Courtship Gift:

Courtship, Love, and Marriage in Nineteenth-Century English Canada Peter Ward, 1990-03-01 Courtship love and marriage are seen today as very private affairs and historians have generally concluded that after the late eighteenth century young people began to enjoy great autonomy in courtship and decisions about marriage Peter Ward disagrees with this conclusion and argues that freedom in nineteenth century English Canada was constrained by an intricate social institutional and familial framework which greatly influenced the behaviour of young couples both before and after marriage **Animal Behavior** Tim Halliday, 1994 Provides a look at the fascinating activities of all types of animals from birth to maturity as they attract a mate care for their young find food and shelter and defend themselves written a team of international experts

Courtship and Mate-finding in Insects Raymond J.C. Cannon, 2023-06-30 This book explores mate finding and courtship behaviour in the insect world in all its subtlety and diversity Insects engage in courtship as much or as little as any other animal they have songs and dances and all manner of instruments and ornaments to attract and court the opposite sex Insects have evolved complex chemical and acoustic communication systems sending fragrant messages visual signals and subtle vibrations to attract and persuade Insects also have many different ways and means of choosing or rejecting mating partners This beautifully illustrated book shows the incredible variety of courtship behaviours and celebrates the wonderful natural history of a wide range of insects Varieties of courtship can occur before during and even after copulation and numerous examples of the different mating strategies used are presented This landmark volume will be of interest to students of biology entomologists naturalists and anyone with a desire to know more about the love lives of the small creatures with which we share the planet Marriage Rituals Italian Style Roni Weinstein, 2004-01-01 Marriage Rituals

Italian Style A Historical Anthropological Perspective on Early Modern Italian Jews is the first comprehensive attempt to present the wealth of primary documents relating to marriage rituals in Jewish Italian communities responsa private letters court protocols defamating books love stories material objects and place them in historical context The book traces the chronological course of different phases of marriage matchmaking betrothal the wedding day and also adopts a thematic perspective Marriage rituals mirror key issues in local Jewish culture family life gender the youth sub culture sexuality the uses of property and the honor ethos Jewish marriage rituals in Italy are revealed as surprisingly similar to those of their Catholic neighbors and undergo similar change process **Courtship** Beatrice McLeod, 2000 Emphasizes the most

important aspects of survival growth and reproduction that are common to all living things *Cryptic Female Choice in Arthropods* Alfredo V. Peretti, Anita Aisenberg, 2015-05-25 This timely book revisits cryptic female choice in arthropods gathering detailed contributions from around the world to address key behavioral ecological and evolutionary questions The reader will find a critical summary of major breakthroughs in taxon oriented chapters that offer many new perspectives and cases to explore and in many cases unpublished data Many groups of arthropods such as spiders harvestmen flies moths

crickets earwigs beetles eusocial insects shrimp and crabs are discussed Sexual selection is currently the focus of numerous and controversial theoretical and experimental studies Selection in mating and post mating patterns can be shaped by several different mechanisms including sperm competition extreme sexual conflict and cryptic female choice Discrimination among males during or after copulation is called cryptic female choice because it occurs after intromission the event that was formerly used as the definitive criterion of male reproductive success and is therefore usually difficult to detect and confirm Because it sequentially follows intra and intersexual interactions that occur before copulation cryptic female choice has the power to alter or negate precopulatory sexual selection However though female roles in biasing male paternity after copulation have been proposed for a number of species distributed in many animal groups cryptic female choice continues to be often underestimated Furthermore in recent years the concept of sexual conflict has been frequently misused linking sexual selection by female choice irrevocably and exclusively with sexually antagonistic co evolution without exploring other alternatives The book offers an essential source of information on how two fields selective cooperation and individual sex interests work together in the context of cryptic female choice in nature using arthropods as model organisms It is bound to spark valuable discussions among scientists working in evolutionary biology across the world motivating new generations to unveil the astonishing secrets of sexual biology throughout the animal kingdom

Greek Prostitutes in the Ancient Mediterranean, 800 BCE-200 CE Allison

Glazebrook,Madeleine M. Henry,2011-01-06 Greek Prostitutes in the Ancient Mediterranean 800 BCE 200 CE challenges the often romanticized view of the prostitute as an urbane and liberated courtesan by examining the social and economic realities of the sex industry in Greco Roman culture Departing from the conventional focus on elite society these essays consider the Greek prostitute as displaced foreigner slave and member of an urban underclass The contributors draw on a wide range of material and textual evidence to discuss portrayals of prostitutes on painted vases and in the literary tradition their roles at symposia Greek drinking parties and their place in the everyday life of the polis Reassessing many assumptions about the people who provided and purchased sexual services this volume yields a new look at gender sexuality urbanism and economy in the ancient Mediterranean world

The Evolutionary Bases of Consumption Gad Saad,2007 Publisher

description **Love, Power, and Gender in Seventeenth-Century French Fairy Tales** Bronwyn Reddan,2020-12 Love is a key ingredient in the stereotypical fairy tale ending in which everyone lives happily ever after This romantic formula

continues to influence contemporary ideas about love and marriage but it ignores the history of love as an emotion that shapes and is shaped by hierarchies of power including gender class education and social status This interdisciplinary study questions the idealization of love as the ultimate happy ending by showing how the conteuses the women writers who dominated the first French fairy tale vogue in the 1690s used the fairy tale genre to critique the power dynamics of courtship and marriage Their tales do not sit comfortably in the fairy tale canon as they explore the good the bad and the ugly effects of love and marriage on the lives of their heroines Bronwyn Reddan argues that the conteuses scripts for love emphasize the importance of gender in determining the right way to love in seventeenth century France Their version of fairy tale love is historical and contingent rather than universal and timeless This conversation about love compels revision of the happily ever after narrative and offers incisive commentary on the gendered scripts for the performance of love in courtship and marriage in seventeenth century France

Umleavyo Mary Ntukula,Rita Liljeström,2004 Umleavyo The Dilemma of Parents is composed of studies on the gap between the generations and how this gap has widened over the past century The past serves as the seemingly stable background on which to project currently fluid and ambiguous parent child relationships The focus of the studies is often on the different methods and goals for bringing up the next generation These range from physical punishment to achieving compliance through fear and reference to supernatural forces to initiation ceremonies that provide multiple precautions and timely instruction on marriage and procreation to the emphasis on relations between people as the most crucial experiences and to the encouragement of a sense personal responsibility This volume is based on the narratives of the grandparents parents and youths in the villages of the Pare people in the north and of the initiation leaders in Songea in the south and on a comparison of the opinions of elders and youths about gender issues among the Nyakyusa The unwillingness of parents to talk about a topic so delicate that they cannot find the right words is confronted Parents are handicapped in their efforts to discuss sexual matters with their children by a lack of terms that are sufficiently clear without being crude Part of the parents dilemma arises from societal conditions they cannot control For a long time individualisation has been understood as a response to hitherto unknown opportunities opened up by education science and technology Currently there are two main branches of individualism one involving those who have been able to emancipate themselves and reap some of the benefits of modernisation and another for those for whom the modern economies have no use surplus people individualised by force poverty and eroding social bonds How should one support youths for whom there is no clear passage to full adulthood How can one forge links between the plight of families and issues of citizenship and public action These are some of the questions raised in this book
