Courtneys First Cruise:

Courtney's First Cruise Janice Lynne,1996-01-01 Legless in Seabrook Ian Wood,2019-10-26 This is a standalone companion novel to *Shiftless in Galveston* Neither Jade nor Jason had expected to run into the other on the last night of a poorly reviewed and curtain dropping play in some out of the way community theater And especially not in such embarrassing circumstances when Jade driving a wheelchair needed help in the handicapped non friendly bathroom and like right now Jade had sworn off men perhaps forever after her bad marriage was finally over several years ago Jason had no interest in women not after that really dysfunctional relationship a half dozen years before They were simply too much trouble for him to cope with How a relationship started from such mortifying circumstances was a wonder to both of them but how it lasted and grew ever stronger when the obstacles began to mount starting with an ill fated Gulf cruise was an honest to goodness miracle A Cruising Voyage round the World Woodes Rogers,2018-05-15 Reproduction of the original *A Cruising Voyage round the World* by Woodes Rogers **A Cruising Voyage Around the World** Woodes Rogers,2022-05-29 In *A Cruising Voyage Around the World* Woodes Rogers presents a thrilling account of his maritime adventures weaving both personal narrative and historical events into a captivating tale of exploration during the early 18th century This work operates not only as a travelogue but also as an insightful commentary on the geopolitical climate of the time encompassing themes of colonialism piracy and commerce Rogers s prose reflects the richness of the era s nautical literature characterized by vivid descriptions and a robust sense of adventure that invites the reader to experience the challenges and triumphs of life at sea Woodes Rogers an experienced mariner and privateer embodied the spirit of adventure that defined his era His firsthand experiences including encounters with pirates and indigenous cultures informed his narrative Rogers was not only dedicated to trade and exploration but also motivated by a desire to uplift British naval superiority and challenge foreign rivals His rich background and vast oceanic knowledge lend authenticity to the compelling tales he recounts This book is a must read for those fascinated by maritime history adventure literature and the intricacies of human endeavor across uncharted waters Rogers s account not only entertains but also educates serving as a window into the complex interplay of culture economy and exploration that shaped global trade routes in the 18th century *American Book Publishing Record* ,1997 *Children's Books in Print* R R Bowker Publishing,Bowker,1999-12 *Love & Death* Max Wallace,Ian Halperin,2004-04-09 A stunning and groundbreaking investigation into the death of one of the great rock icons of our times revealing new evidence that points to a terrible conclusion On Friday April 8 1994 a body was discovered in a room above a garage in Seattle For the attending authorities it was an open and shut case of suicide What no one knew then however and which is only being revealed here for the very first time is that the person found dead that day Kurt Cobain the superstar frontman of Nirvana was murdered In early April 1994 Cobain went missing for days or so it seemed in fact some people knew where he was and one of them was Courtney Love Now a star in Hollywood and rock music in early 1994 she

was preparing to release her major label debut with her band Hole and what she knew then though few others did was that Cobain was planning to divorce her Love it also reveals for the first time the case tapes made by Love's own P I Tom Grant a man on a mission to find the truth about Kurt Cobain's demise and introduces us to a number of characters who feature in various theories about plots to kill Cobain In addition Cobain's grandfather goes public charging that his grandson was murdered Drawing on new forensic evidence and police reports obtained under the Freedom of Information Act the book explodes the myths that have long convinced the world that Cobain took his own life and reveals that the official scenario was scientifically impossible Against a background of at least sixty eight copycat suicides since 1994 award winning investigative journalists Max Wallace and Ian Halperin have conducted a ten year crusade for the truth and in Love Death they are finally able to present a chilling and convincing case that each and every one of these suicides was preventable and in doing so they call for this case to be reopened and properly investigated
