The Legalist Reformation William E. Nelson, 2003-01-14 Based on a detailed examination of New York case law this pathbreaking book shows how law politics and ideology in the state changed in tandem between 1920 and 1980 Early twentieth century New York was the scene of intense struggle between white Anglo Saxon Protestant upper and middle classes located primarily in the upstate region and the impoverished mainly Jewish and Roman Catholic immigrant underclass centered in New York City Beginning in the 1920s however judges such as Benjamin N Cardozo Henry J Friendly Learned Hand and Harlan Fiske Stone used law to facilitate the entry of the underclass into the economic and social mainstream and to promote tolerance among all New Yorkers Ultimately says William Nelson a new legal ideology was created By the late 1930s New Yorkers had begun to reconceptualize social conflict not along class lines but in terms of the power of majorities and the rights of minorities In the process they constructed a new approach to law and politics Though doctrinal change began to slow by the 1960s the main ambitions of the legalist reformation liberty equality human dignity and entrepreneurial opportunity remain the aspirations of nearly all Americans and of much of the rest of the world today

Historical Guide to Ralph Ellison Steven C. Tracy, 2004-05-13 Ralph Ellison has been a controversial figure both lionized and vilified since he seemed to burst onto the national literary scene in 1952 with the publication of *Invisible Man* In this volume Steven C Tracy has gathered a broad range of critics who look not only at Ellison's seminal novel but also at the fiction and nonfiction work that both preceded and followed it focusing on important historical and cultural influences that help contextualize Ellison's thematic concerns and artistic aesthetic These essays all previously unpublished explore how Ellison's various apprenticeships in politics as a Black radical in music as an admirer and practitioner of European American and African American music and in literature as heir to his realist naturalist and modernist forebears affected his mature literary productions including his own careful molding of his literary reputation They present us with a man negotiating the difficult sociopolitical intellectual and artistic terrain facing African Americans as America was increasingly forced to confront its own failures with regard to the promise of the American dream to its diverse populations These wide ranging historical essays along with a brief biography and an illustrated chronology provide a concise yet authoritative discussion of a twentieth century American writer whose continued presence on the stage of American and world literature and culture is now assured **Maxie** Kimberly Dean, 2013-08-20 It's just pretend but nobody wants to stop Maxie's quiet predictable

routine is shattered when she steps outside her flower shop and almost runs into two women It's not the near collision that's startling It's the strangers' faces It's like looking in a mirror times two and it sends her into a dead faint Sheriff Zac Ford sees three identical copies of the woman who's caused him more sleepless nights than he can count and it stops him in his tracks Maxie's buckling knees snap him out of his trance and he catches her before she hits the cement Two sisters she never knew she had Maxie can't deal with this turmoil not on her own She needs a shield a rock For the first time in her life she takes a wild leap of faith When Maxie calls him her boyfriend Zac has no trouble playing along It'll give him time to figure out what these sisters want Soon though for show kisses get hotter and playacting touches grow bold And Maxie must choose to stay in her safe little world or grab life by the horns **Lexie** Kimberly Dean, 2012-10-23 Desire is a double edged dance Lexie

Underhill works her tail off in hopes of winning her adoptive father's approval It's never enough The stinging proof He's brought in a reorganization expert As if the prospect of losing her job in the family business isn't enough Cameron Rowe's sexy intimidating presence makes her palms sweat When Lexie's face appears on a scandalous freeway billboard her protestations of innocence go unheard With orders to save the family name or else she marches into the bar the billboard was advertising and comes face to face with an identical twin sister Roxie is wild and free everything Lexie isn't Before the night is out she welcomes the chance to explore her own sensuality As she dances wantonly on the bar suddenly Cam is there

kissing her as if he has the right The sizzle between them breaks out in four alarm desire but Lexie has recalibrated her life plan And the equation doesn't factor in Cam until she's sure where his loyalties lie With her or her father's company

Those Girls Katherine J. Lehman, 2011-09-27 Long before Carrie Bradshaw in *Sex and the City* there was Mary Richards in *The Mary Tyler Moore Show* Every week as Mary flung her beret into the air while the theme song proclaimed You're gonna make it after all it seemed that young independent women like herself had finally arrived But as Katherine Lehman reveals the struggle to create accurate portrayals of successful single women for American TV and cinema during the 1960s and 1970s wasn't as simple as the toss of a hat *Those Girls* is the first book to focus exclusively on struggles to define the single girl character in TV and film during a transformative period in American society Lehman has scoured a wide range of source materials unstudied film and television scripts magazines novels and advertisements to demonstrate how controversial female characters pitted fears of societal breakdown against the growing momentum of the women's rights movement Lehman's book focuses on the single girl an unmarried career woman in her 20s or 30s to show how this character type symbolized sweeping changes in women's roles Analyzing films and programs against broader conceptions of women's sexual and social roles she uncovers deep-seated fears in a nation accustomed to depictions of single women yearning for matrimony Yet as television began to reflect public acceptance of career women series such as *Police Woman* and *Wonder Woman* proved that heroines could wield both strength and femininity while movies like *Looking for Mr Goodbar* cautioned viewers against carrying new-found freedom too far Lehman takes us behind the scenes in Hollywood to show us the production decisions and censorship negotiations that shaped these characters before they even made it to the screen She includes often overlooked sources such as the TV series *Get Christie Love* and *Ebony* magazine to give us a richer understanding of how women of color negotiated urban singles life And she reveals how trailblazing characters continue to influence portrayals of single women in shows like *Mad Men* This entertaining and insightful study examines familiar characters caught between the competing fears and aspirations of a society rethinking its understanding of social and sexual mores *Those Girls* reassesses feminine genres that are often marginalized in media scholarship and contributes to a greater valuation of the unmarried independent woman in America

Why Loiter? Shilpa Phadke, Sameera Khan, Shilpa Ranade, 2011 Presenting an original take on women's safety in the cities of twenty-first century India *Why Loiter* maps the exclusions and negotiations that women from different classes and communities encounter in the nation's urban public spaces Basing this book on more than three years of research in Mumbai Shilpa Phadke Sameera Khan and Shilpa Ranade argue that though women's access to urban public space has increased they still do not have an equal claim to public space in the city And they raise the question can women's access to public space be viewed in isolation from that of other marginal groups Going beyond the problem of the real and implied risks associated with women's presence in public they draw from feminist theory to argue that only by celebrating loitering a radical act for most Indian women can a truly equal global city be
