting both institutional and ideological change and provides a detailed account of the workings of the reformed church and its impact on ordinary people In so doing it addresses important questions regarding the timescale and geographical patterns of reform and how such dramatic religious change succeeded and endured without violence or indeed widespread opposition

Exploring Emotion in Reformation Scotland John McCallum, 2022-11-03 This book investigates emotion in early modern Scotland and provides the first exploration of a Scottish individual's life and writing in light of the recent major advances in the study of emotion It does this through the example of James Melville a minister in the Reformed Protestant Church whose autobiographical writing provides one of the earliest and fullest opportunities to explore the emotional world and range of experiences of an individual offering the chance for a more rounded analysis of emotional experiences and language than has ever been offered for Scotland at the time This book contributes a crucial new geographical and cultural context to the expanding world of the history of emotions in the early modern period The Oxford Companion to Scottish History Michael Lynch, 2007 Searchable online reference covers more than 20 centuries of history and interpret history broadly covering areas such as archaeology climate culture languages immigration migration and emigration Multi authored entries analyze key themes such as national identity women and society living standards and religious belief across the centuries in an authoritative yet approachable way The A Z entries are complemented by maps genealogies a glossary a chronology and an extensive guide to further reading From title screen The Oxford Illustrated History of the Reformation Peter Marshall, 2015 The Oxford Illustrated History of the Reformation is the story of one of the truly epochal events in world history and how it helped create the world we live in today **Ever Green** Allan Ramsay, 2024-03-31 Alongside the other volumes in this new Collected Works The Ever Green will transform academic and popular understanding of this pivotal but until now largely under researched literary figure It offers the first full and consistent edition of this text based on the

Bannatyne and other MSS including an allegedly lost printed text of Alexander Montgomerie's *Cherrie and the Slae* This volume contains the entire text of the 1724 two volume collection including the prefatory material also reproduced but without MS variants in Prose an introduction explaining Ramsay's relationship with the material how he came to be acquainted with it and an explanation of his strategy to both present and co create a Scottish literary tradition from before the Union of the Crowns in 1603 It also includes comprehensive notes on the text as Ramsay presents it *The Society of Jesus in Ireland, Scotland, and England 1541-1588* Thomas M. McCoog, S.J., 2021-10-11 This volume is the first comprehensive study of the work of the Society of Jesus in the British Isles during the sixteenth century Beginning with an account of brief papal missions to Ireland 1541 and Scotland 1562 it goes on to cover the foundation of a permanent mission to England 1580 and the frustration of Catholic hopes with the failure of the Spanish Armada 1588 Throughout the book the activities of the Jesuits preaching propaganda prayer and politics are set within a wider European context and within the framework of the Society's Constitutions In particular the sections on religious life and involvement in diplomacy show how flexibly the Jesuits adapted their way of proceeding to the religious and political circumstances of the British Isles and to the demands of the Counter Reformation

The Oxford History of the Reformation Peter Marshall, 2022-09-08 a vital resource TLS Compelling collection Literary Review The Reformation was a seismic event in history whose consequences are still unfolding in Europe and across the world Martin Luther's protests against the marketing of indulgences in 1517 were part of a long standing pattern of calls for reform in the Christian Church But they rapidly took a radical and unexpected turn engulfing first Germany and then Europe in furious arguments about how God's will was to be saved However these debates did not remain confined to a narrow sphere of theology They came to reshape politics and international relations social cultural and artistic developments relations between the sexes and the patterns and performances of everyday life They were also the stimulus for Christianity's transformation into a truly global religion as agents of the Roman Catholic Church sought to compensate for losses in Europe with new conversions in Asia and the Americas Covering both Protestant and Catholic reform movements in Europe and across the wider world this compact volume tells the story of the Reformation from its immediate explosive beginnings through to its profound longer term consequences and legacy for the modern world The story is not one of an inevitable triumph of liberty over oppression enlightenment over ignorance Rather it tells how a multitude of rival groups and individuals with or without the support of political power strove after visions of reform And how in spite of themselves they laid the foundations for the plural and conflicted world we now inhabit

A Culture of Teaching Rebecca W. Bushnell, 1996 In pedagogical manuals strongly reminiscent of gardening guides the scholar was seen as both a pliant vine and a force of nature

Reformation in Britain and Ireland Felicity Heal, 2003 The study of the Reformation in England and Wales Ireland and Scotland has usually been treated by historians as a series of discrete national stories Reformation in Britain and Ireland draws upon the growing genre of writing about British History to construct an

innovative narrative of religious change in the four countries three kingdoms The text uses a broadly chronological framework to consider the strengths and weaknesses of the pre Reformation churches the political crises of the break with Rome the development of Protestantism and changes in popular religious culture The tools of conversion the Bible preaching and catechising are accorded specific attention as is doctrinal change It is argued that political calculations did most to determine the success or failure of reformation though the ideological commitment of a clerical elite was also of central significance

Early Modern England 1485-1714 Robert Bucholz, Newton Key, 2013-04-03 The second edition of this bestselling narrative history has been revised and expanded to reflect recent scholarship The book traces the transformation of England during the Tudor Stuart period from feudal European state to a constitutional monarchy and the wealthiest and most powerful nation on Earth Written by two leading scholars and experienced teachers of the subject assuming no prior knowledge of British history Provides student aids such as maps illustrations genealogies and glossary This edition reflects recent scholarship on Henry VIII and the Civil War Extends coverage of the Reformations the Rump and Barebone s Parliament Cromwellian settlement of Ireland and the European Scottish and Irish contexts of the Restoration and Revolution of 1688 9 Includes a new section on women s roles and the historiography of women and gender Click here for more discussion and debate on the authors blogspot <http://earlymodernengland.blogspot.com> Wiley disclaims all responsibility and liability for the content of any third party websites that can be linked to from this website Users assume sole responsibility for accessing third party websites and the use of any content appearing on such websites Any views expressed in such websites are the views of the authors of the content appearing on those websites and not the views of Wiley or its affiliates nor do they in any way represent an endorsement by Wiley or its affiliates

The Making of the British Isles Steven G. Ellis, Christopher Maginn, 2014-07-15 The history of the British Isles is the story of four peoples linked together by a process of state building that was as much about far sighted planning and vision as coincidence accident and failure It is a history of revolts and reversal familial bonds and enmity the study of which does much to explain the underlying tension between the nations of modern day Britain The Making of the British Isles recounts the development of the nations of England Scotland Wales and Ireland from the time of the Anglo French dual monarchy under Henry VI through the Wars of the Roses the Reformation crisis the reigns of Henry VIII and Elizabeth I the Anglo Scottish dynastic union the British multiple monarchy and the Cromwellian Republic ending with the acts of British Union and the Restoration of the Monarchy

Parliament and Convention in the Personal Rule of James V of Scotland, 1528-1542 Amy Blakeway, 2022-02-17 This book based on a fresh understanding of Scottish governmental records rooted in extensive archival research offers the first study of these important institutions in a period of revived royal authority The regime which emerges from these records is one which understood the power of consultation adroitly using a range of groups from full parliaments to conventions of specialists and experts selected to deal with the matter in hand Policies were crafted through not one single meeting but several types of

gathering ranging from small groups when secrecy was of the essence or complex details required to be hammered out to elaborate large gatherings when the regime employed a performative strategy to disseminate information or legitimise its policies Still more impressively much of this was managed in the King's absence James remained at a distance from many of these gatherings relying on key officials such as the Chancellor or Clerk Register to relay counsel and the royal will This emphasis on specialised frequent consultation reflects concurrent developments in the council whilst relocating debate surrounding the development of state and administrative structures in Scotland traditionally located in the late sixteenth century into the 1530s In tackling the development of parliament in Scotland and placing it in its proper context amongst many different forms of consultative meeting this book also speaks to subjects of European wide concern how far early modern Parliaments were used to impose or resist religious change the pace of state formation monarchical power and relations between monarchs and their subjects

Renaissance Papers 2007 Christopher Cobb, M. Thomas Hester, 2008
Focuses on the literary implications of 17th century religion Shakespeare's Roman plays and 16th century poetry
Renaissance Papers collects the best essays submitted each year to the Southeastern Renaissance Conference In the 2007 volume two essays focus on Shakespeare's Roman plays one on Lavinia's death and Roman suicide in Titus Andronicus the other on the rhetorical construction of masculinity in Julius Caesar Five essays address the literary implications of seventeenth century religious belief and practice considering the influence of the timing and delivery of sermons on John Donne the impact of godly reforms on Thomas Browne's *Religio Medici* the effect of Scottish on English Presbyterianism during the 1640s the critique of reformist utopianism in Margaret Cavendish's *The Blazing World* and the implications of *Paradise Lost*'s lack of a frontispiece Two essays on sixteenth century poetry look at the literary voices of commoners and of kings one focuses on the portraits of women and commoners in *A Mirror for Magistrates* while the other examines the political implications of King James VI & I's metrical translations of David's Psalms Contributors Reid Barbour Nora L Corrigan William A Coulter Julie Fann Robert Kilgore Sonya Freeman Loftis Christopher Hair Jim Pearce and John N Wall M Thomas Hester is Professor of English at North Carolina State University and Christopher Cobb is Assistant Professor of English at Saint Mary's College

Witches of the North Liv Helene Willumsen, 2013-06-13
Witches of the North Scotland and Finnmark is a comparative study of witchcraft persecution in Scotland and Finnmark Norway A wide range of quantitative and qualitative analyses based mainly on legal documents shed light on the witch hunts in the two regions during the seventeenth century Statistical analyses give information about tendencies in the source material in total The qualitative chapters contain close readings of trial documents wherein the various voices heard during a trial are analysed the voice of the scribe the voice of the law the voice of the accused person and the voices of the witnesses The analyses combined provide a broad view of the historical phenomenon in question as well as in depth studies of individual witchcraft cases

Reviewing **Court Kirk Community Scotland 1470 1625**: Unlocking the Spellbinding Force of Linguistics
