Cowboy Corner Conversations Red Steagall, 2004 The host of the country western radio talk show Cowboy Corner has compiled conversations with 21 of his friends into a unique book that captures the flavor of the Western way of life 30 photos

The Cowboy in Country Music Don Cusic, 2011-07-29 This series of biographical profiles shines a spotlight on that special place Where the West meets the Guitar From Gene Autry and Roy Rogers to contemporary artists like Michael Murphy Red Steagall Don Edwards and Riders in the Sky many entertainers have performed music of the West a genre separate from mainstream country music and yet an important part of the country music heritage Once called Country and Western it is now described as Country or Western Though much has been written about Country very little has been written about Western until now Featured are a number of photos of the top stars in Western music past and present Also included is an extensive bibliography of works related to the Western music field

Cooking with the Texas Poets Laureate Elizabeth Ethredge, Gary Horton, Joanna Baker, Julian Kindred, Matthew Bennett, Reina Shay Broussard, 2024-02-27 It should come as no surprise that poets are often exceptionally fine cooks savoring food the way they savor words and at the same time recognizing that just as a gathering of words does not necessarily mean a good poem neither does a mixture of ingredients necessarily mean a good recipe In *Cooking with the Texas Poets Laureate* the editors all members of Dr Paul Ruffin's 2014 graduate Editing Publishing class solicited recipes and food related poetry and prose from Texas Poet Laureates of this millennia The result is a most unusual gathering of personalities equally comfortable with the spatula or the pen Eating Texas It's taken a long apprenticeship to make waffles in the shape of Texas First there were mountains over Waco Then the Panhandle sank A few more false starts when the Red River swamped Oklahoma and the Rio Grande dripped into Mexico Now I can make perfect ones All I have to do is take care to stop pouring the batter a little shy of El Paso Dalhart and Texarkana For some reason Brownsville needs more Otherwise my grandchildren complain they don't have the tail of Texas to bite off

Cool Hand Hank / A Cowboy's Redemption: Cool Hand Hank / A Cowboy's Redemption (Mills & Boon Cherish) Kathleen Eagle, Jeannie Watt, 2011-02-01 Cool Hand Hank Running a wild mustang sanctuary keeps Sally's hands full Yet when she meets gorgeous medic Hank at her sister's wedding is his healing touch just what Sally needs to soothe her mind body and soul **Endgame at Stalingrad** David M. Glantz, Jonathan M. House, 2014-06-09 In Book Two of the third volume of his magisterial Stalingrad Trilogy David Glantz continues and concludes his definitive history of one of the most infamous

battles of World War Two the Stalingrad campaign that signaled Germany's failure on the Eastern Front and marked a turning point in the war Book Two finds Germany's most famous army General Friedrich Paulus's Sixth in dire straits trapped in the Stalingrad kessel or pocket by a Red Army that has seized the initiative in what the Soviets now term the Great Patriotic War The Red Army's counteroffensive Operation Uranus is well underway having largely destroyed the bulk of two Romanian armies and encircled the German Sixth and half of the German Fourth Panzer Army Drawing on materials previously unavailable or believed lost Glantz gives a closely observed account of the final ten weeks of Germany's ill-fated Stalingrad campaign In short order the Red Army parried and then defeated two German attempts to rescue the Sixth Army crushed the Italian Eighth and Hungarian Second Armies severely damaged the German Fourth Panzer and Second Armies and finally destroyed the German Sixth Army in the ruins of Stalingrad With well over half a million soldiers torn from its order of battle Hitler's Axis could only watch in horror as its status abruptly changed from victor to vanquished This book completes a vivid and detailed picture of the Axis defeat that would prove decisive as a catastrophe from which Germany and its Wehrmacht could never recover As in the preceding volumes Glantz extensively mines newly available materials to provide a clearer and more accurate picture of what actually happened at Stalingrad at this crucial moment in World War II a ground truth that gets beyond the myths and misinformation surrounding this historic confrontation And this concluding chapter relating events even more steeped in myth than those that came before is especially bracing as it takes on controversial questions about why Operation Uranus succeeded and the German relief attempts failed whether the Sixth Army could have escaped encirclement or been rescued and who finally was most responsible for its ultimate defeat The answers Glantz provides embedded in a fully realized account of the endgame at Stalingrad make this book the last word on one of history's epic clashes
