Dershowitz,2000-01-06 In this urgent book Alan M Dershowitz shows why American Jews

are in danger of disappearing and what must be done now to create a renewed sense of Jewish identity for the next century In previous times the threats to Jewish survival were external the virulent consequences of anti Semitism Now however in late twentieth century America the danger has shifted Jews today are more secure more accepted more assimilated and more successful than ever before They ve dived into the melting pot and they ve achieved the American Dream And that according to Dershowitz is precisely the problem More than 50 percent of Jews will marry non Jews and their children will most often be raised as non Jews Which means in the view of Dershowitz that American Jews will vanish as a distinct cultural group sometime in the next century unless they act now Speaking to concerned Jews everywhere Dershowitz calls for a new Jewish identity that focuses on the positive the 3 500 year old legacy of Jewish culture values and traditions Dershowitz shows how this new Jewish identity can compete in America s open environment of opportunity and choice and offers concrete proposals on how to instill it in the younger generation
